### JOHN C. RICE DEAD.

Well Known Traveling Man Passes Away in Milwaukee.

Loyalty Sees, proprietor of the Breathing house, yesterday received a letter from Zimmerman Bros., of Milwaukee, advising him that their representative, John C. Rice, died in that city on Friday, says the Nequaime department of the Mining Journal. Mr. Rice was taken ill at Breathing house a week ago last Saturday, with a severe attack of appendicitis. He suffered considerably that night and Sunday and Sunday night, but would not permit the hotel people to call a physician. Finally on Monday morning a physician was called in, and finding Rice in a bad way, advised an immediate operation. He expressed a desire to go to Milwaukee to be operated on, and he was sent away that night.

The deceased was well known in the upper peninsula, as he had traveled through this region for Zimmerman Bros. for the past ten or twelve years. He was a frequent visitor, and was known by many people outside of the

business houses, as his firm does business direct with the retail trade. He was about fifty years of age and is survived by a family.

Partridge hunters generally do not report very good luck this year. It is said that the birds are not numerous and that they seem to be wilder than usual. Some of those who have good dogs have met with fair success, but the average hunter is getting from one to three birds for his day's work.

A regular monthly meeting of the Calumet township board was held this morning. Only routine business was transacted.

Word has been received here that Captain Richard James has reached Cornwall, Eng. where he will spend the winter.

A regular meeting of Calumet aerob No. 322 F. O. E. will be held Wednesday evening. A large attendance is requested.

J. C. VOGEL, President.  
ALBERT BURKMAN, Sec.

### FINE LIST OF ATTRACTIONS ALREADY BOOKED BY CUDDIHY

While List for Season is Not Yet Complete a Glance at the Names of Those Already Secured Will Give an Idea of the Excellent Entertainment in Store For All.

Manager John D. Cuddihy of the Calumet theater has booked so far an excellent lot of attractions. While the list is by no means complete, still a glance at the attractions already secured for the season will give an idea of the excellence of the bookings.

The next production to appear here will be on October 16, matinee and night, when the musical melodrama, "The Girl from the U. S. A." last year's Chicago big success, will be seen. "The Girl Question" will be here on October 21. This is also one of last year's successes. It is to be followed on October 30 by the famous Primrose Minstrels, who will make their first appearance here. On November 3, that high-class drama, "The Gentleman from Mississippi," will be seen in the local playhouse, direct from a successful Chicago run, it appearing there at the present time. The famous Howe's moving pictures will be in Calumet on November 13 and 14 with all of the latest moving pictures, and is to be followed on November 16 with the comedy, "Don't tell my wife." The ever popular Frank E. Long stock company will be here the week of November 22, which will include Thanksgiving, and December 1 that popular play, "David Copperfield," will be witnessed. Joe Callahan and his merry Troubadours are booked for three nights, beginning December 9 and ending the night of December 11. This is a high-class vaudeville attraction, and is sure to please. George Barr McCutcheon's popular production, "Graustark," will be here on December 13. "The stubborn Cinderella," is booked for December 23. This is a very popular musical comedy, in fact one of the best and is sure to draw. The Flora De Voss stock company is booked for the New Year week, beginning January 2. Other attractions in the New Year will be "The Climax," a high class drama dealing with Wall street. This is to be followed with "A knight for a Day," and "The Thief," one of Charles Frohman's strongest plays. Then will come in succession, Carl W. Cook's stock company, booked for two weeks in January, "The Winning Miss," a musical comedy with all the latest features, "Paid in Full," "The Man of the Hour," "The Time, Place and the Girl," Al. H. Wilson, the golden-voiced tenor, Blanche Walsh, "Uncle Tom's Cabin," and other attractions.

Several new recruits were admitted to the company last evening, and many more on the waiting list. The prizes which have been hung up by the officers for the member who secures the largest number of recruits are being hotly contested for, and it will be a matter of but a short time when the company is brought up to its normal strength.

### ENGINEERS ANNUAL BALL ON THANKSGIVING EVE

At the regular drill conducted at the Calumet Light Guard armory last evening, the members of company A, Engineers, decided to conduct their annual ball at the armory on Thanksgiving eve, November 24. The entertainment will be placed in the hands of a committee which will be named by Capt. Jesse Meade this week, and reported to the members of the company next Tuesday evening. It is proposed to make this event one of the best that has ever been given by the Engineers, and as the ball is always one of the most prominent events in the social season it is expected that it will be a success in every way. The C. & H. orchestra will be engaged to render music for dancing, and the hall will be especially decorated for this occasion.

The drill conducted last evening was the first of a special course of instruction, prepared for the members of the Calumet company by the regular army officers. The lesson for last evening was knot tying. From this time on the company will devote considerable time to the above mentioned course, although a sufficient amount of work will be done on the floor to maintain the usual efficiency and to familiarize the new recruits with the regular drills.

Several new recruits were admitted to the company last evening, and many more on the waiting list. The prizes which have been hung up by the officers for the member who secures the largest number of recruits are being hotly contested for, and it will be a matter of but a short time when the company is brought up to its normal strength.

### BUILDING & LOAN REPORT SHOWS PROGRESS IS MADE

At a meeting of the directors of the Copper Country Building and Loan association, with offices in the Borgo block, yesterday afternoon, the seventh quarterly report was presented.

The report shows that excellent progress has been made. During the last quarter a total of \$40,000 had been advanced on mortgage loans. This brings the total to date advanced on mortgage loans, \$135,700. During the quarter just closed there were 2,565 shares sold, making a total of 18,384 shares now in force.

The eighth series began on October 1, and already a goodly number of shares have been subscribed.

The company has been doing business just one year and a half and it has made such strides that it has been decided to ask for a franchise from the secretary of state to increase the capitalization from \$2,000,000 to \$3,000,000. This will be done before the year expires.

The company has a total of \$135,700 invested in mortgage loans, which, with a total of \$1,500 invested in stock loans, brings the total up to \$137,200.

### CAMPAIGN OF EDUCATION.

The manufacturers and wholesalers of the country seem to have determined upon a campaign of education among the retailers, concerning the effect of the new tariff schedules affecting their particular lines of goods. This is especially true of concerns making dry goods, clothing and leather goods, and local retailers handling these lines, are being flooded with tariff literature. The general tone of the circulars is that clothing and dry goods, both wool and cotton are going to advance in price, and that there is likely to be a temporary advance in leather goods, but that free hides will eventually bring great benefits to the consumer and to the manufacturer. It is said that at present the demand for leather exceeds the demand for beef.

### INDOOR BASEBALL TEAM.

In about two weeks' time Physical Director Sherwood of the Y. M. C. A. will organize an indoor baseball team. All of last year's players are available. The boys will have the advantage of already playing one season together, and this with coaching on the part of the physical director should make this season's team a strong one. As usual games will be arranged with the M. C. M. and other teams in the copper country. The prospects are bright for an interesting season.

### LOCAL BREVITIES.

Jacob Rompanen was arrested and brought before Justice Jaakola last evening on the charge of creating a noise and disturbance. He pleaded guilty and was fined \$2 and costs.

Contractor Thomas Bastian started plastering the new Centennial school today. This school should soon be ready for occupancy. The plastering of the new Copper City school was completed yesterday by Mr. Bastian.

J. W. Nara, the fifth street photographer, left this afternoon for Chicago on a business trip.

William Gundry, the well known C. & H. cricketer, has arrived at his home in Camborne, Cornwall, and will spend the winter there.

Mrs. James Pascoe has arrived here and will join her husband at Mohawk. William Bastian, captain of the Painesdale cricketer team, has accepted a position with the North Kensington branch of the Onecola Mining company.

Miss Edith Oliver of Elm street, is spending a few days with Painesdale friends.

John Adams of the Morgan and Grierson meat market, of Centennial, has gone to Chicago on a visit of two weeks.

William Martin of Centennial, is in Chicago on a two weeks' visit. Martin Tressler, William Simons, and Richard Kemp have returned

### TEACHERS' ANNUAL MEETING.

Miss V. Winifred Lacey, chairman of the primary section of the Upper Peninsula Educational association, which is to hold its annual session in the Ishpening high school on Thursday, Friday and Saturday, the 15th, 16th and 17th, has prepared the following program:

Stories and Story Telling—Eulie Gay Rushmore; department of reading and expression at the Northern State Normal.

The Primary Teacher—Hon. L. L. Wright, state superintendent of public instruction.

The Primary Schoolroom—Supt. E. E. Scribner; (a) Dramatization, as an aid in teaching Reading and Language; (b) Seatwork in the Primary Grades; Miss Ida M. Densmore.

The association is fortunate in having secured the services of Miss Densmore, who is an expert in primary work. She is director of the Western State Normal Training school of Kalamazoo, Mich., and her talks will doubtless prove of great assistance to all the primary teachers in attendance. While in the city Miss Densmore will be pleased to talk on any subject desired by the primary teachers aside from the regular numbers of the program.

During the meeting this year the primary and kindergarten sections will not hold their meetings on the same day, for the reason that in previous years so many of the primary teachers desired to attend the kindergarten section, but could not do so on account of both being held at the same hour.

### GRAND THEATER PROGRAM.

The management of the Grand theater of Calumet offered an entirely new program to its patrons last evening, which will be repeated this evening. The pictures shown are, "Peasant Prince," "Empty Sleeve," and "He Couldn't Dance, but He Learned." The songs for the program are also new, "After 'While," a spot light song, and "Good-night Beloved, Good-night," both by Joe Marshall.

There will be a special communication of Calumet lodge, No. 271 F. & A. M. Thursday evening Oct. 7th at 7:30 o'clock. Work in the E. A. degree.
