BAYARD IS CENSURED.

House Resolution Passed by a Vote of 180 to 71.

SUPPORTED BY FIVE DEMOCRATS.

Three Republican Members Vote Against the Resolution—Cuban Resolutions in the Senate—Contemplated Extension of the Civil Service—Progress of the Revolution in Nicaragua—Weather Forecasts on Letters—Washington News.

WASHINGTON, March 21.—The debate on the resolution to censure Thomas F. Bayard, United States ambassador to England, which has already occupied the attention of the house for two days, was resumed Friday under an agreement entered into the preceding day to take a vote at 2 o'clock Friday. It was decided to vote on the resolutions separately. The first resolution censuring the ambassador was passed by a vote of 180 to 71.

AMBASSADOR BAYARD.

Five Democrats Voted Yes. Cummings of New York, Bailey of Texas, Latimer of South Carolina, Sizoo of Ohio and Cockrell of Texas voted with the Republicans for the resolution and Cook of Illinois, Willis of Delaware and Baker of Maryland, R. publicans, voted with the Democrats against it. The second resolution, which expresses the general opinion that our foreign representatives should not make political or partisan speeches, was adopted by the house—191 to 59.

The Bennett-Bastner contested election case from the Fifth Louisiana district was called up after the adoption of the Bayard resolutions. The majority report, which will be adopted, declares the seat vacant and that there will have to be another election.

MANY OFFICES INVOLVED. Large Extension of the Civil Service Contemplated by the President. WASHINGTON, March 21.—The order soon to be issued covering into the civil service a large majority of the offices of the government now in the excepted class is still under deliberation by the president and the cabinet. The form in which the general extension will be made has not been finally decided.

The president has not decided whether to make the order a general one, specifically naming the offices to remain excepted and extending the civil service to all the rest, or to name specifically the offices to be classified and omit the names of the offices to remain excepted and to which the order will not apply. It is authoritatively stated that the extension as now contemplated will involve about two-thirds of the offices at present outside the civil service.

The Revolution in Nicaragua. WASHINGTON, March 21.—Private information received from Nicaragua indicates that the revolution in that republic is much more serious than has been represented in the press dispatches, and that it may be continued for many months. There is danger also that the neighboring republics may be drawn into it and a fear lest the trouble may extend throughout all of Central America. An embargo has been placed upon the telegraph wires, and news concerning the outbreak are allowed to be sent out of the country.

For Relief of Settlers. WASHINGTON, March 21.—The house committee on public lands Friday voted to favorably report the bill introduced by Towne of Minnesota for the relief of settlers on the Northern Pacific railway indemnity lands. It gives those who between Aug. 15, 1887, and Jan. 1, 1889, made final proof of lands in the second indemnity belt of the Northern Pacific, the right to transfer their entries to other vacant government land within two years and receive final certificates. Those who failed to make proof are given the benefit of the bill.

For Popular Elections. WASHINGTON, March 21.—Senator Chandler gave notice of his intention to offer an amendment to the resolution for the election of senators by direct vote of the people as to include the president, the vice president, justices of the courts, postmasters and collectors of internal revenue. They are all to be elected at the time and in the manner that members of the house of representatives are elected.

No Opposition to Brien. WASHINGTON, March 21.—The senate committee on fisheries decided Friday to report with favorable recommendation nomination of Commander John J. Brien of California to be fish commissioner. There was no opposition and the report will be unanimous when made.

Weather Forecasts on Letters. WASHINGTON, March 21.—The scheme of adding the latest weather forecasts to the regular postmarks on letters will be commenced by the postoffice department July 1. Applications for this service from over forty postoffices have been filed.

Head Tax on Immigrants. WASHINGTON, March 21.—Senator Elkins has introduced a bill providing for a head tax of \$10 on each immigrant coming to the United States in vessels not belonging to citizens of the United States nor flying the American flag.

Hoke Smith and Crisp to Debate. WASHINGTON, March 21.—As a result of correspondence between Secretary Hoke Smith and ex-Speaker Crisp an arrangement has been made for a joint debate on the financial question at a number of places in Georgia.

BRITISH VESSEL ASHORE. PORTLAND, Ore., March 21.—The British ship Glenmorang, en route from Gallego to Portland, went ashore Friday in a heavy fog on Washington coast, about eighteen miles north of the mouth of the Columbia river. Two sailors were killed while leaving the ship. The remaining twenty-eight of the crew were landed safely. The vessel will be a total loss.

Gold Brick Swindler in Court. NEW YORK, March 21.—O. M. Norton, who was arrested on Tuesday while attempting to consummate a gold brick swindle was arraigned Friday in part of general sessions, where he pleaded guilty to attempted grand larceny in the second degree. The maximum penalty is two years in state prison. Norton will be sentenced next week Friday.

TRAGEDY AT FORT SHERIDAN.

One Soldier Shoots Another and is Wounded Himself.

CHICAGO, March 21.—Fort Sheridan had another tragedy Friday and as a result two men are lying in the hospital and both of them will probably die. The wounded are Private Allen, company A, Fifteenth regiment; Private Call, company A, Fifteenth regiment. The shooting occurred at 9 o'clock at the post quarters and was done by Allen, whose name is questioned. Allen was hit once in the chest and in the struggle his revolver was discharged and he himself was wounded so seriously that he will die.

The first story of the encounter said that the two men had been engaged in a boxing match which had extended over some minutes and in which Allen was being worsted. At the end of the bout both men retired to rest, when Allen was seen to take off his gloves and leave the quarters. It was thought he went to obtain a drink of water. A few minutes later he suddenly returned carrying a revolver, and before he could be stopped had fired at his competitor. Call fell to the floor with what is supposed to be a mortal wound. A rush was made for Allen and in the confusion the revolver was again discharged, this bullet wounding the struggling man.

BRILLIANT BUT A THIEF.

Protégé of Edward Everett Hale Confesses to Fifty Burglaries.

BOSTON, March 21.—Edward Everett Hale's protégé, Charles S. Zolucki, a young Pole of brilliant attainments who has wealthy relatives in New York, was arrested Thursday night as he was leaving the pawnshop of Lewis Einstein, where he went to dispose of silverware stolen from a Back Bay residence. Zolucki's recent life has been that of a veritable Dr. Jekyll and Mr. Hyde. While the noted editor has been befriending him and publishing in his magazine signed book reviews from the young man's pen, Zolucki has, according to his own confession, burglarized fifty houses and flats in Back Bay. For the past two months these crimes have puzzled the police. Zolucki has stolen thousands of dollars' worth of silverware, watches and clothing, and even his roommate, who has been on intimate terms with him for a year, did not suspect what Zolucki was doing. He had no vices, spent his evenings at home, he was prudent and eminently respectable in appearance.

TASCOTT FOUND AGAIN.

This Time the Murderer of Millions' Snell is a Miner Named 'Hayes.'

SEATTLE, Wash., March 21.—An afternoon paper published a Fort Townsend special stating that in an interview there Friday with Meyers, editor of the January Mining Record, that gentleman expressed his belief that Tascott, in charge of the Yukon expedition, who murdered Millionaire Snell in Chicago in 1888 under the alias of George Hayes and spent four successful years as a miner. Tom Nelson, a pioneer Alaska miner, who knew Hayes well during that period, concurs in this opinion. With the influx of prospectors in 1892 to the Yukon, Hayes suddenly left the country, having in four years cleaned up \$100,000. The striking likeness of photographs of Tascott to Hayes was often commented upon and it was generally believed that Hayes was the murderer of Snell. Mr. Meyers commented: "Personally I am convinced that Hayes was in fact none other than William Tascott."

Doings in the Senate.

Gorman moved in the senate Friday that when the senate adjourns it be to meet on Monday. Sherman in charge of the Cuban resolution objected. Hale agreed with Gorman and urged for more time for the discussion of the Cuban question. After some discussion Gorman's motion prevailed by a vote of 42 to 22. At 2:55 p. m. Mills was recognized to speak in opposition to the bill. He said he had intended to speak at the senate but the senator from Maine (Hale) had declared that the opponents of the resolutions had not been heard and therefore declined to take the floor at this time in order that those opposed might proceed. Call then addressed the senate.

Gas War at Kansas City.

KANSAS CITY, Mo., March 21.—The local gas war here has developed a feature without a parallel. The Kansas City Gas company has opened a free school of cooking for its patrons. This is in addition to furnishing its consumers with free gas stoves and gas at 5 cents per 1,000 feet. This has been brought about by the entrance into the field of a rival company which is soon to open for business. The new company has already met the offer of free stoves and will also supply its consumers at the same price as that made by the old company.

Funds for the Silver Campaign.

DENVER, March 21.—As an outcome of the conference between the leading silver men of Denver and Colorado and the president and members of the finance committee of the American Bimetallic union, Colorado has pledged herself to respond generously to a financial way to support the work of education and organization prior to the holding of the national bimetallic convention in St. Louis on July 12. It is believed that \$25,000 will be raised in this state.

Carlisle to Speak at Chicago.

CHICAGO, March 21.—Telegrams were received in Chicago Thursday from John G. Carlisle, secretary of the treasury, accepting the invitation extended to him by the laboring people of Chicago to address them on the financial question. Secretary Carlisle named the date of his address as April 15. The address, which will be entirely non-partisan, will probably be given in the Auditorium, although that matter has not been definitely settled.

British Vessel Ashore.

PORTLAND, Ore., March 21.—The British ship Glenmorang, en route from Gallego to Portland, went ashore Friday in a heavy fog on Washington coast, about eighteen miles north of the mouth of the Columbia river. Two sailors were killed while leaving the ship. The remaining twenty-eight of the crew were landed safely. The vessel will be a total loss.

Gold Brick Swindler in Court.

NEW YORK, March 21.—O. M. Norton, who was arrested on Tuesday while attempting to consummate a gold brick swindle was arraigned Friday in part of general sessions, where he pleaded guilty to attempted grand larceny in the second degree. The maximum penalty is two years in state prison. Norton will be sentenced next week Friday.

PROCLAIMS HOLY WAR

The Khalifa Calls Upon Able Bodied Derivishes.

MANY REPORTED READY TO FIGHT.

OSMAN DIGHA Will Join the Derivishes Now Mastering at Dongola and Take Part in the War Against Egypt—King Menelik Demands an Indemnity of 40,000,000 Lire from the Italian Government—The Situation Very Complicated.

CAIRO, March 21.—The khalifa has proclaimed jihad (holy war) against Egypt and has called all the derivishes capable of bearing arms to enroll under his banners. It is said that Osman Digha is to leave Kassala and join the derivishes now mustering at Dongola. A correspondent called upon Loeb Cromer, but he declined to express any opinion as to the situation. The assumption is that he knows very little of the scope of the movement. It is known that the order for the advance was supplies to him. With the experience gained through Wolsey's dilatory vacillating tactics in the Khartoum campaign by the British war office, it is practically certain that this expedition will be called forward with sharpness and precision, but it is not at all probable that serious advances will be made upon this very treacherous country.

OSMAN DIGHA

Derivishes Ready to Fight. Fully 6,000 derivishes are reported arid and ready to fight. The massacre of Italians at Adowa filled them with warlike zeal, and the fall of Kassala will inflame them with fanaticism. They may take the initiative and fall upon the advance column of the Nile and crush it even before the main support can reach Assuan. Many serious-minded observers predict that the attempt to carry out England's long-matured policy in the Sudan will prove a European war, inasmuch as it will offend Russia and France the pretext which they have been yearning for. The war correspondents of the London press are actively concentrating here.

Complicated Situation.

King Menelik Demands Heavy Indemnity from Italy.

NEW YORK, March 21.—A special to The Herald from Rome says: King Menelik demands an indemnity of 40,000,000 lire from Italy. This condition is, of course, unworkable and further complicates the situation. The Negus' forces now threaten to surround Assua, continuing to advance upon Massawa. The Marquis di Radini is evidently losing ground. It is believed that in case the credit he has asked for is refused, he will dissolve parliament. A royal decree for this purpose has already been drawn up and only awaits promulgation.

After peace has been declared King Menelik will, it is said, visit the czar. The Russian ambassador is negotiating for the passage of a Russian ambulance corps through Massawa. Permission is certain to be granted. The meeting between King Humbert and Kaiser William will take place at Venice in the middle of April.

Kentucky's Financial Trouble.

LOUISVILLE, March 21.—Debts mount high and rolling up every day and no money to pay them is the showing made by State Auditor Stone's books. He announced Thursday the condition of the state and its prospects. March 1 this year the state had outstanding and unpaid warrants amounting to \$98,953. The estimate for the total April 1 is \$89,000. By July 1, the beginning of the new fiscal year, the state floating debt will be about \$1,500,000, and the school bonds and warrants due tomorrow and others will bring the total indebtedness of the state to \$5,000,000, with absolutely no way said to be apparent of paying a cent of it.

Arrested for Alleged Slander.

LITTLE ROCK, Ark., March 21.—Rev. George K. Hoover of Chicago, superintendent of the National Children's Home society, was arrested Thursday night on charges of slander preferred by Rev. Frank George of Chicago, general manager of the International Children's Home society. The basis for the charges against Rev. Mr. Hoover are contained in a report to the Arkansas society in which reference is made to the improper use of funds of which Rev. Mr. George had control at the time. Dr. Hoover was released on bond to appear in court next day.

Took His Own Life.

CLEVELAND, March 21.—Sigmund Loeb, a well-known insurance man of this city, committed suicide Thursday night by hanging. His lifeless body was found in a closet in the morning suspended from a coat hook by a silk handkerchief that around his neck. Loeb had been suffering from melancholia, and it is supposed that this fact led to the deed.

Renominated to Congress.

CHESTER, Pa., March 21.—The Democratic County Republican convention has renominated Congressman J. B. Robinson as a candidate for United States senator to succeed Mr. Cameron. Judge Thomas J. Clayton, a Quaker man, was chosen as delegate to the St. Louis convention.

Burst a Blood Vessel.

KAWKAKEE, Ills., March 21.—M. Strout, residing in Chubbuck, Ingham county, died. He was engaged in an altercation with his son and during the excitement burst a blood vessel.

Arkansas Statehood Bill.

WASHINGTON, March 21.—The senate yesterday voted to report to the house a bill for the admission of Arkansas as a state of the Union.

GOLD MINE EXPLOSION.

Four Men Killed and Two Others Badly Injured.

WINSHEP, Miss., March 21.—Word has just been received of a terrible explosion at the gold mines at Rossland, in the remote northwest country. As a result four men are dead and two more are so seriously hurt that they will probably die. Two boxes of gunpowder were being thawed out in hot water. The only man who knows how it became ignited lies at the point of death in the hospital. He came running out of the tunnel, crying, "The powder is on fire," but before he could reach a place of safety the explosion occurred. Eight men were working in the mine and only two escaped death or serious injury. The dead are Thomas Gibbons, married; Mike Ewing, single; Joseph Dolan, single; Daniel Lynch, single. The injured are: Ed Shanahan, single, not expected to live; Mike Brooks, single.

FRED H. BALL DISAPPEARS.

Prominent Grand Rapids Man Said To Be a Defaulter.

GRAND RAPIDS, Mich., March 21.—Fred H. Ball, secretary and treasurer of the Ball-Burnham-Butman Wholesale Grocery company, resigned last Friday and left the city immediately. An investigation of his books showed a shortage of between \$1,000 and \$5,000 and in addition he is \$300 short as treasurer of the Wholesale Sugar Dealers' association.

Ball is prominent in social and Masonic circles, and has been looked upon as one of the largest and most promising young business men in the city. His father, O. A. Ball, is at the head of the company, is president of the city council, and prominently mentioned as a candidate for mayor. He has a charming wife, daughter of Captain Perkins of Henderson, Ky., and a little daughter. It is supposed the shortage is the result of a dual "n sugar."

Two Frightened to Give an Alarm.

MADISON, Wis., March 21.—While H. A. Taylor was in Milwaukee Thursday night, talking over the result of the state convention, burglars went through his home in this city and several hundred dollars' worth of jewelry, diamond earrings, pendant rings, cameo set, and other articles belonging to his daughter, Miss Grace, who was also absent, visiting friends in Chicago. Nothing else in the house was touched, not the contents of this room. A servant girl was the only occupant of the house. She heard the burglars at work but was too frightened to give an alarm. There is no clue to the thieves.

Hunting Students in Saloons.

MADISON, Wis., March 21.—Accompanied by a well-known State University alumnus, Rev. K. G. Uplike of the Congregational church of Madison is up the rounds of the saloons in the vicinity of the university tomorrow night for the purpose of investigating as to the frequenting of the places by students. Dr. Uplike's Sunday sermons for some weeks have been devoted to a discussion of municipal government, and he will probably make known the results of his investigation in a sermon. It is believed Dr. Uplike found but few students in the saloons.

Nebraska Farmers Are Happy.

LINCOLN, Neb., March 21.—The farmers are delighted over the assurance of plenty of moisture for the crops and have not felt so encouraged over their prospects for many years. The ground was never in better condition this time of year. Every bit of land that has been broken up will be farmed and the prospect is bright that Nebraska will more than make up for the short crops of 1894 and 1895. No section of the state was neglected in the generous rainfall, but it so happened it fell heaviest where it was most needed.

Smallpox Scare in Indian Territory.

NOWATA, I. T., March 21.—Smallpox in virulent form is raging at Nowata, twenty miles west here. Great excitement prevails here. The mayor and council met in special session and established strict quarantine regulations. Guards have been stationed on all public thoroughfares leading into town to prevent the entrance of people from the infected district.

Terrific Boiler Explosion.

WILKESBARRE, Pa., March 21.—A "blast" of four boilers at the Algonquin breaker, Miners' Mills, Pa., exploded Thursday. The boilers were thrown in all directions, two of them being found a quarter of a mile away. No one was killed, although the engineer barely escaped with his life. The force of the explosion was felt for miles.

Fought Like a Demon.

ATLANTA, March 21.—There was a sensation in the United States court Thursday when George W. Dece, on trial for counterfeiting, assaulted Inspector John E. Murphy, Chief Hazen, Inspector Will Burns, and others interposed. Dece fought like a demon and made at Murphy repeatedly after court adjourned.

Landed Upon a Pitchfork.

NILES, Mich., March 21.—Hattie Demm, a schoolteacher, jumped from a haymow at the farm of Benton Shaw, near Edwardsburg, landing upon a large pitchfork. One of the tines penetrated her body. She is in a precarious condition and will probably die.

Double Tragedy at Peoria.

PEORIA, Ills., March 21.—Gas Eisey, a notorious colored man, shot and fatally wounded his wife at an early hour Thursday morning and then put a bullet through his heart. Jealousy was the cause. Mrs. Eisey is still lingering but cannot recover.

No Circus Trust.

DETROIT, March 21.—The reported formation of a circus trust with the view of crushing the smaller shows is denied by J. A. Bailey.

Exonerated the Company's Officers.

ST. LOUIS, March 21.—The coroner's jury that has been investigating the collision on the Kirkwood electric line on March 8, in which Robert Atkin, Julius E. Jones and Richard J. Lulligan were killed and about fifty people injured, rendered a verdict exonerating the officials of the company.

MESSAGE ABOUT CUBA

President Cleveland May Send One to the Senate.

TO BE A REPLY TO A RESOLUTION.

It Will Show Spain Liable for \$20,000,000 Damages to American Citizens in Cuba—General Weyler Satisfied with the Progress of His Campaign Against the Insurgents—Reports That He Is to Resign Declared Untrue—Ammunition Captured.

WASHINGTON, March 21.—President Cleveland will send a message on Cuba to the senate early next week, probably on Monday. It will be an answer to the resolution offered by Senator Hoar calling upon the president for any further information in the possession of the state department relating to the Cuban situation, particularly with reference to the effect of the war on American interests. The message will show the property of American citizens in Cuba has been damaged and destroyed by the operation of the insurgents and of the Spaniards to the extent of about \$20,000,000. Secretary Olney has had prepared for transmission to the senate, with this message, a mass of documents in correspondence with United States consuls in Cuba since Feb. 1, when the last message on this subject was sent in.

Claims of American Citizens.

The American citizens in Cuba have been filing their claims with the United States consuls during the last few months and they have been coming in at the state department at the rate of one or two a day recently. The claims are for all kinds of damages inflicted on the property and crops of American non-combatants. They are for the destruction of crops, machinery, and buildings, and the seizure of horses, cattle, and all kinds of domestic animals and fowls which have been taken by the soldiers of one side or the other. The Spanish officers have committed at least as many of the minor depredations as the insurgents, if not more, and their methods have been even more flagrant. The larger amount of the claims has resulted from the destruction of sugar cane. The bill which the United States will be called on to render on behalf of its citizens against Spain will be a heavy one.

Liable for All Damages.

So long as Spain persists in maintaining it is an insurrection only that exists in the island and not a state of war, it is liable for all damages inflicted to property belonging to peaceful citizens of another nation, whether those damages are inflicted by its own troops or by those of the insurgents. It is not known whether President Cleveland's message will offer any suggestions as to the future course of this country towards Spain and Cuba, or whether it will content himself with transmitting the correspondence. The documents will be submitted to the cabinet, and it may then be determined whether it is necessary for the president to express an opinion on the Cuban resolution or to outline the attitude of the administration.

NEWS FROM HAVANA.

Captain General Weyler Satisfied with His Campaign.

HAVANA, March 21.—Captain General Weyler is satisfied with the progress made in the conduct of the military operations and in the active pursuit of insurgents which is now going on. Encounters with the enemy are of daily occurrence, and in almost every instance the troops are reported to be very numerous. Reports circulated that it is the intention of the captain general to resign are classed as untrue. The most complete harmony prevails here between the captain general and the officers under his command. General Weyler enjoys the full confidence of the Spanish government and the officials here. The Spanish cruiser Infanta Isabel has left Matanzas for Varadero, near Cardenas, which is the nearest place to the spot where the three battalions of supplies for the enemy were captured.

Spaniards Capture Ammunition.

WASHINGTON, March 21.—Senator DeJoy Je Long received the following cablegram Friday from General Weyler: "The ammunition of the Spanish government captured by its own troops or by those of the insurgents is now going on. Encounters with the enemy are of daily occurrence, and in almost every instance the troops are reported to be very numerous. Reports circulated that it is the intention of the captain general to resign are classed as untrue. The most complete harmony prevails here between the captain general and the officers under his command. General Weyler enjoys the full confidence of the Spanish government and the officials here. The Spanish cruiser Infanta Isabel has left Matanzas for Varadero, near Cardenas, which is the nearest place to the spot where the three battalions of supplies for the enemy were captured."

Terrific Snowstorm in Toronto.

TORONTO, March 21.—A terrific snowstorm which commenced Thursday night has greatly interfered with railway trains. Only one train arrived in the city Friday. Street car service is totally demoralized. Several trains are stalled at outlying points. Telephone and telegraph service is very much crippled.

Voted to Admit Women.

WILLIAMSBURG, Pa., March 21.—The Central Pennsylvania Methodist Episcopal conference Friday afternoon voted to admit women as by delegates to the general conference by a vote of 182 to 82. The proposition to reduce the representation to the general conference passed by a vote of 218 to 82.

Made an Assignment.

NEWCASTLE, Pa., March 21.—The Northwood Glass company, which had one of the largest plants at Elwood, made an assignment Thursday. It is said that the assignee will make the attempt to run the works. Fancy and colored glass was manufactured.

Failure in Clothing.

KANSAS CITY, March 21.—Morris L. Zarovick, trading at 238 Main street as the Bell Clothing company, assigned to a trustee Thursday in favor of creditors, whose claims aggregate \$14,500. The stock of goods on hand, of estimated value, are the only assets.
