

CONTINUED PERSECUTIONS IN CANADA.
The volunteers on Caldwell's Manor in the vicinity of the Red-blaze, went some time since to the house of one of Her Majesty's quiet, peaceable subjects residing there, and in the absence of the man, demanded liquor of the woman of the house which was refused; whereupon they threatened to test the house down over her head if she did not give it them. They succeeded in obtaining the liquor and immediately complained of these people for selling without license. The fine in Canada is \$44.44 cents, one half of which goes to the complainant. He was brought before a Magistrate who pronounced him a damned rebel and he was of course fined. We wonder if the *Cheshire Republican* will copy this.

Last week the tories threw down the fences on the farm of the man above referred to and turned their cattle and horses into his grain, a great part of which was destroyed. If this man should seek recompense or retaliation, he would be deemed guilty of treason there, and of a breach of neutrality here, so he must grin and bear it. Marshal Lowry and his deputy catch-pole are looking out for another job.—Stand from under! We have heard from Grogan lately.

By the bye, speaking of Grogan reminds us of the farm he was driven from. It is now occupied by his tory neighbors.—Horses, cattle, sheep, hogs and loyalists range through his extensive fields as though they had a right to. If they belonged to us, we should have some fears of their being seized with some sort of mortal sickness. Some sheep have been poisoned in the same neighborhood by the loyalists.

Tory Conspiracy.
"Last week, a hussar who is at present in prison, informed Mr. Wand that the military prisoners had formed a plan for escape, by cutting the bars of the door of their cell, and that it was their intention to possess themselves of the arms of the guard, and force their way out of gaol. An examination was immediately instituted and it was discovered that they had made considerable progress in filing through the bars. The hussar who gave the information, is the same who, accidentally, overheard a conversation between Jalbert and some other person, with reference to the murderers of Lieutenant Weir at St. Denis, which has been the means of enabling the Government to procure most satisfactory evidence against Jalbert, who will shortly be tried for the murder.

Montreal Herald.
Who, that knows anything of the wicked designs of the loyalists could not see in the foregoing extract all the proof that is necessary to convince any reasonable being of the fact, that this is another tory trick to take the life of Mr. Jalbert.
No measures will be neglected by the Editor of the Herald to get all the prisoners executed.

Andrew W. Cochran brother-in-law to the Protestant Bishop of Montreal, once the Civil Secretary of Lord Dalhousie, Executive Councillor, law-Clerk of the Legislative Council, Judge of the Court of Appeal, Auditor of land patents, Commissioner of the Court of Escheats, Queen's Counsel, Commissioner of the Royal Institution, Justice of the Peace, one of the directors of the Fire Insurance Company, is, we understand, promoted by the sanguinary Colborne to a seat on the Judicial Bench of Quebec in the room of Judge Panet.

British Murders in Cleveland Ohio.
A short time since JOHN PARKER, one of the persons concerned in the Windsor affair was murdered under circumstances which justify the belief that it was done by British spies. His cap was first found containing a writing saying that his friends would find his body in the dock with a piece of pig iron tied to his neck, &c., and on examination this information proved true. His legs were also tied, which precluded the idea that he had committed suicide.

The paper not only conveyed intelligence of his murder, but a regret that the murderers could not find a Mr. MILLNOT, whom they intended to murder also.
A price was set upon the heads of both of these men in U. Canada.

LUTHER K. DRURY AGAIN.—In my absence last week, a communication was admitted into our columns relative to the conduct of Mr. Drury, which, had I been at home should not have been published. The man has proved himself wholly unworthy of such a notice.

FROM TEXAS—GALLANT ACTION.—Advices from Galveston to May 31st, state that four of a party of surveyors had been murdered, between Bexar and Segoim, by a body of Mexicans and Indians returning from Matamoras, whether they had been for a supply of arms and ammunition. Capt. Andrews, with his company of rangers, went in pursuit, and overtook and routed them, killing three of them, including Flores, the leader, and captured all their baggage and ammunition—the latter consisting of 300 lbs. of powder, and a large quantity of lead. They also took what was of equal or more value, one hundred and fourteen horses and mules. A regular correspondence was found between Gen. Canallijo, at Matamoras, and the Caddoes, Kickapoos, and also the Seminoles, instigating them to war on the Texans, and referring to Flores, the leader who was killed, for further details. Notwithstanding these hostile movements, of which the U. S. Government have been duly informed, the Mexican traders flock to Bexar, and the merchants there, had they sufficient goods, could dispose of \$100,000 worth for ready money. Dr. James H. Star has been chosen Secretary. Emigrants to Texas are cautioned to be on their guard in purchasing land of spurious companies before they set out.—*N. Y. Star.*

THE FAMILY NEWSPAPER.—This useful and interesting sheet, conducted by Solomon Southwick, once Governor of this state, stands unrivalled for talent and independence. The last number contains the following extract in reference to Chs. Drolet, Esq., M. P. P. of Quebec, who is now a refugee on this side:—
(Lewiston Telegraph.)
"We hope the time may soon arrive when such excellent friends of freedom and of mankind, as Mr. Drolet, may return to Canada, and find her soil and her atmosphere divested of every vestige of Monarchy, Feudalism and Aristocracy, and the flag of Independence and Democracy waving triumphant on her walls. And that time will arrive, in spite of all the efforts of all the avowed or secret foes of freedom in the world, we rejoice to believe. Our constant prayer is, that we may live to behold all North America united under one grand "Federal Representative Democracy," leaving the United States, at the same time, in full possession of the "state Sovereignty and State Rights," which they now enjoy. Such a confederacy must and will be made to stand on this side of the Atlantic; and the other side must and will eventually follow the example, or Sidney die a martyr, and Washington fought in vain."

Gen. Theller and Col. Dodge who escaped from Cape Diamond, Quebec, last summer, are now undergoing their trial for a breach of neutrality at Detroit, Michigan persecuting men who fight for freedom in another country—What a farce! What a change, since the days of Washington!

DETROIT was once laid in ashes by the ruthless and cold-blooded emissaries of a bauble denominated a crown. Her citizens laid their heads low under the tomahawk, and the scalping knife told unto the bawble, the butcheries. Detroit now contains Tories, renegades and British spies who seek her destruction. Why should we quarter the troops of our most deadly foe? The foe of freedom! We wish not to be alarmists, but mark it, we shall not prove false prophets.—*Detroit Eve Post.*

An Iron Steamboat built in England, and intended to run on the Delaware and Raritan canal, arrived at New York last Monday. She came out under canvass without the aid of steam, and is said to be the first vessel of the kind ever seen in America.
She is built entirely of iron, the pieces being rivetted together; is rated at fifteen tons, and is seventy one feet long, while her breadth at midships, is only ten feet. Rather a ticklish craft, we should think to trust one's self in on the broad Atlantic; but as the result shows, she made a successful, tho' long, voyage.—*Buff. Adv.*

Extract of a letter dated
Stockbridge, N. Y. 22d April, 1839.
DEAR SIR—I rejoice to see Canadians engaged in the great and glorious cause of Freedom. The work is one which should engage the head and heart of the Philanthropist and Republican. For more than seventy years has Canada been cursed with English misrule. She has in fact during this time been in a state of the most abject vassalage. How long she is to be thus degraded, remains to be unfolded by the future. Let her sons rise manfully and with a fixed determination to be free, there can be no doubt about the event. Her tyrants would soon be hurled from power and would be only known as the things that have been.
Accept my best wishes for your success in the good cause,
Yours, &c,
H. T. S.

* * We are indebted to the politeness of the Hon. C. Cushing for the receipt of some Public Congressional Documents, for which he will accept our thanks.

* * The June No. of the Democratic Review has just been received. Will the Editors furnish us with the numbers of their valuable journals which treat upon the Canada Question and the political executions in that unhappy country?

A CARD.
WE hereby give a general invitation, to all who wish to commemorate our natal birth without any local, political or party feeling whatever to meet at Swanton Falls, on Thursday the Fourth of July next. Arrangements have been made with H. Asselby, proprietor of the Eagle Tavern, who will furnish suitable entertainment for the occasion. Price of Dinner and Trimmings for Gentlemen and Lady \$1 50. The old Revolutionary Soldiers are requested to attend and partake with us gratis. There will be on the occasion an exhibition of fire works in the evening;—in conclusion we can only say the object of the above is what it purports to be and not a *shaving* machine, we therefore should be glad to see the faces of as many on that day as are willing with us to enter in earnest into the spirit and feeling of the thing.

A Blessing to Mothers.
Dr. W. Evans's celebrated Soothing Syrups for Children cutting their teeth.
THIS infallible remedy has preserved hundreds of children when thought past recovery, from convulsions. As soon as the syrup is rubbed on the gums, the child will recover. The preparation is so innocent, so efficacious, and so pleasant that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of syrup should be used on the gums to open the pores.—Parents never should be without the syrup in the nursery where there are young children; for if a child wakes in the night with a pain in the gums, the syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

DR. WILLIAM EVAN'S SOOTHING SYRUP. FOR CHILDREN TEETHING.
PREPARED BY HIMSELF.
To Mothers and Nurses.

The passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during the process. The gums swell, the secretion and saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts; the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant.—Mothers who have their little babes afflicted with these distressing symptoms should apply Dr. Wm. Evans's CELEBRATED SOOTHING SYRUP, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions—

Proof positive of the efficacy of Dr. Evan's Soothing Syrup.

To the Agent of Dr. Evan's Soothing Syrup: Dear Sir—The great benefit afforded to my suffering infant from your Soothing Syrup, in a case of protracted and painful dentition, must convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant while teething, experienced such acute sufferings, that it was attacked with convulsions, and my wife and family supposed that death would soon release the babe from anguish, till we procured a bottle of your syrup; which as soon as I applied to the gums, a wonderful change was produced, and after a few applications the child displayed obvious relief, and by continuing in its use, I am glad to inform you, the child has completely recovered, and no recurrence of that awful complaint has since occurred; the teeth are erupting daily, and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgement public, and will gladly give any information on this circumstance.
WM. JOHNSON

A gentleman who has made trial of Dr. Evan's Soothing Syrup, in his family, (in case of a teething child,) wishes us to state that he found it entirely effectual in relieving pain in the gums, and preventing the consequences which sometimes follow. We cheerfully comply with his request.
N. Y. Sun.

We believe it is generally acknowledged by those who have tried it, that the Soothing Syrup for Children Cutting Teeth, advertised in another column, is a highly useful article for the purpose for which it is intended. Highly respectable persons, at any rate, who have made use of it, do not hesitate to give its virtues the sanction of their names.

DR. GOODE'S Celebrated Female Pills.

THESE Pills are strongly recommended to the notice of the Ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of Exercise, or General Debility of the System, Obstructions, Suppressions, and Irregularity of the Menstrues; at the same time strengthening, cleansing, and giving tone to the Stomach and Bowels, and producing a new and healthy action throughout the system generally.—They create Appetite, correct Indigestion, remove Giddiness and Nervous Headache, and are eminently useful in those Flatulent Complaints which distress Females so much at the TURN OF LIFE.—They obviate Costiveness, and counteract all Hysterical and Nervous Affections, likewise afford soothing and permanent relief in Fluor Albus, or Whites, and in the most obstinate cases of Chlorosis, or Green Sickness, they invariably restore the pallid and delicate female to health and vigor.
These Pills have gained the sanction and approbation of the most eminent Physicians in the United States, and many mothers can likewise testify to their extraordinary efficacy. The married females, whose expectations of the tenderest pledges of conjugal happiness have been defeated, these Pills may be truly esteemed a blissful boon. They soon renovate all defunctional debility, and if taken (according to directions,) obviate all morbid action.

DR. GOODE'S Celebrated Female Pills

dispel that fulsome and disagreeable sensation common to females at each monthly return, likewise the attendant pains in the back, side or loins; they generally counteract the nausea, vomiting, and other nervous affections in Chlorosis, or green sickness, in a few days, and if continued (according to directions,) soon effect a perfect cure. Nothing is so signally efficacious in recruiting the pallid and sickly female (who has been during her life irregular and sensitive) as the FEMALE PILLS. These pills invigorate the whole system, improve the memory, and enliven the imagination, create appetite and restore tranquil repose. Many hundred females can testify of their efficacy, and many Physicians (in this city, as also throughout the United States) can bear testimony to their merits and extraordinary virtues. They are invaluable to enfeebled and relaxed females, who from repeated and difficult labours are afflicted with weakness and infirmities, in which they are highly useful, strengthening at the same time the stomach, the back, the weakened organs, and the whole constitution.
Sold at 100 Chatham street, New York, and by one respectable person in every town in the Union.

Highly Important!
Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, rheumatism, consumption, coughs, colds, spitting of blood, pain in the chest and side, ulcers, female weakness, all delicate and mercurial diseases are successfully treated at Dr. EVANS' Medical Office, 100 Chatham street New York.
Dr. EVANS' Camomile & Aperient Pills.

ON LOW SPIRITS.—Low spirits is a certain state of the mind, accompanied by indigestion wherein the greatest evils are apprehended upon the slightest ground, and the worst consequences imagined. Ancient Medical writers supposed this disease to be confined to those particular regions of the abdomen, technically called hypochondria, which are situated on the right or left side of that cavity, whence comes the name hypochondriasis.

SYMPTOMS.
The common corporal symptoms are, flatulency in the stomach or bowels, acid eructations, costiveness, spasmodic pains, giddiness, dimness of sight, palpitations, and often an utter inability of fixing the attention upon any subject of importance, or engaging in any thing that demands vigor or courage. Also languidness—the mind becomes irritable, thoughtful, deponding, melancholy, and dejected, accompanied with a total derangement of the nervous system. The mental feelings and peculiar train of ideas that haunt the imagination and overwhelm the judgment exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

CAUSES.
A sedentary life of any kind, especially severe study protracted to a late hour in the night, and rarely relieved by social intercourse, or exercise, a dissolute habit, great excess in eating and drinking, the immoderate use of mercury, violent purgatives, the suppression of some habitual discharge, (as, the obstruction of the menues,) or long continued eruptions; relaxation or debility of one or more important organs within the abdomen, is a frequent cause.

TREATMENT.
The principal objects of treatment are, to remove indigestion, to strengthen the body and to enliven the spirits, which may be promoted by exercise, early hours, regular meals, and pleasant conversation. The bowels (if costive) being carefully regulated by the occasional use of a mild aperient. We know nothing better calculated to obtain this end, than Dr. Wm. Evans' Aperient Pills—being mild and certain in their operation. The bowels being once cleansed, his inestimable Camomile Pills, (which are tonic, anodyne, and anti-spasmodic,) are an infallible remedy, and without dispute have proved a great blessing to the numerous public.

Some physicians have recommended a free use of mercury, but it should not be resorted to; as in many cases it will greatly aggravate the symptoms.
The above invaluable medicines, together with
Dr. Hunt's Botanic Pills; Dr. Goode's celebratee Female Pills; Dr. Evans' Fever & Ague Pills; Dr. Evans' Soothing Syrup for Teething, are entered according to act of Congress, and the right to prepare them has been secured and are vended at 100 Chatham Street, New York, and by the regular appointed Agents.
