

ARE GREATLY PLEASED WITH VISIT TO COPPER COUNTRY

President Brien and Organizer Franconer of Canadian-American Society Like Hospitality of This Region—Visited Points of Interest—Brien Will Ask Re-election.

"I have enjoyed my visit to the copper country immensely. Your people are great entertainers, and I shall always have pleasant recollections of this visit."

Mr. Brien is a resident of Manchester, N. H., and this week paid his first visit to the copper country in his official capacity.

Both officers left yesterday afternoon for Detroit and Chicago. After a short visit to the respective lodges there, each will return to his respective home.

The two officials were entertained Thursday evening by the Calumet branch of the society, a few of the officers and prominent members meeting President Brien and Organizer Franconer in the offices of Dr. A. T. Lalarge.

President Brien visited the stamp mills and other points of interest at Hubbell and Lake Linden Thursday and yesterday was taken around the C. & H. mining location.

A special visit was paid to the Superior engine and boiler houses, the visitors being profoundly impressed with the capacity of the machinery.

Mr. Brien stated he found evidence of great prosperity in Calumet. "It is one of the most up-to-date places of its size I have ever visited," he said, "and I certainly shall make an effort to come again."

Speaking of the Canadian-American order generally he said that it was in a most flourishing condition. It has a total membership of more than 17,000 and is steadily growing.

Mr. Brien is serving his first term of office. He was elected for two years, his term expiring next August.

He is a candidate for office again, he said that he saw no reason why he should not. His predecessor held the office for six terms, covering a period of twelve years.

The next biennial convention of the society will be held in Montreal, Canada, in August next year, and Calumet will likely be represented.

According to the woodsman the fur-bearing animals have been supplied with unusually thick furs to shield them from the storm.

The farmers report that the crops have been very large, indicating that a severe winter may be expected.

The squirrels have been laying in a good supply of nuts to last them until spring, and it is claimed in some places that the wild animals have been prowling around close to town.

Ed Tobin, formerly a well known baseball player, is reported as serious, by all in his home in Laurium.

Peter Huppe and Harry Reed of Calumet are enjoying a week's hunting trip in the wilds of Keweenaw county.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza.

It contains no harmful substances and always gives prompt relief.

Sold by Eagle Drug Store, Calumet, and Laurium pharmacy, Laurium.

DUST A FAVORITE VEHICLE FOR GERMS SAYS PHYSICIAN

Bacillus Family Said to Follow in Wake of Housewife's Broom, and in School Rooms and Public Places There is Also Danger of Spreading Disease—Should be Careful.

"I wish that some method of cleaning might be discovered which would do away entirely with the germ-carrying-dust-method which has been with us always."

This is a remark which a prominent physician desires for the time honored broom and its accompanying clouds of dust particles.

There is a reason, dust, according to the doctor, is one of the favorite vehicles of Mr. and Mrs. Bacilli and all the bacilli family.

And the family branch of the tribe is fond of the dust method of transportation and it is this fact which long ago aroused the ire of the public health authorities and students of hygiene against dust.

Whether the dust is that of the street, picked up and tossed about by playful winds and howling storms or is the dust of the schoolroom, the theater, the home or the workshop, the danger is there just the same.

A particle of dust so small as to be invisible to the naked eye may be used as an airship by a billion or more germs, any of which may serve to carry the terrible white plague upon the vitality of some unfortunate human being.

Street sprinkling and the dampening of sidewalks before they are swept, appears to be about the only precaution which can be taken out of doors, but the everyday broom with a pair of sturdy female arms working as motive power remains as an unaltered source of apprehension to the health specialist.

"The schoolroom is a place also where others which should be made as safe from a health standpoint as modern science can dictate," says the physician.

Every time the janitors make their rounds with brooms and dustpans the germs are scattered about, always with the chance of causing future trouble. It is just the same in all public meeting places, theaters, churches, etc.

While this is a matter which it would be almost impossible to regulate by law, it is one which should command the attention of all who are interested in the check of tuberculosis and other diseases.

There are many simple devices which would do away in a large measure with the dust arising from dry sweeping and those precautions should be taken by everyone.

CONGRESSIONAL CANDIDATE.

Iron Mountain Press Comments on Kerr's Visit to That City.

Hon. August W. Kerr of Calumet, formerly state tax commissioner and also an exceedingly useful member of the lower house of the state legislature, spent last Tuesday in the city.

Mr. Kerr was one of the speakers at the Columbus day celebration. The gentleman has within the past few days formally announced his candidacy for the republican nomination for congressman to succeed Mr. Young.

and it is his intention to make a canvass of every county in the district. Under the new primary law, the delegates will be elected at a primary election.

This will lead to the holding of a series of meetings throughout the district. Mr. Kerr's friends are confident that he will receive the solid support of the copper country counties and expect that several of the so-called agricultural counties will be in line for him.

Indeed, he has been assured of the support of Menominee county. Mr. Kerr is a very able young man and would make an excellent congressman.

His visit to Iron Mountain was strictly non-political, but it afforded him an opportunity to meet many of our people and it is safe to add that he materially increased the number of his friends. It is anticipated that Mr. Kerr's next visit will be in the interest of his candidacy and he will make an opportunity to tell the people why he should succeed Mr. Young, probably in an address at the opera house.

TORCH LAKE NEWS

ODD FELLOWS TO LEAVE FOR GRAND LODGE AT SOO

The local lodges of Odd Fellows will be represented at the grand lodge sessions at Sault Ste. Marie next week by three representatives.

Charles Lesage and John Burjan, delegates from Lake Linden lodge and Olla Kirchen, delegate from Copper Lake lodge.

Mr. Lesage leaves today while the other delegates will not depart until Monday morning. The sessions this year will be of interest to local members as there are several changes to be made in the constitution.

The members of Ivy Rebekah lodge will send their degree staff which will confer the Rebekah degree at the grand lodge session. The names of the members of the team and the positions they will fill there are given below:

Noble grand—Grace Richards. Vice grand—Beatrice H. Roberts. Past noble grand—Mary Uron.

Chaplain—Edith MacDonnell. Rebekah—Elizabeth Boyd, Hannah—Flora Guard, Deborah—Nellie Paynter.

Ethel—Emily Buschell. Ruth—Elda Bennetts. Naomi—Mary Parsons. M'Hiam—Anna Ait.

Hebrew women—Margaret Tennant, Lydia Vine and Mildred Rodda. Banner bearers—Lillian Kirchen, Amelia Rodda, Josie Hoort, and Elta Jones.

Conductor—Lottie Mellon. Warden—Elizabeth Burjan. Pianist—Minnie Burjan.

Captain of team—Thos. E. Burjan, Jr. The team is a good one and there is every reason to believe that they will do good work at the Lake City. The local degree staff do not use the Michigan floor work but for a number of years they have worked with the California work, which is very attractive.

TORCH LAKE BREVITIES.

Miss Mary Smith, who has been employed in the capacity of bookkeeper and stenographer for the Pure Manufacturing company, has resigned her position.

William Hugo of Baraga was in town this week on a short business trip.

Mrs. Fred Schaefer is reported as getting along nicely from her recent operation. The news is pleasing to her many friends here.

Alex MacDonnell is confined to his home with an attack of typhoid fever. He is getting along as well as could be expected at the time.

The Lake Linden band gives its prominent place at the Lake Linden opera house during this evening.

Captain MacArthur and mate will leave today for the Soo where they will join their craft, the Scott, after visiting among old friends in Lake Linden.

Local baseball fans have been anxious all day regarding the outcome of the last game of the world's series between the Tigers and Pirates.

The sentiment here is mostly for Detroit. Today makes the fifth consecutive day that it has snowed and although the weather has been agreeable and comfortable snow fell, there is but little of it remaining on the ground.

Servants will be held as usual in the Torch Lake churches tomorrow. Rev. Long of Calumet will preach at the Hubbell Congregational church in the morning, but there will be no evening preaching.

Rapid progress has been made on the Drazek frame structure on Seventh street, between Oak and Portland streets. The roof is on the building and work on the interior is now being pushed. The ground floor is to be used for business purposes, while the second story is to be converted into flats. The building should be ready for occupancy about the latter part of next month.

Swearing.

The real truth is that in a vast majority of cases swearing is simply a vulgar practice, through which the blasphemous hopes to give weight and authority to his statements. Or it may indicate the weakness of an unbridled passion.—Indianapolis Star.

Reckmeyer's FURS—Milwaukee

If you intend to purchase anything in furs this season it will pay you to come to Milwaukee and inspect our unusually large display of furs and rich and exclusive styles—an immense assortment of small furs and garments in the latest Parisian models.

LAURIUM

BAZAAR WILL BE GIVEN BY SACRED HEART YOUNG LADIES

Pleasing Features are Arranged for Fair to be Conducted Next Tuesday and Wednesday—Pupils of School to Observe St. Cecilia's Day and Thanksgiving—Bishop Eis Here.

The young ladies of the Sacred Heart league have made arrangements to hold a grand bazaar in the auditorium of the school on Tuesday and Wednesday of next week, October 1 and 29.

A large quantity of fancy work, plain sewing, and many useful articles will be offered for sale. In connection with the bazaar the Sacred Heart High school orchestra will render a number of selections each evening. It is expected there will be large attendances.

Among the attractions will be a horse race with the track in full view. There will also be "Wanderland," among the sights of which will be "Ancient Greece," a swimming match, a pair of weary travelers, ruins in China, the Andes, and between thirty and forty other scenes.

The horse races will be one of the features of the bazaar. Patrons will be asked to pick out their favorite horses, but no betting will be allowed.

The ladies of the Sacred Heart league have been planning for the bazaar for some time past, and expect to raise quite a sum of money as the result of the effort.

News of Sacred Heart High School.

The pupils of the Sacred Heart High school are making arrangements to observe St. Cecilia's day, which occurs on November 22. The program for the celebration is under preparation.

It will be of a musical and literary nature. A number of songs are being practiced and the students are fast acquiring proficiency.

The graded classes in the Sacred Heart school and the kindergarten will observe Thanksgiving day with a program. The chief item in the proposed program will be a drama, entitled, "St. Agnes." This will be rendered in three acts. Vocal and instrumental selections will also be rendered, as well as a number of humorous and satirical comedies by the different grades. The program promises to be a very interesting one, when completed.

Right Rev. Bishop Eis, of Marquette, visited the Sacred Heart schools this week. He expressed great pleasure at the large attendance in the grades and high school, also on the discipline and the progress that is being made in the studies.

Bishop Eis' visit to the copper country at this time is for the purpose of taking part in the re-dedication exercises of St. Cecilia's church of Hubbell, which takes place tomorrow morning. Calumet Council, Knights of Columbus, will attend these exercises in a body, going to Hubbell Sunday by special street car.

Tony Rolando was sued in Justice David Amici's court last evening for \$1,800, money alleged to be due his employers, Sulficelli & Carbonetto of Laurium. The matter was compromised by Rolando agreeing to pay \$607.50, and the costs of the case.

PORK IS STILL HIGH.

No Prospects at Present for Cheaper Prices Say Wholesalers.

The unusually high prices that packers are obtaining for provisions, and particularly fresh pork, hams and bacon, is a topic that has been much discussed by both dealers and consumers for many weeks past.

Representatives of the packing concerns say that there are no indications that pork will be any cheaper than now for several months to come. There is unusual demand for both fresh and cured pork and the packers are not able to obtain as many hogs as they want.

The number of hogs being raised in this country has fallen off and the monthly reports issued by the backing concerns show that the number coming into the market has decreased steadily. A recent report by one of the Chicago trade journals indicated that the number of hogs received by the packers concerns in that city during the present year will run far behind the receipts last year.

For some months past packers have not been able to fill their orders, but it is still completely of the high price.

There is perhaps no part of the United States where more pork is consumed, population considered, than in the upper peninsula. The shipments to this region have, however, been considerably below normal for nearly a year past.

The wholesale price of pork is not high, but it is still commanding good prices.

"I do not look for reductions in the price of provisions as long as the farm products remain high," said a representative of one of the big concerns yesterday. "The farmers are not coming to feed their corn to the hogs as long as they can get from sixty to seventy cents per bushel for it. They find it more profitable to sell the corn than to use it for feed."

The price for butter promises to continue high, and it is believed that there will be a greater quantity of high class butter in the coming winter than ever before.

LAURIUM BREVITIES.

J. F. Hozberg of Leavenworth, Kas., is the guest of his sister, Mrs. William Kniskern, of Tamarack street, Laurium.

Work on the new garage on Hecla street, Laurium, is being rushed, and the building will be ready for occupancy within a short time.

John P. Nelson of Laurium, recently word yesterday of the death of his sister, Mrs. Augusta Holmberg in Boyd, Minn. The decedent was aged about 48 years, and is survived by a husband and family. Another brother of the decedent resides in Chicago and a sister in Wisconsin.

Mrs. Ed. Lamere of Ironopolis street, is gradually retaining her usual health and expects to leave the C. & H. hospital shortly.
