LOCAL LAYMEN WILL ASSIST NATIONAL MISSIONARY WORK

Preliminary Meeting Last Evening at Y. M. C. A. and Another Meeting is Called for Nov. 29 When it is Proposed to Have All Churches Represented—Object of Movement.

A meeting of several of the laymen of the churches of Calumet was held in the Y. M. C. A. last evening to take steps to co-operate with the laymen's national missionary campaign.

Last night's meeting elected E. T. Daume as chairman, and R. K. Deisher secretary. Another meeting has been called for two weeks from last evening, November 29, when at least five delegates from each of the several churches in Calumet will be asked to attend.

The object of the national campaign is to inspire members of the different churches to active missionary work. The movement is of an entirely inter-denominational character. The platform, as laid down by the national meeting held in Washington, D. C., a few days ago, is as follows:

"The laymen's missionary movement stands for investigation, agitation, and organization—the investigation by laymen of an adequate missionary policy and the organization of laymen to co-operate with the pastors and missionary boards in enlisting the whole church in the supreme work of saving the world."

The Michigan state convention of delegates will be held in Detroit December 4 to 7, and it is quite probable that delegates from Calumet will attend. The Wisconsin meeting is to be held in Milwaukee on April 5 to 7 while the Minnesota convention will be held in Duluth on April 22 to 24 inclusive. It is proposed to hold at least 100 conventions in this country during the winter, the whole to culminate in a great national convention in Chicago May 3 to 6 next year.

The missionary movement among laymen of the churches is not confined to this country by any means. Similar movements are also on the present time in Canada, England and Scotland.

Calumet is considerably interested in the national movement, and already a number of local church workers and laymen have become affiliated. At the next meeting of the laymen to be held in the Y. M. C. A. on Nov. 29, it is hoped that every church in Calumet will be represented by at least five delegates if not more. At this meeting a campaign will be mapped out.

BARBER DISAPPEARS.

The police officers of Calumet are making an effort to locate one Ed. Polcott, until recently connected with the Oak street barber shop, who, it is said, disappeared mysteriously on Sunday, without explaining to his wife, who is in delicate health, the reason for his departure. The charge of wife desertion has been lodged against him, and if he can be located he will be brought back to this city to stand trial. It is believed that he left for Chicago.

LOW RATES TO CHICAGO.

South Shore Road Offering Cut Fare for Several Events.

The South shore road is discussing a rate of a fare and one-half to Chicago and return, tickets going on sale today, and continuing until December 6 at certain dates. All of the tickets are issued limiting them to return, leaving Chicago, December 12.

The National Farm Land congress opens in Chicago today, and will close November 29. Cheap tickets are being issued today to those wishing to attend. The U. S. Land and Immigration exposition opens November 29 to December 4 inclusive, and the International Live Stock exposition will open November 27 to December 10 inclusive.

Excursion tickets go on sale today, November 28, 29, and 30, and December 1, 5 and 6. The fare will be \$14.85 return.

A big traffic out of the copper country is expected during the next four weeks.

SPECIAL OFFERING AT GRINNELL BROS' CAR.

A beautiful Golden Oak, Grinnell Bros' Piano with \$125.00 rental off from the manufacturer's price. The benefit is yours. Call at the sale car, foot of Oak st., Red Jacket.

STEAMER OTTAWA FOUNDERS: CREW IS AT COPPER HARBOR

Big Freighter Meets With Mishap Off Passage Island and Captain and Crew Take to Lifeboats—After Most Harassing Experience They Arrive Safely—Men in Bad Shape.

The freighter Ottawa, bound from Port Arthur, Canada, with a cargo of wheat for Lower town, Ont., foundered off Passage Island, a few miles from Isle Royale, yesterday morning at 10 o'clock, the captain and crew reaching Copper Harbor at 1 o'clock this morning. In a desperate condition, but all hands saved. The steamer and its cargo is feared are a total loss.

As far as can be learned, when just off Passage Island, the steamer was badly buffeted by the waves and wallowing in the trough of the heavy sea the cargo listed heavily, causing the steamer to ship a lot of water. Seeing that it was impossible to right her, the captain and crew abandoned her and took to a lifeboat.

Capt. Birnie of Lower town, Ont., was in command. The captain is in the most serious condition, although some of the members of the crew are also badly used up as a result of their terrible experience on Lake Superior yesterday.

With the sea running high, and only a small lifeboat between them and a watery grave, the members of the crew had a most harassing experience on arrival at Copper Harbor, everything possible was done for their comfort, and they are now being taken care of by the lifesavers and others. It was feared at one time that Capt. Birnie would not rally, but he was reported at the noon hour to be doing nicely, and there is now hope of his recovery.

FINE ATTRACTION COMING.

Parland-Newhall Company Will Be Here Under Y. M. C. A. Auspices.

The next attraction of the entertainment course under the auspices of the Y. M. C. A. will take place on November 22, when the Parland-Newhall company will provide the program.

The Y. M. C. A. is hoping for the co-operation of the public in its lectures and entertainments. It is a new venture on the part of the local institution, and it is up to the public to support it so that it may become an annual feature.

The Parland-Newhall company will come to Calumet highly recommended. It retains its place as the leader of all similar musical attractions in this country. It is one of the companies that is said to be unrivalled in its bell ringing and has raised it from a novelty to a musical feature of artistic merit. The brass quartet is another musical surprise. John F. McCarthy, late of the Royal university, Leipzig, Germany, brings to the company this season additional strength. While his reason will be a notable feature of the program, the richness of tone of the rest of the brass instruments in ensemble will be splendidly in evidence. The male quartet numbers—the result of three years of coaching and rehearsing, together with a careful study of the demands of the more discriminating public audiences—add a finishing touch to an ideal program.

Claude N. Bennett, the talented lecturer, will be the attraction on Dec. 14, while the Vassar Girls will be seen and heard here on April 7. Rev. Andrew Gillies of Minneapolis, the noted preacher and lecturer, will be the attraction on January 11. The course as a whole, is looked upon as one of the best lyceum attractions Calumet has ever had the opportunity to listen to.

Entertainment in Gymnasium.

Secretary Westermann of the Y. M. C. A. was informed this morning that it would be impossible to secure the Calumet theater for the Parland-Newhall entertainment.

In consequence, the entertainment will take place in the gymnasium of the association building. The date will not be changed. The gym will seat at least 500 persons, so that the association should not lose by the change financially.

The reason the Calumet theater cannot be secured is because the Frank E. Long Stock company will be here the week of that date. The association endeavored to change the date with the lyceum company, but this was found impracticable.

PRaises the Road BETWEEN MARQUETTE AND NEGAUNEE

Ben J. Willesen of the Michigan Auto company, returned last evening from a two weeks' trip in the iron country. Mr. Willesen took with him a 1919 Chalmers-Detroit five-passenger touring car for demonstration purposes.

He went from here to Ishpeming with the car by rail. While there he automobilized to Gwinn, the town that is being built by the Cleveland-Cliffs Iron company. Asked how the roads were in that particular section, Mr. Willesen said that he found them in excellent shape, except for one or two spots between Ishpeming and Gwinn. He broke into rhapsodies over the stretch of country between Marquette and Negaunee, saying that there is nothing in this part of the country to compare with it.

Mr. Willesen said that there are not near so many autos to be seen in the iron country as there are in the copper country. As far as he was able to judge the ratio is about two to one. Calumet alone has a total of about 75 machines of all makes and sizes, with three garages, and prospects are that many more machines will be seen here next summer. Mr. Willesen, however, believes there will be many new machines in Marquette county next summer. He has several prospects for placing cars of the Chalmers-Detroit make there. There is no agency for this machine in the iron country, the copper country holding the only agency for more than 100 miles in extent.

SONS OF ST. GEORGE MEET.

Nominations and Election of Officers Take Place Tomorrow Night.

A regular meeting of "One and All" lodge, Sons of St. George, will be held tomorrow evening in the I. O. O. F. block on Fifth street. Nominations and election of officers will take place and it is believed there will be a large attendance.

The big membership fight is on in real earnest now, several members making determined efforts to capture the prize, which will be a trip to the old country and return. George Iles of Tamarack is still leading, but Mr. Iles will have to work hard if he means to stay on top. One or two of the members are giving him a hard chase, and the weekly reports are now being anxiously watched by the members.

SNOW GOOD FOR HUNTING.

The hunting season is on in earnest now, and daily scores of men are taking to the woods.

The Turkey That Gets the Axe

of our supplying will have to get it only once. Like all our tools it is keen edged and "sets" just right for good quick work. Don't forget we have the things in which to cook the turkey too. Can even supply a new range if you need it. And as for pots, pans, kettles, etc., we have them galore.

meeting in the Pullen hall tomorrow evening. An address on the "Origin of Colors," will be given.

Chris Nelson has gone to Saginaw, where he will enter the school for the blind.

Robert Martin of this city, has left for Baraga, where he will take hold of the management of the Baraga County Power Co.

Mrs. Gullstrand has gone to Michigan, where she will spend some time visiting relatives.

Mr. and Mrs. Bert Backus, of Pine street, have been called to Michigan by the death of Mrs. Backus' brother, Ernest Aronson, who was well known here. Tuberculosis was the cause of death. The funeral took place this afternoon in Michigan.

Frank Steek of Raymbaultown, has returned from a hunting trip in Keweenaw county. He shot a deer.

Ben J. Willesen of the Michigan Auto company, is home from a business trip through the iron country.

Attorney Angus W. Kerr left yesterday afternoon for Bete de Gris, where he will spend a couple of days hunting. The funeral of the infant daughter of Mr. and Mrs. Frank Schmoedel, of Yellow Jacket, was held from the residence yesterday afternoon.

Mr. and Mrs. Frank Kaiser of Helena, Mont., who have been visiting Wolverine friends for the past few days, have gone to Hubbell to spend a few days.

LOCAL BREVITIES.

Chris Messner has gone into Keweenaw county on a hunting trip. The Italian Literary society will
