TWENTY-ONE KILLED.

And Thirty Injured in Collision on Ligonier Railroad.

Ligonier, Pa., July 6.—Twenty-one persons were killed, thirty injured, a number of them fatally, at 2:49 yesterday afternoon when a passenger train on the Ligonier Valley railroad was smashed from behind by a double-headed freight train.

The accident occurred at a half-mile from Ligonier, one and a half miles from Ligonier, a summer resort.

The passenger train had started from Ligonier. It consisted of an engine and coach, the engine pushing the coach.

The freight train was made up of many coal cars and was being pulled by two heavy locomotives.

The impact was terrific. The passenger coach was practically laid open and the passengers either crushed or thrown like shot through the air.

A majority of the injured were residents of localities along the Wilpen branch. They were brought to a hospital here or sent to hospitals at Pittsburgh when it was found they were in a critical condition.

FIRE FIGHTER ASLEEP.

Warden Oates Discharges Deputy for Leaving on Job.

Lansing, Mich., July 6.—In order that no bet may be overlooked in the matter of increasing the efficiency of his staff of fire fighters, State Game and Forestry Warden Oates is now in the northern part of the state personally superintending the work.

Reports received at the warden's office in this city indicate that some of the districts are in grave danger unless rain falls at once.

Smouldering fires have been discovered in various places, but so far, they have been stamped out without any serious damage having been done.

In one place Warden Oates discovered a fire fighter fast asleep when he was supposed to be guarding a stretch of woods where a small fire had been reported.

The sleepy sentinel was immediately discharged and another deputy substituted.

INSULT TO BRYAN RESENTED.

Washington, July 6.—Conflicting stories are told of the honoring in office of William J. Bryan at Colonial Beach, a summer resort, near here Wednesday night.

It is said that the banquet was one man, disappointed over the outcome of the convention. Residents of the beach resented the act, tore down the effigy and threw it in the Potomac river.

INVESTIGATING THE PERSONAL HABITS OF JUDGE HANFORD

Seattle, July 6.—Judge Hanford's personal habits were under the investigation of the House Judiciary subcommittee today.

Chairman Graham intimated yesterday that the majority of the committee would scrutinize the evidence offered and exclude what was not material.

Representative Higgins has openly quarreled with his colleagues because of their policy in admitting all the evidence against Hanford that can be obtained and permitting Hanford's counsel to introduce only rebuttal.

ELKS' GOAT IS GONE FOREVER

Efforts to Have Banished Lodge Animal Restored in Initiation Work Has Failed

50,000 MEMBERS TO MARCH

Elaborate Entertainment Provided For Reunion at Portland

Buildings and Streets Are Gay With Decorations of Purple and White.

Portland, July 5.—The efforts of Elks to recover their banished "goat" have failed. Representatives from smaller lodges to the grand lodge session, which will assemble Monday, filed the bill with amendments last night, and attempted to start a movement to have the "goat" re-established in the initiation ceremonies.

Portland, Ore., July 6.—Portland is in gayest attire for the forty-eighth annual grand lodge meeting and reception of the Benevolent and Protective Order of Elks, which is to hold forth here during the whole of next week.

Streets are flaring with purple and white decorations. Downtown streets are lit with flags, streamers and tons of incandescent lights.

The central feature of the decoration scheme is a Court of Honor in the shape of a square and formed by four of the principal streets of the business district.

Elks and their friends straggled into the city today from every direction.

Monday will be devoted to the reception of the visitors. The formal opening of the grand lodge session will take place Monday evening in the Armory.

One thousand automobiles will be put into use Tuesday to convey the visiting Elks and their ladies on sight-seeing trips about the city.

Tuesday night the brilliant electrical parade that has become the noted spectacular feature of Portland's annual Rose Festival will be reproduced for the benefit of the visitors.

Wednesday has been set aside for entertainment at "The Oaks," which is Portland's famous outdoor resort on the Willamette River.

Thursday will be the day of the grand parade, in which some 50,000 Elks in gorgeous costumes will take part.

On Friday a magnificent fleet of naval and merchant vessels will carry the Elks and their families on an excursion down the Willamette and Columbia rivers.

Many to Tour West. The annual grand ball, the principal social feature of every Elks session, will take place Friday night at the Maitland hotel.

No set program has been prepared for Saturday, the closing day of the reunion, but free automobile and boat

LIFE'S DISAPPOINTMENTS

GRABOWER, STAFFORD, WESTLAKE AND OTHERS SUFFER BIG LOSSES.

Marquette, Mich., July 5.—Fire of unknown origin last night destroyed the Vierling and Bacon blocks on Front street, inflicting damages estimated at \$150,000.

The Marquette fire department summoned assistance from Neenah and Ishpeming. The combined companies fought the blaze for three hours before getting it under control.

The losses were as follows: A. Westlake, \$20,000; Louis Grabower, \$50,000; E. O. Stafford, \$18,000; A. L. Hunter, (estimated), \$2,000; David Murray estate, \$3,000; Martin Vierling (estimated), \$20,000; Marquette Bowling Ass'n, (estimated), \$2,000; Harrow estate, \$2,000.

Total, \$141,000. These figures are conservative. The damage on the Harrow estate buildings is based on their earning power, and it is by no means representative of the cost of duplicating the burned structures.

The losses are partially covered by insurance.

FEDERAL AID IS ASKED.

The aid of federal officers has been asked by the members of the C. & H. Rod and Gun Club in locating J. H. Stephens, in whom the club sent money raised by public subscription some months ago for the purpose of securing back rabbits with which to stock the woods of the paper country, and who has not been heard from since.

UPHOLDS WOMAN'S USE OF HATPIN AS A WEAPON

Baton Rouge, July 6.—The hatpin is the woman's weapon of defense. It is like her tongue, said Senator Vincent, on the Senate floor today.

Other senators agreed with Vincent, and the bill providing that hatpins be either protected, or shortened, was side-tracked indefinitely.

service will be available for all visiting lodgesmen. When the gathering breaks up large parties of Eastern visitors will begin a tour of California, Washington, British Columbia and the entire Pacific Coast country before turning their faces homeward.

At many points included in the itinerary of these parties the local lodges of Elks are arranging special entertainments for the tourists.

TROUBLE CAME OFTEN TO HER

Aged Kentucky Woman Dies Today After a Life Filled With Grim Tragedies

HER FIVE CHILDREN KILLED

Son-in-Law and Grandson Also Met Violent Deaths

She Herself Fell Two Weeks Ago Broke One of Her Legs.

Hewesville, Ky., July 6.—Hancock county's "trouble woman," Mrs. Nancy Newman, aged 67, is dead here. She was the last of thirteen brothers and sisters, whose stepfather, Capt. John Stock, was the first sheriff of the county.

Tragedies came often into Mrs. Newman's life. Her youngest child was galled to death in a tanning vat; a second was buried to death on the home hearth two weeks later; a third, a Confederate soldier, was murdered in a riot at Mobile; a fourth was killed two years ago when a horse fell on him; and a fifth met death in a runaway five years ago.

Her son-in-law and grandson met violent deaths, and the aged woman herself, two weeks ago, fell and broke a leg, which had not begun to mend when she died.

RUSSELL WILL CASE.

Will Be Called Again Next Week, But Likely Postponed.

Boston, Mass., July 6.—The famous Russell will case is due for another airing in the courts at East Cambridge next week, but owing to the summer vacation season, it is thought likely an adjournment of the trial until fall will be agreed upon when the case is called on Monday.

The building, which was owned by Mr. Lamondra was insured for \$1,000, which will fully cover the loss.

Freeman John Hermann ran into a dog and was thrown from his bicycle just outside the fire, as he was responding to the alarm. He suffered a bad cut on his upper lip and was quite seriously bruised.

Fred Lantz, manager of Baer Bros. meat market, who resides in the Ruppel flats suffered a badly cut foot, when he was turning out to the fire. Mr. Lantz was hurrying to care for the delivery horses of the Baer Bros. market which were stalled in the building adjoining the blacksmith shop.

SAYS BURNING ISSUE IS HIGH COST OF LIVING

Candidate Wilson Declares Protective Tariff Lies at Heart of the Problem

RECEIVING CAMPAIGN FUNDS

Nominee Gets Contributions From Five to Hundred

HAS SUPPORT OF UNDERWOOD

Standard Bearer Will Not Say Whether He Will "Go to Mat" With T. R.

Sea Girt, N. J., July 6.—Wilson expressed the opinion today that the high cost of living is the burning issue of the hour and that "at its heart lies the high protective tariff." He said he expects to cover the issue fully in his speech of acceptance, and in every campaign speech.

"Do you intend," Governor Wilson was asked, "to take up your coat and go to the mat with Col. Roosevelt on the question?"

"That sounds decidedly strenuous, doesn't it?" he commented, laughing. "I intend to cover the matter in speeches. I cannot indicate just now what I shall say."

"The most interesting features of my mail today," Wilson continued, "are contributions from five dollars to one hundred dollars. That pleases me greatly, because it is my idea of the right kind of campaign funds."

Wilson made public today a letter from Senator Bankhead of Alabama, manager of Underwood's campaign, assuring him of the enthusiastic support of representative Underwood and all his friends.

QUICK WORK BY FIREMEN.

Lamondra Blacksmith Shop Damaged by Flames This Morning.

Fire of unknown origin did considerable damage to the Lamondra blacksmith shop, located on the Sauer lot, opposite the Ryan barn, Sixth street, about 2:30 o'clock this morning.

The shop has been closed for business for about one week it is difficult to understand how the fire could have started. Incendiarism is not suspected, however.

The fire had gained considerable headway before it was detected and the frame building was a mass of flames when the Red Jacket department responded.

The building was of such construction however, that no difficulty was experienced in fighting the blaze which was speedily subdued by three well directed streams.

The Red Jacket department is entitled to considerable credit for the able manner in which the fire was handled and but for the prompt and efficient work, a much greater loss would have resulted.

The building, which was owned by Mr. Lamondra was insured for \$1,000, which will fully cover the loss.

Freeman John Hermann ran into a dog and was thrown from his bicycle just outside the fire, as he was responding to the alarm. He suffered a bad cut on his upper lip and was quite seriously bruised.

Fred Lantz, manager of Baer Bros. meat market, who resides in the Ruppel flats suffered a badly cut foot, when he was turning out to the fire. Mr. Lantz was hurrying to care for the delivery horses of the Baer Bros. market which were stalled in the building adjoining the blacksmith shop.

HOME GROWN STRAWBERRIES.

Now is the time for preserving the luscious home grown Ontonagon and Torch Lake strawberries.

E. R. Godfrey & Co. distributors for the Paton and Levesque Trap Rock valley berries and for the Nehmer and Sons' berries grown in the fertile Ontonagon valley, are receiving their first consignments this week, and they are now on sale in all markets.

The berries are of an exceptional quality and are much preferred by housewives who preserve their own fruit.

Although a few weeks ago, it was stated the strawberry crop would be a bumper one this year, recent weather conditions have caused a decided change and it is now claimed the crop will fall considerably short of other seasons.

The berries are ripening so fast that difficulty will be experienced in handling them and keeping them in good condition.

The suggestion is offered that Calumet housewives should preserve the fruit next week, if they want to be certain of getting the best.

Last year, E. R. Godfrey and Sons received about 5,000 sixteen quart cases from Paton and Levesque and about 3,500 sixteen quart cases of Ontonagon berries. This year's crop is likely to be much smaller.

MEXICAN REBEL FORCE IS REDUCED BY DESERTIONS

El Paso, July 6.—Desertions, because of lack of food, money and the Federal triumph, has reduced the Rebel Mexican army. It is estimated today to thirty-five hundred men.

Already the Rebel invasion of the state of Sonora has begun under General Campa with a thousand men. En route from Agua Prieta, to Chihuahua, is a Federal column of nine thousand.
