

UPPER PENINSULA U. OF M. ALUMNI TO HOLD MEETING

One of Social Functions in Connection With Annual Meeting of the Teachers' Association Will be Gathering at Negaunee Friday Evening of Michigan Graduates.

One of the social functions to be held in connection with the fourteenth annual meeting of the Upper Peninsula Teachers' Association, the last three days of this week at the Ishpeming high school, will be a banquet of the University of Michigan alumni holding membership in the Upper Peninsula Alumni association, says the Negaunee department of the Mining Journal.

Mr. Schultz has appointed Frank A. Bell of Negaunee as toastmaster, and there will be responses by Judge W. T. Potter of Ishpeming; Superintendent J. A. Dowle of Houghton; H. E. Pattinling, former superintendent of public instruction, of Lansing; T. A. Thoren of this city and Barlow Clark of Marquette. If the faculty of the University of Michigan is represented at the institute, as is expected will be the case, its representative will also be given a place on the program.

Mr. Schultz has sent a circular letter to members asking them to advise him if they will attend, and he expects to receive favorable responses from at least 100. There are seventy-five alumni of the university in Marquette county and there are over 700 in Houghton county. Tickets for the banquet can be procured from Mrs. Nellie Krozman in Ishpeming. Mr. Schultz in Negaunee and Mr. Clark in Marquette.

SUNDAY SCHOOLS PLAN AGGRESSIVE CAMPAIGN

The Sunday school workers of the Keweenaw peninsula will soon be asked to meet on Monday night, Oct. 25, at the Laurium M. E. church to devise a definite plan for an aggressive campaign to be conducted in the copper country during the fall and winter months. This decision was reached at a meeting held at the Y. M. C. A. of Calumet on Monday evening. An excellent musical program will be presented and efforts will be made to make the meeting as interesting as possible. Luncheon will also be served. The program for the evening has been placed in the hands of a committee which will meet at the call of the secretary, George Winchester, of Houghton, and will likely be held in this

LARGE NUMBER OF HUNTING LICENSES WILL BE ISSUED

Deputy Clerk Silvola Already Has Received Numerous Applications, and He Expects to Issue as Many Licenses This Year as Last When 600 Were Taken Out.

J. E. Jacobson, leader of the Finnish Hamu band, was the first to make application for a deer license in Calumet. He was closely followed by John Stoll, the well known photographer, Isaac Rauhala, the Pine street jeweler, and J. J. Holmann, the Arlington hotel chief.

Sakris Silvola, appointed deputy clerk for Calumet township by County Clerk Louis Richardson, has already received several applications for licenses. He has been supplied with 200 application blanks, and expects to have these filled and more.

Mr. Silvola was the local deputy last year and he issued more than 400 licenses. He expects to at least duplicate that number this year.

Deer are said to be plentiful this year. The season opens on November 10, and closes November 30, inclusive, making just twenty-two days of hunting. No hunter is allowed to have more than two deer in his possession, during the hunting season, that being his limit.

The local hardware stores are reporting an excellent demand for guns, ammunition and general hunting outfits. This is an indication that there are going to be hundreds in the woods this fall and winter.

TOWN CLOCK STOPPED.

Red Jucker's town clock has stopped, the hands pointing to a quarter past 2 o'clock. It is believed that the clock has been overwound, or the pendulum interfered with in some way. Jeweler John Ellis, who was responsible for the installation of the clock, will make a thorough inspection of the works today to discover the trouble. It will be kept in repair by him.

Uralah C. Penberthy of the N. Harding store, north fifth street, is enjoying his vacation. He has gone into Keweenaw county to spend a week.

TO TAKE ALL-NATIONAL BASE BALL TEAM TO COAST.

FRANK C. BANCROFT, BUSINESS MANAGER OF THE CINCINNATI REDS

New York, Oct. 12.—Frank C. Bancroft, who is to act as business manager for a baseball team that will play exhibition games with the Philadelphia Americans on a tour extending from New York to San Francisco, announced today the make-up of his combination, which will be known as the "All-Nationals." Its pitchers are Johnson of Washington, Marquard of the New York Nationals, Curtis of the Boston Nationals and Moore of the Philadelphia Nationals; catchers, Myers of the New York Nationals, and Killebrew of St. Louis Nationals; Douglass of New York Nationals, Lunn of Brooklyn and Dean of Cincinnati; outfielders, Hamner of Cincinnati and Hummel of Brooklyn and Ellis of St. Louis Nationals.

Schedules of the New York Nationals will make the trip a substantial one for the pitcher and infielder. The first game will be played in Chicago, October 15. The schedule calls for four weeks of play in San Francisco.

Bancroft is a veteran in the baseball game. For years he has been business manager of the Cincinnati Nationals, and before this has taken many teams barnstorming.

Good-Bye to His Money. Prof. Stone—"To the geologist a thousand years or so are not counted as any time at all." Man in the Audience—"Great Scott! And to think I made a temporary loan of ten dollars to a man who holds such views."

"Botheracious." "De fact 'ant kikkie," don't accomplish much," said Uncle Eben, "is proved by an estimate. Folks has been findin' fault with it ever since I kin remember, an' it jes' as botheracious as ever."

The School Child—The most important person in the home this season of the year is the child who is getting back into the harness for school work. To the mother falls the duty of overseeing clothes, food, books, etc., and a busy woman is she who has a large family and a place in her heart for the perplexities and joys of each member thereof. The matter of a child's food is one on which books have been written and books will yet be written.

LAURIUM RESIDENTS PLEASSED WITH THE FINE NEW STORE

THE NEW BOSTON STORE IS ONE OF THE FINEST OF ITS KIND IN THIS SECTION OF THE COUNTRY AND SHOULD ATTRACT MUCH LAURIUM BUSINESS THAT IS NOW GOING ELSEWHERE.

On Thursday, Friday and Saturday of this week the Boston Store on Hecla Street, Laurium, will hold a Grand Fall Opening that will be one of the greatest events in the history of the store. During the past six weeks, extensive alterations have been made and on the opening days the store will be one of the finest of its kind in the Upper Peninsula. Mr. Aronovitz, the proprietor, states that it will be the policy of the Boston Store to cater to the wants of its patrons at all times and to give entire satisfaction. If at any time an article desired by a customer is not in stock he will do all in his power to secure the same. He feels confident that the beautiful new Fall Clothing, Furnishings, Dry Goods, Dress Goods, Etc., to be placed on display at the Grand Opening cannot be surpassed in this section of the country.

The New Store has been so arranged that it will provide twice as much floor space as was the old store. It will be divided into two sections, one being used exclusively for Men and Boys' Clothing and Furnishings, the other for Dry Goods and Ladies' Apparel. By so doing the comfort of men desiring to purchase at a Man's store has not been overlooked. It will now be possible to do so at the New Store with entire satisfaction. The new store is complete and up to date in every detail and should add to the business possibilities of Laurium, where all persons will be able to shop and find just what they want without going out of the village limits.

LAURIUM

WILL ORGANIZE BIG DOKAY TEMPLE IN LAURIUM SOON

Will Have Jurisdiction Over the Entire Upper Peninsula—Charter is Assured and Membership of 150 is Expected at the Start—All Copper Country Lodges Interested.

A movement is well under way among the Pythians of the copper country to bring about the organization of a temple of the Dramatic Order of the Knights of Khorassan in Laurium. The initial steps towards the organization have been taken by the "Dokays," as the members of this order are familiarly known, and the Pythians of Laurium, and the co-operation of the other lodges in the copper country will be forthcoming, so that practically no doubt exists that the temple will be instituted soon. Several preliminary meetings have already been held and temporary officers were named at the regular meeting of the Laurium lodge, K. of P. on Monday evening.

The Imperial Palace of the D. O. K. K. has "practically assured" the Laurium members that a charter will be forthcoming as soon as the membership is large enough to warrant its issuance. Considerable headway has been gained by the movement which has been conducted quietly, and there is a very bright prospect of success. Several years ago a "Dokay" temple was organized in Marquette, but gradually the members lost interest, and finally the charter was surrendered. Now however, the order of the Knights of Pythias is much stronger in the upper peninsula, and it is thought that no difficulty would be experienced in maintaining a good live temple in the copper country. As there is no other temple in the upper peninsula, the Laurium temple will have jurisdiction over the entire territory.

A membership list has already been circulated, and almost 100 signatures have been secured. It is expected that the new temple will have at least 150 charter members. There are at present about sixty members of the Al Sirat temple, No. 125 of Duluth, in the copper country, all of whom will become energetic members of the new temple. The temporary officers have been selected from the members of the Houghton, Hancock, Charley and Laurium lodges, and each town in the copper country will be represented. It is expected that the class of candidates to be initiated on the opening night will number about 50.

The residents of Calumet, particularly the Pythians, are already familiar with the antics of the "Dokays" who will welcome the organization of a temple in this city. It is quite likely that the members of the Al Sirat temple will be invited to come to Calumet and to assist in the organization of the Laurium lodge.

"The 'Dokay' degree is a side or extra degree to the Knights of Pythias. The membership is confined entirely to those who have taken the three degrees of the order. The purpose of the organization are largely social, although the members seek always to carry out the purposes and aims of the Knights of Pythias to the fullest possible extent. It is expected that the organization of a temple of the D. O. K. K. in the copper country will bind together the lodges in this section with closer bonds than have been possible before, and that it will provide an opportunity for the members to become better acquainted with each other and to work in unison.

DR. TUPPER'S LECTURE.

The lecture to be given by Dr. Kerr Boyce Tupper, at the Calumet Baptist church on Friday evening will undoubtedly be one of the best literary events which has been given in this city for some time. Dr. Tupper is a talented and much traveled lecturer and is in a position to give a very interesting address. It is expected that the attendance will be large.

LAURIUM BREVITIES.

Merlyn, the little child of Mr. and Mrs. Chris Treverrow of Laurium, is confined with an attack of diphtheria. The regular meeting of the members of the Laurium fire department was held last evening.

CARD OF THANKS.

We wish to express our sincere thanks to all kind friends who by word or act of kindness help to lighten the burden caused by the death of our dear mother. For all who sent the lovely flowers the choir and Mr. Sedwick, also Dr. Varrington and all who in any way shown their sympathy to us in this sad hour. Kindness which never will be forgotten by us, her sorrowing children.

LITERATURE IN FORGE ROOM.

Commissioner of Education Finds a Blacksmith Who Read Virgil in Odd Moments.

An interesting sidelight on the kind of men who attend the classes of the city evening technical schools was given by a commissioner of the New York board of education, in a recent address to young men.

"I visited the forge room," said he, "where a class of 25 young blacksmiths were shaping and welding various models of iron bars and iron blades. It was an inspiring scene. No man, however indolent or indifferent to the world's work, could have looked on without having his ambitions revived. The glowing metal yielded to the hammer blows of these youthful artisans, because interest in their work and a desire to become producers directed their bare and brawny arms. I walked about unnoticed. They felt no interest in commissioner of education. At one of the anvils I noticed a particularly fine, well-built young fellow. He was wholly absorbed in his work, so when I picked up the book he had partly hidden under his cap on his tool bench it did not attract his attention. What book do you think it was? Oh, no, not a treatise on tool work in iron, that would have been fine. That was something even finer than that. The book was a copy of Virgil's 'Aeneid' and the margin notes on its pages showed that he was as ambitious to acquire a taste for good literature as for the possession of technical skill."

Overcoming Physical Handicaps.

A bundle of tangled nerves cannot respond to the music of the Aetholian harp of right living. Many great men were handicapped in life by delicate bodies, but they called will and determination to their assistance and triumphed over corporal weakness. Paul was a hunchback, yet became the greatest of preachers. Julius Caesar never planned a battle without an attack of epilepsy. Pascal was an invalid from early manhood. Alexander Pope was a dwarf and the butt of ridicule. Milton was blind, but saw more with the eye of intellect than any other man. Parkman, our greatest historian, suffered all his life, and could not use his eyes for more than five consecutive minutes. Beethoven drew forth matches and immortal harmonies, but his dull ears could not absorb the ecstatic sounds. These men, however, fought so well against natural drawbacks that they became victors.

All Wants Supplied.

"Have you ever," asked the spokeswoman of the club delegation, "thought of the uplift movement for your employes?" "Oh, yes, ma'am," replied the astonished proprietor of the big business house. "We've got very good elevators."

Spend Less Than You Earn It's an excellent advice, especially for those just starting on the road of life. Then there's another point every bit as important. It is this—Put what isn't spent where it will not only be safe, but where it will earn something. It's YOUR business to see that less is spent than is earned. It is ours to see that the surplus is well looked after. Here are highest interest rates joined to unquestioned safety. The First National Bank OF CALUMET
