FEW CRIMINAL CASES FOR NOVEMBER TERM OF COURT

Expected But Little Time Will Be Occupied in Disposing of Criminal Cases When Court Convenes Week From Monday—Jurors Ordered to be Present Next Wednesday.

The November term of circuit court for Houghton county will convene on Monday, Nov. 8, this being the short session of the year. Prosecuting Attorney McDonald is now at work arranging the criminal calendar and will likely have it ready for publication today or tomorrow, while County Clerk Richardson, who is clerk of the court, is arranging the civil docket.

While the September term, just ended, was noted for its unusually large criminal and civil calendars, the November term will be characterized by the few criminal and civil cases noted for trial. There are at this time but a comparatively few criminal cases pending, and of the number there is but one serious charge, that of murder. The accused in this case is Charles Leinonen, who is charged with having been an accomplice with Ellis Karyakka in the recent death of a man named Mattson at Red Jacket. Karyakka pleaded guilty to manslaughter at the September term and is now confined in Marquette prison. It is not unlikely, should Leinonen decide to stand trial, that Karyakka will be brought back here to testify on behalf of the prosecution.

There will be the usual assortment of criminal charges preferred against different persons, but it is not likely more than a week will be consumed in disposing of this class of business. While court convenes on Monday, Nov. 8, the jurors for the November term are not required for duty until Wednesday morning, Nov. 10, at 9 o'clock, because of the fact the November meeting of the county board of supervisors comes on Tuesday and will be held in the court room on that day.

Between now and the date for the opening of the November term Judge Streeter will be in readiness to dispose of any chancery work which may come up.

This will be in addition to the regular course of the season of 1909-10, which ends April 8 with the appearance here of the Vassar Girls' musical company. A Careless Messenger.
After a messenger boy had eaten his lunch in a Pearl street restaurant in the New York financial district, Harry Bohrer, the manager, found a package on the table, and opening it he discovered that it contained \$23,000 in currency and also sufficient negotiable securities to make a total of \$50,000. From the papers in the package he believed the valuables belonged to the state bank, a few doors away, and hurried there with the money. The cashier quickly identified the parcel and Bohrer was given a reward.

Latest Sport in England

LADIES GLIDING INTO THE WATER.

London, Oct. 28.—A sport which is sure to invade the United States next year is "gliding." It has already popularized itself in England. The apparatus is simple and the sport superb.

Incidentally it is found to create greater interest in airship flying for in effect these gliders are along the same general lines of experiment that the Wright brothers were trying out ten years ago.
