Resolutions of Respect Adopted By Temple of Honor.

In Memory of William Hall

The Lecture Last Evening By Prof. Louis Favour—Tamarack Hospital—Tense Tales of the Town.

At a regular meeting of Union Temple of Honor and Temperance, No. 48, held January 25, 1896, the following preamble and resolutions were unanimously adopted:

WHEREAS, It has pleased Almighty God to remove from our midst, after a short illness, our worthy brother William Hall; and WHEREAS, The intimate relations long held by the deceased with the members of the Temple, he being one of the oldest pillars of Union Temple having joined the Temple in its infancy, render it proper that we should place upon record our appreciation of his services as a worthy Templar; therefore be it RESOLVED, That we deplore the loss of our brother, William Hall, with deep feelings of regret, softened only by the confident hope that his spirit now adorns that Temple above and is enjoying perfect happiness in a better world.

RESOLVED, That we tender to his afflicted widow and family our sincere condolences and earnest sympathy in their affliction at the loss of one who was a devoted husband and father and commended them for consolation to the Lord and Master of us all.

RESOLVED, That our charter be draped in mourning, that a copy of these resolutions be spread on the minutes and that a copy be published in the Copper Country Evening News and also that a copy be sent to the bereaved family.

JOHN ASHROB, ALFRED GOODALE, JOSEPH HOCKING, Committee.

Prof. Favour on Electricity.

The second number of the Y. M. C. A. Star course of entertainments was given at the Red Jacket Opera House last evening to a large and appreciative audience. Prof. Louis Favour, the noted scientist and electrician, delighted the audience from start to finish with his talk and experiments. The professor prefaced his lecture with a few remarks concerning organic chemistry and some simple experiments with air and water and their components, after which he drifted more into the detail of his subject and explained the simpler electrical apparatus and with experiments, which one could not help but comprehend, he illustrated some of the greater principles of electricity. The lecture was a success being delivered in such a manner as to popularize science which, by the general public, is looked upon as being very dry, and the second number of the course passed off as huge a success as the first.

At the Tamarack Hospital.

Mr. John H. Vincent, who has been attending to Dr. Elmer Lawbaugh's duties at the Occochee hospital during the latter's absence, is again on duty here.

Matt Haajito, a Finlander from Portage Entry who has been in the hospital for some months, suffering from a compound fracture of the leg bone, has been discharged and left today for his home.

The hospital has no occupants on the cots at present, the first time for many months.

William Beesley, the man who fell down No. 5 shaft, Tamarack, and who has been in the hospital since, has so far recovered from his injuries that he was removed to his home on Fifth street yesterday and his recovery is now assured.

John Butts, who has been at the Tamarack hospital for the past four months, suffering from a compound fracture of the leg, has been removed to his home on Seventh street, Red Jacket.

Hon. Carlos D. Sheldon.

The Range-Tribune, of Iron Mountain, of Saturday says: "Senator Sheldon left last Sunday morning for the Marquette range. He spent the day in visiting his old Iron Mountain friends, and was much pleased and encouraged with the reception accorded his candidacy on the Merominee range. While the senator may not capture the congressional nomination the other fellows will appreciate the fact that there has been a contest. He is a hustler. It is our impression that in Houghton, Keweenaw, Baraga, Ontonagon, Gable, Iron and Dickinson counties Hon. Carlos D. Sheldon is the favorite, and if he is as well received in the balance of the district, outside of Marquette, his prospects will surely be very flattering. However, it is a long time between now and the date of the convention—time enough for an entirely different complexion to the aspect of affairs in this congressional district."

Chamberlain For Senator.

After the very manly stand taken by the Hon. F. C. Chamberlain, "the tall pine of the G-g-g-g," with regard to the senatorship and now that Senator Sheldon is out for the nomination of member of congress, it would look as if Mr. Chamberlain were fairly entitled to expect an endorsement by Houghton county.

Tamarack Co-Operative Association.

The above association has declared a dividend of 8 per cent on the capital stock and a rebate to stockholders of 11 per cent on purchases for the year 1895, payable February 15, to stockholders of record January 25, 1896, making \$132,000 paid in dividends for the five years the association has been in business.

Eastman, is alone well worth the admission fee. All those interested in music, or who appreciate good music, should not fail to attend.

Mr. Johnson formerly lived here and worked with Mr. Ellis and is a first class man in his line of business. Mrs. Johnson and family have arrived in the city and will reside in Red Jacket.

Accurate Testimony.

An amusing incident occurred in Judge Newly's court the other day. A solemn faced little woman had been called by the defense to establish an alibi. She had testified that the defendant had been at her home during the time the offense was committed and that others were present also, among them a Mr. Delaney, when the following examination ensued:

"Was Mr. Delaney a neighbor of yours?"

"Yes, sir."

"Is he here?"

"No, sir."

"Do you know where he is?"

"No, sir."

"Is he dead?"

"Yes, sir."—Chicago Post.
