

NOW FEAR RACE WAR IN CAIRO

Governor Deneen, However, Promises Authorities All Assistance Needed.

ALEXANDER IS SAFE FROM MOB

Negro Implicated by James is Locked Up and Mob Decides to Let Matter Rest for While—Soldiers are on Guard and More Troops Will Be Rushed to the City.

Chicago, Nov. 12.—Governor Deneen retired at 3 o'clock this morning at his apartment in the Union League club after directing Acting Adjutant General Dickson at Springfield to arrange for the rushing of another regiment to Cairo early today in case of a violent outbreak of rioting following a night of terror in which two men were lynched. Just before he went to bed, the governor conversed over long distance telephone with Deputy Sheriff Woodward at Cairo. Woodward told him the mob at that time was still restless, that 1,500 men searched freight cars in the yards looking for Alexander, implicated by James in the killing of Miss Pelley. Woodward said what he feared most was a possible race war. He was assured by the governor, the state would furnish all needed assistance. The governor also suggested all saloons be kept closed until the danger had passed.

Alexander Lodged in Jail.

Cairo, Ill., Nov. 12.—Arthur Alexander, the negro implicated in the assault and murder of Anna Pelley, by confession of the lynched negro James, was safely lodged in jail this morning by officers who had him hidden and by putting a policeman's uniform on him helped him to escape detection. The mob turned he was in jail but decided to let the matter rest for the present and dispersed. Two companies of soldiers are on duty and five more are enroute. The city is calm and quiet this morning and no signs can be detected of the mob's work last night by the casual observer.

Militia Cows Mob Spirit.

Cairo, Ill., Nov. 12.—The arrival of five companies of militia this morning apparently cowed the mob spirit and no attempt was made to storm the jail where is confined Arthur Alexander, the negro implicated by James in the killing of Miss Pelley. The jail is surrounded by soldiers, while the adjoining streets are patrolled by detachments of troops. Many citizens, while condemning the action of the mobs, are satisfied with the night's work. Mayor Parsons today said he did not anticipate further trouble.

Negro's Heart is Cut Out.

Some incidents connected with the lynching of James are horrifying. Before the body was burned the negro's head was cut off and placed on a pole, one end of which was stuck-in the ground. The heart was cut out of the body and cut up in pieces and passed among the men as souvenirs. Pieces of the rope, with which James was hanged and dragged, after being soaked in the negro's blood, were handed about as souvenirs.

Rebuke to Delayed Justice.

Cairo, Nov. 12.—The lynching of Henry Salzer, the white man, which followed the death of James last night, was considered a rebuke to delayed justice. The people asked for an immediate trial and ever since the case was put off by the court, dissatisfaction has been universal. Salzer killed his wife with an axe on August 15 last. She was not dead when found and lived long enough to accuse her husband.

MONUMENT IS DEDICATED.

Valor of Mississippi Troops Who Fell in Battle Commemorated.

Vicksburg, Miss., Nov. 12.—A handsome monument and a number of markers erected in the National Military park to commemorate the valor of the Mississippi troops who fought and fell in the defense of Vicksburg were formally dedicated today as the crowning feature of the annual state reunion of the United Confederate Veterans. Several thousand veterans were included in the large assemblage present at the conventions.

Conspicuous among those taking part in the program were Governor Noel and the members of the monument commission. Congressman Humphreys and Col. H. M. Street, speaker of the lower house of the Mississippi legislature, delivered the chief addresses of the day. Governor Noel delivered the speech of presentation and the acceptance address was made by Blewett Lee of Chicago, son of the late Gen. Stephen D. Lee.

APPEAL IN FRAUD CASES.

Chicago, Nov. 12.—The case of the Milwaukee men accused of participation in the Colorado land frauds came up for hearing today in the United States circuit court. The hearing is on the appeal of the government from the decision of Judge Quarles, releasing the defendants on habeas corpus proceedings after they had been bound over for trial in Denver.

BONAPARTE TO PRESIDE OVER NATIONAL MUNICIPAL LEAGUE

Former Attorney General of the United States Will Occupy Chair at Sessions to be Held in Cincinnati Next Week—Important Subjects Are on Program for Discussion.

Cincinnati, O., Nov. 12.—A wide variety of problems relating to the government and betterment of American cities will be wrestled with at the sixteenth annual meeting of the National Municipal League, which is to be held in this city next week in conjunction with the regular convention of the American Civic Association. Every important city of the country will be represented among the delegates, who will number at least 500 according to the reports received by the committee in charge of the local arrangements. The sessions will be presided over by Charles J. Bonaparte of Baltimore, former attorney general of the United States.

Among the subjects that will be discussed at the three days' session are the commission plan of municipal government direct nominations, public municipal budgets and research, immigration, and the relation of the liquor question to municipal affairs.

ANOTHER RECORD BROKEN.

Atlanta, Ga., Nov. 12.—John Alken, driving a National "forty," lowered another American track record at the speedway yesterday. In a furious drive of twenty miles, closely pressed from behind, he set a new mark of 16:42.76. This is 0:11:04 better than Oldfield's record at Indianapolis.

WILL CONDUCT MEETING.

Col. Ben Nelson of Chicago, head of the western department of the Scandinavian Salvation Army in America, will conduct a big meeting at the Swedish Salvation Army hall on Fifth street at 8 o'clock Monday evening. It is likely that several of the local Scandinavian ministers will be present and take part in the meeting.

CALUMET LADY HUNTER.

Mrs. Charles Ulseth Will Endeavor to Get at Least One Deer.

Mr. and Mrs. Charles Ulseth have left for Baraga county points, where they will spend a few days deer hunting. Mrs. Ulseth is the only known Calumet lady hunter who has applied for a deer license thus far. This will be her first trip into the woods in quest of deer. She has spent many days on the banks of streams in the summer-time angling for trout, but the present occasion will be her first hunting experience. She expects to be successful, too. Mr. Ulseth is an experienced hunter.

Deputy Clerk Sakris Silvola reported this morning that to date he has issued more than 200 deer license applications. This does not begin to compare with the number issued last year about this time. Mr. Silvola states, however, that he expects a large demand for licenses tomorrow and Monday. Quite a number have secured leave of absence for next week, and expect to leave for their favorite hunting grounds.

Reports from hunters returning from the woods are to the effect that deer are very plentiful. The story recounting the deeds of Nordstrom Bros., of Mohawk, in last night's News, has fired the imagination of a number of prospective local hunters, and they are making arrangements to get out at their earliest convenience.

A POWERFUL STATION.

United Wireless to Have Up-to-Date Station at the Soo.

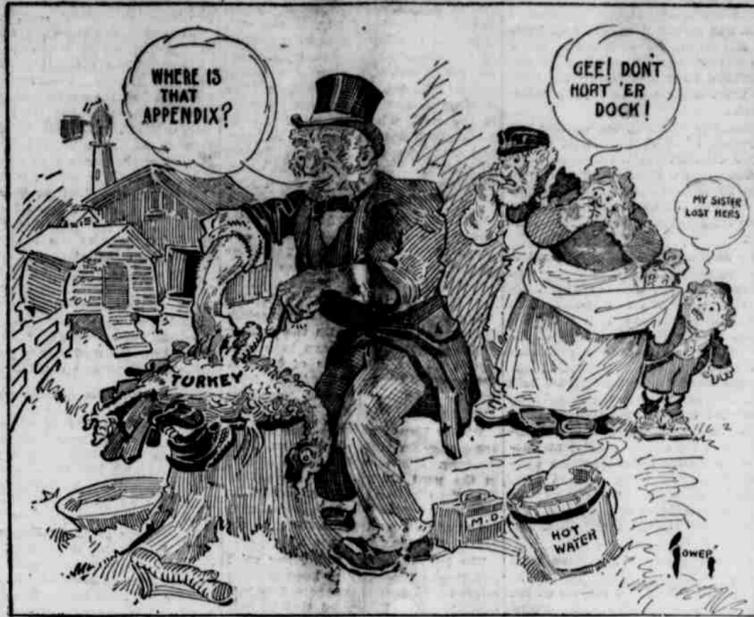

The United Wireless company, which has its station in the Park hotel, will shortly commence work on the site of the proposed new high power station to be constructed near the city pumping station, says the Soo News. The company proposes to get the pits for the tower bases dug before the ground becomes frozen. The construction is not necessary to hurry as it is not the intention to place it in commission until the opening of navigation next year.

This station will be a five-kilowatt plant and one of the strongest on the string of lakes. The Soo station will be a sort of middle ground or distributing center for the entire chain, shooting out messages to Duluth, Buffalo and Chicago. The local plant, as it now stands, is, however, no weakling. It talks regularly with Duluth. A few nights ago the atmospheric conditions were ideal and messages were exchanged with Cape Hatteras, N. C.

The Soo station is to be closed for the winter. It will be shut up when the last vessel equipped with wireless is laid up and opened again immediately in the spring. Prospects for a number of boats being equipped for the winter appear quite rosy. The efficiency of wireless has been fully demonstrated this fall and entire fleets will undoubtedly be fitted up before they start out again next spring. Operator J. F. Cooley has received an offer from his company, and will probably go to Calumet, and take charge of the station there for the winter months. He will assume charge of the local station again next spring.

Leonard Johnson of Laurium, has gone to Duluth where he expects to spend the winter.

WILL THEY BE ABLE TO SAVE HIM?

NEWS NOTE—IT IS REPORTED THAT TURKEYS ARE DYING OF APPENDICITIS.

TWO WOMEN BURNED TO DEATH IN FIRE AT ONTONAGON THIS MORNING

Mrs. James George and Her Daughter, Mrs. Pauline Kaiser, Perish in Flames Which Destroy George Home Early This Morning. Other Occupants of the House Make Their Escape. Rescue of Victims Impossible, the Building Being Quickly Enveloped.

Ontonagon, Mich., Nov. 12.—Special to The News.—Mrs. James George and her daughter, Mrs. Paul Kaiser, aged 47 and 21, respectively, were burned to death early this morning by the destruction of the George home in the village. Mrs. Kaiser was a resident of Rockland, but was visiting her parents, it is believed the explosion of a lamp caused the blaze.

Mr. George got up at 4 o'clock this morning and before going out to get

some wood it is said placed a lamp on the pantry window. When he returned he found the kitchen ablaze. There was too much smoke for him to enter the kitchen, and deciding that the stairs from the upper floor came down into the kitchen, cutting off the escape of the occupants in that way, he went for a ladder. The flames spread rapidly, however, and the house was quickly enveloped. Mrs. George and Mrs. Kaiser were undoubtedly over-

come by smoke before the flames reached them, making their rescue impossible. The house was a two-story apartment tenement, the George family living on one side and the Christianson family on the other. Two George children, aged 8 and 15, respectively, made their escape, and four Christianson children on the other side of the house also got out safely. Mr. Christianson was out hunting at the time. Mr. Christianson is a widower.

MANY OLD MORTGAGES.

Auditor General Has Papers Held by State Since 1837.

Stacked away in the vaults in the auditor general's department are many mortgages against Michigan real estate given the state back in its early days, which Auditor General Fuller will ask the next legislature to allow him to cancel, the purpose for which the mortgages were given as bonds having long since become obsolete.

In 1837 the legislature passed a law requiring Michigan banks to file real estate mortgages as bonds for the faithful performance of their duty as receivers of the people's money for the purpose of deposit. The state was authorized to foreclose the mortgages in case the bank should fail and turn the receipts over for the benefit of depositors, but there was no provision made for cancelling the mortgages when the bank ceased doing business. As a result the mortgages have been retained, long after the banks which gave them had passed out of existence, and simply serving as a cloud on the title of the property covered by them. There have been many requests for the cancellation of the mortgage, but nothing could be done because the auditor lacked authority to take such action. Recently there has been a renewal of complaints regarding the mortgages and Auditor General Fuller will ask the legislature to allow him to clear away the obsolete paper.

HEALTH OFFICERS CONFER.

Large Attendance Marks Opening of New York State Meeting.

Rochester, N. Y., Nov. 10.—An unusually large attendance marked the opening here this afternoon of the ninth annual conference of the health officers of the state of New York. Mayor Edgerton welcomed the visitors and response was made by Dr. E. H. Porter, state commissioner of health. Dr. Charles O. Probst, secretary of the Ohio state board of health, told of the methods and work of his department and Frederick L. Hoffman, a well known statistician of Newark, spoke of the influence of trades on diseases. Governor Hughes and President Rush Rhees of the University of Rochester are scheduled for addresses tonight. The conference will continue its sessions until Saturday.

SOUTH DAKOTA BANK ROBBED.

Waterton, S. D., Nov. 12.—The bank of Norton, S. D., was robbed of twenty-three hundred dollars today by robbers who escaped. The safe and building are wrecked by the explosion.

BIG INCREASE IN HOG PRICES

Average is Thirty Per Cent Higher Than Prices Year Ago at This Time.

Washington, Nov. 12.—A thirty per cent increase in the prices of hogs in the western markets over the prices of a year ago is the average reported by the department of agriculture as prevailing on or about November first. Cattle were approximately eighteen per cent higher. Receipts of cattle during September and October in the principal western markets were about nine per cent greater than during the same months last year. The receipts of hogs, however, in western markets in September and October were nearly twenty per cent less than during the same months last year.

ROOSEVELT IS SAFE.

Nakuru, Nativesha Province, British East Africa, Nov. 12.—A courier arrived today from the Guas Inghu plateau and reported all the members of the American hunting expedition as well.

Considerable interest is being taken in the annual militia Thanksgiving ball to be held in the Light Guard Armory. A very large attendance is expected.

New seating arrangements have been made in the Laurium Commercial school. The number of students have been constantly increasing, until to date the school has a record attendance.

John A. MacAuley of Laurium has gone to Chicago on business. The members of the Laurium May-cabeca will give a card party and dance Tuesday evening of next week in the First National Bank hall.

Joseph Dominico is home from a visit of several months spent in Italy. Mrs. Dan Cronin and child, of Raymond, left last evening for L'Anse-au-Loup, to join Mr. Cronin.

Philip Furlong has gone to L'Anse where he will spend a few days hunting.

The funeral of the late James Barrett, who died at Alhousa this week, was held this morning from the Central Mine church. A number of the members of the Calumet lodges of the I. O. O. F. attended the service.

ITALIAN AMBASSADOR TO U.S. ACCUSED OF BEING APATHETIC

Claimed That Des Planches Did Not Safeguard Italy's Interests in Recent Tariff Revision and Subject Likely Will Cause Lively Debates in the Italian Parliament.

Rome, Nov. 12.—The alleged apathy of Baron Mayor des Planches, the Italian ambassador at Washington, during the late revision of the American customs tariff by the congress of the United States, is likely to be made a subject for lively debates at the session of the Italian parliament which met today. The charge is made that France, Germany and other countries of Europe, through their respective embassies at Washington derived special advantages from the tariff changes, which were lost to Italy through the so-called lethargy of her diplomatic representative. Chambers of Commerce throughout the country, centered in the Union delle Camere di Commercio d'Italia, have joined in a demand for an interpellation of Premier Giolitti upon the floor of the Chamber of Deputies, and it is predicted that the protest may result in the recall of Baron Mayor des Planches.

The opening of parliament was attended by the customary ceremonies. The city was decorated for the occasion, and huge crowds of people assembled to witness the arrival of the senators and deputies. King Victor Emmanuel and Queen Helena were enthusiastically cheered as they drove through the streets, which were lined with troops.

GEORGIA STUDENTS MEET.

Representatives of Educational Institutions Discuss Missions.

Forsyth, Ga., Nov. 12.—Representatives of twenty-two educational institutions were on hand today at the opening of the fourth annual conference of the Georgia Students' Missionary league. The sessions, which are being held at Wesleyan College, will continue over Saturday and Sunday. Features of the initial session this afternoon were the annual reports of the president and other officers, showing that nearly 1,500 Georgia students are now engaged in pursuing mission-study courses, many of them as student-volunteers preparing for foreign fields.

PLANS FOR CANADA'S NAVY.

Three Cruisers and Four Destroyers to Cost \$3,000,000 Yearly.

Ottawa, Ont., Nov. 12.—The extent of Canada's first step toward the creation of a naval force is indicated by the bill which the government will present to parliament early in the session. It will provide for the construction of three second class cruisers and four torpedo boat destroyers. The orders for these vessels will probably be placed in Great Britain as no yard has been yet established in Canada capable of turning out the ships. The bill will also provide for both officers and men. The annual cost of maintenance for the seven vessels is estimated at three million dollars a year.

SYRIAN BEGINS TEST.

Colony at Minneapolis Behind Man Seeking Full Citizenship.

Minneapolis, Nov. 12.—A formal test case to determine whether Syrians can become citizens of the United States was begun here in the district court by Nicholas Kall, of this city, who has notified the court that he would apply for full citizenship. With the assistance of his attorney, who was engaged by the Syrian colony here, Mr. Kall says he will take the matter to the highest court if the bureau of naturalization is successful in opposing the petition in the lower courts. Kall in his petition says he came from Batroun, Syria, in 1901, and that he is Asiatic by birth.

GOMPERS EXPLAINS CASE.

Toronto, Ont., Nov. 12.—President Gompers devoted some time today to explaining to the American Federation of Labor convention the status of the contempt proceedings under which he, Mitchell, and Morrison are sentenced to jail.

WEATHER FORECAST

Partly cloudy tonight and Saturday, freezing temperature tonight. Light northwest winds tonight, coming variable Saturday.

TAFT ATTENDS INAUGURATION

President Witnesses Installation of Dr. Shanklin as Head of Wesleyan.

NUMBER DEGREES CONFERRED

Among Those Honored are Taft, Sherman and Root—Addresses Given by Executive, Root and Other Notables—Many Distinguished Visitors—Taft Goes to Hartford Tonight.

Middletown, Conn., Nov. 12.—With a program of exercises that included addresses by President Taft, Senator Elihu Root and other men of national prominence, Dr. William Arnold Shanklin was today formally installed as president of Wesleyan University. The inauguration ceremonies were held this morning in the Middlesex theater, which was filled to overflowing with students, alumni and other friends of the institution. The interior of the theater was prettily decorated in the university colors—cardinal and black.

President Taft and Governor Weeks, the chief guests of honor, were escorted to the scene of the ceremonies by the Second Regiment of the Connecticut National Guard. Judge H. C. M. Ingraham of Brooklyn, president of the board of trustees, presided over the exercises and presented Dr. Shanklin with the keys and insignia of office. Prof. William North Rice delivered an address of congratulation in behalf of the Wesleyan faculty. The other speakers included ex-President Bradford P. Raymond of Wesleyan University, President A. W. Harris of Northwestern University, President M. Woolsey Stryker of Hamilton college, and President Arthur T. Hadley of Yale University.

The inauguration of Dr. Shanklin was chiefly notable for the general feeling of satisfaction with the men who is to guide the destinies of the great Methodist Episcopal institution of learning. Though born in the east the west has been the scene of the new president's greatest activities. He first attracted public attention as an eloquent and forceful minister while occupying pulpits in Seattle and other cities in the far west. Prior to his election to the presidency of Wesleyan he served for several years as president of Upper Iowa University.

Degrees Are Conferred.

A large number of honorary degrees were conferred at Shanklin's inauguration. These include: Doctor of Divinity, Rev. Richard Watson Cooper, president of Upper Iowa university; Rev. George William Knox, Union Theological seminary; Rev. Thomas Nicholson, corresponding secretary of the board of education of the Methodist Episcopal church; Doctor of Laws, President William Howard Taft, Vice President James Schoolcraft Sherman, Senator Elihu Root of New York, and Elmer Ellsworth Brown, U. S. commissioner of education.

Taft to Visit Hartford.

Hartford, Conn., Nov. 12.—Arrangements on an elaborate scale have been completed for the reception of President Taft, who is coming to Hartford this evening to attend the dedication of the new state arsenal and armory. A special train has been chartered to bring the president from Middletown to this city. The governor's foot guard will escort the president to and from the station.

In addition to President Taft, the notable participants in the dedication exercises will include Governor Frank B. Weeks, ex-Governor Henry Roberts and Major General Leonard Wood, commander of the department of the east. Following the dedication, President Taft and other distinguished guests will be entertained at dinner at the Allyn House.

AVIATION MEET IN CINCY.

Cincinnati, O., Nov. 12.—Thousands of spectators assembled at the Latonia race track today for the opening of the big aviation meet, preparations for which have been going forward for several months. The program of the exhibitions and contests extends over two days and calls for biplane, monoplane and dirigible balloon flights in which Glenn H. Curtis, Roy Knabenshue and other noted aviators are to take part.

LEASE OF LIFE EXTENDED.

National Association of Baseball Clubs Will Continue Until 1921.

Memphis, Tenn., Nov. 12.—An extension of the life of the National Association of Professional Baseball clubs until September 6, 1921, was the feature of the closing session of the annual meeting of the association yesterday.

The committee on revision of the constitution recommended that the national association renew its agreement for ten years. The present agreement, which was entered into at Chicago, September 6, 1901, was to run ten years until 1911. Some of the members held that the association's life expired in 1910 and it was desired to renew it this year rather than take chances on some of the members who feel that it expires next September.
