The Calumet High School Alumni met at the School hall on the evening of June 24. The hall was very prettily decorated with flags, parlor furniture, ferns and old flowers. Among the decorations was a Cuban flag which had been made by the ladies of the class of '98 and presented to the Alumni.

After a social time the following musical program was rendered: Piano solo Professor Egleke of Philadelphia, who the guest of Mr. and Mrs. P. P. Roehm, which was much enjoyed by all. The school male quartette sang and were obliged to respond to an encore.

Miss Anna Hermann next gave a violin solo. By request Professor Egleke gave selections from "Il Trovatore." This was followed by "America" and "Star Spangled Banner," sung by the assembly.

Miss Osborn then sang a solo and the program closed by a piano solo by Miss Philana.

After the musical and social the members and their guests adjourned to the Calumet Hotel, where a well spread banquet had been prepared in Mr. North's comfortable style, which was followed by music.

Mr. Emil Manger acted as toastmaster and welcomed the Alumni and

guests. Miss Elizabeth Goldworthy president of the association, greeted the class of '98 in a very pleasing manner, which was responded to by Miss Nina Varson. Mrs. George Fax then gave a toast, "Our Alumni." Mr. Matherson spoke on "Our Navy" in a concise and able manner, paying a just tribute to our naval heroes. Mrs. Smith responded to "Our Ladies" and was followed by "Our Gentlemen," by Miss Osborn. "The Ladies of the Class of '98," were remembered by Mr. Fred Guck and the "Gentlemen of the Class," by Miss Algie Roehm. The banquet was closed by a few very appropriate remarks by Mr. L. W. Killmar, a member of the school board, to the class of '98. Taking it all in all the gathering was much enjoyed and will long be remembered by all present.

The horse race between Sorel Dick and Our Own is causing a great deal of interest as both horses are speedy and the purse is a large one. The agreement calls for the best three mile heats out of five for a purse of \$400 and the entire gate receipts. Each party has deposited \$25 with the stakeholder John Tachell. The contest further states that each party will deposit with the stakeholder \$25 by 7 p. m. on Saturday, June 25, and \$50 on or before the 9th day of July at 7 p. m., and the balance of \$100 to be deposited on the 19th of July before 12 o'clock noon. The match is subject to the American Trotting Association. The race will be held at the Hancock driving park on the afternoon of July 19.

Sampson Demands the Surrender of the City

But Cervera Refuses to Consider the Proposition--Final Struggle May Come at Any Time Now.

[SPECIAL TO THE EVENING NEWS.]

[Copyrighted 1898 by American Press Association]

Three O'Clock P. M.

OFF SANTIAGO DE CUBA—Four troops of the First Cavalry, four troops of the Tenth Cavalry and the light troops of Roosevelt's rough riders less than one thousand in all dismounted and attacked 2,000 Spaniards in the thickets within five miles of Santiago de Cuba. The Americans beat the enemy back into the city, but in the fight we lost eighteen dead and fifty wounded.

Admiral Sampson sent a message to Admiral Cervera demanding the surrender of Santiago and giving notice that in case of refusal the American forces would reduce the defenses and capture the city, but the Spanish admiral refused to consider the matter of surrender.

WASHINGTON, June 25.—Official cablegrams from Playa-del-Este, Cuba, to the Army and Navy departments, indicate that the final struggle for possession of Santiago will take place today or tomorrow. A dispatch from Shafter received at noon, places the American loss at ten killed and forty wounded and says our troops occupy the enemy's position, within a mile and a half from Sovilla.

KEY WEST, June 25.—Another prize, the Anapala of Honduras, was brought in here this morning, having been captured by the Vicksburg.

Eleven O'Clock A. M.

WASHINGTON, June 24.—Information has been received that the Spaniards have been driven back from the woods about Baguiri. The last of the American artillery has now been safely landed and the march to Santiago begins at once. Twenty-five dead and wounded Spanish soldiers were found at the positions carried by Shafter's army. Since landing not one American soldier has been killed.

The town of Siragua has been evacuated by the Spaniards and taken possession of by the Americans.

NEW YORK, June 24.—A cablegram from Rome says that the Austrian steamer Surnil had taken on board at Finine a large quantity of torpedoes and sailed for Suez to join the Spanish squadron.

DUNN LORING, (via Alexandria,) June 24—Orders to move were received late today. What was left of the brigade started from here this morning for Newport News. Positive orders say that the steamer Harvard will leave tomorrow with us for Santiago.

WASHINGTON, June 24.—The State department has received advices confirming the reports that the Spanish Cadiz fleet was proceeding eastward through the Mediterranean, composed of fifteen ships including transports laden with troops.

The Navy department has just received the following cablegram from Sampson at Playa del Este: "From flag of truce I learned today that Lieutenant Hobson and company are well and are confined in the city of Santiago, four miles from Morro."

ST. LOUIS, Iowa, June 24.—A severe wind and rain storm struck this city about 8 o'clock this evening. The main tent of Forepaugh's circus, while giving a performance, was blown down. A panic ensued in which many persons were injured.

MADRID, June 24.—The Cortes finally adjourned tonight without the customary cheering of the throne.

WASHINGTON, June 24.—It is authoritatively stated that if the Spanish Cadiz squadron once passes into the Suez canal a powerful American squadron made up from Sampson's fleetest and best ships will start across the Atlantic, enter the Mediterranean and bombard the Spanish seaports. A calculation has been made that such a course would be entirely feasible.

A Noted Authoress' Workshop.

"Mrs. Florence Morse Kingsley's study is at the top of her Staten Island home. Under the eaves and from the windows she can look out far over into another state and see the great ocean," writes Laura M. F. Lake of "The Author of 'Titus, a Comrade of the Cross,' in The Ladies' Home Journal. "About her are the pictures painted by herself, as well as by her artist parents. Books of reference—those in Greek and Latin as well as in English—books that are simply a delight, not merely tools and pretty bits of bric-a-brac that collect themselves in the room of a refined woman, surround her everywhere. But the door of this room is never closed against any member of the family, and the busy worker is never too busy nor too tired to listen to some childish story of woe or happiness from any one of her five children.

"With her, while her work with her pen means much, still her duty as a wife and mother and a clergyman's wife, comes first. Two afternoons in the week are devoted to teaching poor girls how to sew. Much time must necessarily be given to her home and the little people in it, and yet she finds time for social duties and is always a charming.

intelligent companion to her husband. With a smile she tells how, when in doubt as to Greek and Latin, she goes to him for help."

The Worry Question.

Don't join a "Don't Worry" club. Don't try not to worry. While contentment is a pleasing virtue, the people you know who are contented would be better off if they worried more. Absolute contentment and indifference to the possible troubles of tomorrow will land any one in the poorhouse. The cow doesn't worry, neither does the clam, but people are built to worry, and it was intended that they should. On the other hand, if you worry much it will land you in the insane asylum. It is the insane asylum on the one hand and the poor farm on the other. The point is to worry just enough to keep out of both of them.—Atchison Globe.

Five Killed at a Crossing.

St. Joseph, Mo., June 24.—Flelding Proffitt, aged 28, his wife and two daughters, Lulu and Myrtle, aged 18 and 12, respectively, and a babe a year old, were all instantly killed at a crossing of the Chicago Great Western near Fawcett, twelve miles south of here. They attempted to drive over the crossing as a passenger train approached and were caught. Proffitt owned a section of land and was very wealthy.
