Sir Thomas Lipton Denies Reports Being Circulated

New York, Oct. 26.—It is reported that Sir Thom. Lipton is trying to make arrangements for another race for America's cup, which he already has tried to win three times with the Shamocks. This report is contradicted by A. W. Melville, who is the representative of Sir Thomas Lipton in this country.

Three years ago Sir Thomas came here to make an extended tour of this country, which he never had been able to do. He wanted to visit Canada, cross the Rockies, see the far west and Pacific coast and then visit the south, but after he had been here a few weeks, he was called home on important business and had to cancel all engagements. Now he intends to continue what he started then. He will spend a few days in New York and then go to Canada before the weather gets very cold. He will visit Toronto, Montreal, Quebec, Ottawa, Winnipeg and cross Canada to the Pacific coast. Then he intends to visit San Francisco and come back to the east by way of Denver and St. Louis, with possibly a side trip to the south. Then, after a stay in this city he will return home.

Speaking of this trip in London recently Sir Thomas said: "The report that I am going to try to arrange another race for the America's cup is not correct. I am still anxious to arrange another race, and nothing would please me more than that the New York Yacht club should agree to race under its own rule of measurement. I have stated my stand many times, so that every one knows what I want and where I stand. It is an old subject now and I expect to do nothing in the matter while I am in the United States."

AD TO FIGHT RICHIE.

Thanksgiving Day Battle Between Two Proposed.

New York, Oct. 26.—Although Promoter Jim Coffroth of San Francisco, has stated flatly that he will not do business with Billy Nolan manager of Willie Hitchcock, present indications are that Hitchcock will be Ad Wolskel's opponent on Thanksgiving day, provided Wolskel keeps his engagement with Coffroth or is not knocked out by Joe Jander on Nov. 4.

Hitchcock, if believed, will break away from Nolan and personally conduct negotiations with Coffroth for the "Turkey day" match, again assuming relations with Nolan after its consummation.

\$1,500 BONUS FOR BEATING THE CUBS

No wonder Ed Walsh permitted the Cubs to secure only five hits in the final game of the Chicago city championship series. And likewise no wonder that he shut them out.

There was more at stake in that game for Walsh than for any other player.

Prior to the start of the contest Charley Coniskey, owner of the White Sox, called Walsh aside and informed him there was a check for \$1,500 in excess of the money he would receive as his share of the series spoils, would be ready for him if he beat the Cubs.

S. D. WORKING HARD.

Will Have Strongest Lineup Against Wolverines.

Vermont, S. D., October 26.—With but one game between now and the approaching battle with the Wolverines, Coach Jimmy Henderson is trying out everything which until now he has kept up his sleeve and the team is at last beginning to show the benefit of superior coaching.

Among the men of the backfield who are expected to do things in the game with Michigan are Sheeks Ferguson, Billy Meeter and Capt. Coffey. All are experienced men of a class never before known by South Dakota. Sheeks and Inlay are the speed boys of the team. Both are exceptionally fine broken field runners.

Just now Henderson is devoting much attention to the line. There is only one questionable position, and Henderson says this doubt will be eliminated by Saturday. Grown and Downing, tackles, are both men of three years' varsity experience and are playing the best game of their lives. Potts at center has always been the wonder of this team and Henderson expects him to outplay his man on November 2 at Ann Arbor.

UNIFORM BOXING RULES.

Authorities are Considering New Weight Schedule.

New York, Oct. 26.—The movement to establish an international set of rules and weights to govern all boxing matches in America, England and France is now in concrete form. The men who supervise boxing here and abroad have agreed on a new set of rules and a way to properly enforce them.

The weight which will govern championship contests has been decided upon in a general way, but the matter of poundage in each class has not yet been established. This will be the subject of future correspondence before the scale is fixed. As those in control of the sport are of one mind for a universal code of rules and weights, it is only a matter of six weeks or two months at most before boxing rules in America, England and France will be uniform.

Commissioners Dixon and O'Neil yesterday passed the following scale of weights and will forward it to France and England for approval:

Table with 4 columns: Class, Wt., Amer. Eng. Proposed. Rows include Flyer (petite), Bantam, Feather, Light, Welter, Middle, and Heavy.

DOJIN TIFED OF "VODVIL"

Charles Dojin has tired of the dull application of urase paint, the dominion of summer clothing when the snow is six feet deep, and the dreary nights in hotels and on Pullmans. In other words, the Phillies manager has tired of "Vodvil" as one-half of the Dojin-McCool sketch. An owner, manager and promoter of vaudeville—that is what Dojin soon will have inscribed on his cards. The manager of the Phillies is trying to purchase a small theater and hopes to entertain North Philadelphia crowds.

NEW PLAN TO REVIVE RACING

New York Enthusiasts Start Subscription List For Funds

New York, Oct. 26.—The Piping Rock club has come forward with an other plan for the revival of racing as a result of the success of the subscription pony race scheme that has turned out such a success. At a dinner at the clubhouse recently Thomas Hitchcock proposed that the subscription plan should be applied to the purchase of yearling thoroughbreds to be trained and raced at Piping Rock.

His proposal was that twenty gentlemen should subscribe \$1,000 each to a fund, approximately half of which should be used in the purchase of twenty yearling thoroughbreds, the balance of the fund to constitute a purse for which the colts would be raced at Piping Rock as 2-year-olds and again as 3-year-olds, the colts to be purchased by a committee and distributed among the subscribers by lot.

Twenty-four of the gentlemen present at once became subscribers and the indications are that at least thirty subscribers will be received. The plan was entrusted to a committee consisting of Thomas Hitchcock, Joseph E. Davis and Paul D. Cravath.

It is expected that the racing thus afforded will serve as a nucleus for a great deal of racing at Piping Rock. Among the subscribers to the new plan are Herbert L. Pratt, Thomas Hitchcock, Kenneth B. Schley, Walter J. Rosen, Mortimer L. Schiff, F. Ambrose Clarke, H. P. Whitney, W. B. Cocks, Raymond G. Smith, Jay F. Carlisle, two; Anton G. Hoseney, Paul D. Cravath, Frank H. Hitchcock, Frederick Johnson, C. G. K. Billings, Allan Finkerton, W. R. Grace, three; Hon. John J. Graham, John T. Pratt and Harvey Ledew.

ALIBI HAS ARRIVED.

Snodgrass Admits That He Really Did Drop That Ball.

Los Angeles, Oct. 26.—Fred Snodgrass, center fielder for the New York National league baseball club, whose puff of a fly ball in the tenth inning of the game aided Boston in winning the world's championship, arrived here today to spend the winter. He was accompanied by Art Shafter, utility infielder of the same team. Snodgrass will play with the Oxard team during the winter. Snodgrass said that he was "frozen to the marrow" when his fatal misplay occurred.

"I did not seem to be able to hold the ball," he said. "It just dropped out of the glove and that was all there was to it." He said he was more sorry on Mathewson's account than his own.

HERZOG BACK TO COLLEGE.

Charles L. Herzog, the sensational bird houseman of the New York Giants, is to enter Cornell university his fall to take a course in the state agricultural college. Herzog is an ardent scientific farming enthusiast and sends that part of the year that he is not devoted to baseball in his beautiful Maryland estate, which includes one of the largest and richest farms along the famous eastern shore.

ATHLETICS TO VISIT CUBA.

Philadelphia, Pa., Oct. 26.—The Philadelphia team of the American baseball league, headed by Captain Danny Murphy, leave today for a barnstorming tour of Cuba. The trip to the island is to be made by way of Key West, with exhibition games on the journey south at Greenville, N. C., Savannah and Jacksonville. The players expect to return home shortly after Thanksgiving Day.

CUBAN PLAYER HONORED

Almeida Marsans, who was a tower of strength to the Cincinnati Reds this year, was presented with a gold medal by the Havana city council when he returned from the United States.

TORCH LAKE

WEDDED THIS MORNING.

Joseph Courtois Takes Keweenaw County Girl as Bride. A wedding ceremony was solemnized at the Sacred Heart church at Calumet this morning which united Miss Alma Lambert of the Almeek to Joseph Courtois, the latter of Lake Linden. The ceremony took place at 7 o'clock in the presence of only the immediate relatives. The bride was attended by Miss Agnes Courtois, sister of the groom, while the groom was supported by Eugene Lamotte of Tamarack City.

Following the ceremony the members of the wedding party went to the home of the bride's parents at Almeek, where a wedding breakfast was served. Mr. and Mrs. Courtois were royally entertained during the afternoon, and a reception will be held again this evening. They will take their home on Calumet-st., Lake Linden, and will be at home to their friends after November 15.

BASEBALL TEAM DANCE.

The past season has not been a very fruitful one for baseball teams, especially the league team of Hubbard, so the club has arranged for a promenade Saturday evening, Nov. 2, in Paul's hall. Harp's orchestra will play for the dancers. The players will dispose of dance tickets in advance and the fans are kindly asked to buy tickets to help out the team.

LARGE CROWD HEARS JONES.

Judging from the large audience in the city hall last evening, there are a large number of Roosevelt supporters in the Torch Lake town. W. E. Jones of Crispie Creek, Colo., was the speaker of the evening and throughout his remarks he lauded Roosevelt. However, Jones is a very interesting speaker and those who heard him were well pleased.

TORCH LAKE BREVITIES.

Daniel Thayer, local cobbler, expects to leave next week for the Saskatchewan district. He will take his family with him, and two or three other Finnish residents and their families if the county will accompany them. The local rooms of the Torch Lake Social and Athletic association are constantly used by members of the organization.

P. J. Hein has moved his pool table from the Frathen building to the Sarrazin structure opposite the city hall.

ST. LOUIS AMERICANS ARE AFTER BRESNAHAN

St. Louis, Mo., Oct. 26.—Rumors were in circulation today that President Robert L. Hodges of the St. Louis Americans was after Roger Bresnahan, former leader of the Cardinals, to manage his club next season, and was ready to pay the pitcher the \$100,000 a year his contract with the St. Louis National league team calls for, but not the 10 per cent of the profits. It is believed Bresnahan would be peculiarly valuable to the St. Louis American team because of his ability to steady young pitchers.

KRAENZLEIN GOING ABROAD.

Alvin Kraenzlein, ex-coach of the University of Michigan track team, who is one of the greatest all-around athletes ever developed in America, will spend two years abroad. It is possible he may sign to coach some of the European athletes in preparation for the 1916 Olympic games in Berlin.

VALUABLE HORSEFLESH.

Lexington, Ky., Oct. 26.—Five noted brood mares, the best of James R. Keweenaw's famous stock farm holdings here were purchased today by Frank J. Gould for \$50,000, the highest price ever paid for a similar lot at one time. The mares will be taken to Gould's stock farm in France.

DEAL FOR THE PALESTRA OFF

Big Rink Will Be Conducted This Year as in Past

Negotiations which have been conducted for some time past by the management of the C. & H. band with a view of purchasing the Palestra rink of Laurium are off. Manager Cowley of the band announced today that it had been found that the expense of moving the big rink would be prohibitive and that nothing further would be done with the rink project this winter. This decision means that the Palestra will continue to be the only big hockey rink in Calumet or Laurium.

WHITELAW REID IS 75.

It is rumored he soon will retire from Ambassadorship.

New York, Oct. 26.—Whitelaw Reid the American ambassador to Great Britain, will celebrate his seventy-fifth birthday anniversary tomorrow. He is now at his home in this city on leave of absence. Rumors are in circulation that he may even retire from the ambassadorship, owing to his age and a desire to give closer attention to his interests at home.

Mr. Reid has had a career filled with many successes and honors. He is a native of Ohio and a graduate of Miami University. He joined the Republican party at its birth, made political speeches for Fremont in 1856, and advocated the nomination of Lincoln in 1860. He was a civil war correspondent for a Cincinnati paper and after the war accepted an invitation from Horace Greeley to join the staff of The Tribune. The following year he became its managing editor, and upon the death of Mr. Greeley in 1872 Mr. Reid became chief proprietor of the paper.

Mr. Reid has held his post of ambassador to the Court of St. James for more than seven years, a record without parallel in the history of the American diplomatic service. Previous to his appointment in 1905 he had represented his country at Queen Victoria's Jubilee in 1897, as one of the commissioners who negotiated the peace treaty with Spain in 1898, and as the representative of the president at the coronation of King Edward in 1902. In 1892 he was the candidate of the Republican party for vice president of the United States.

MORE MEN THAN WOMEN

New York Census Shows Some Surprising Figures. New York, October 26.—A census bulletin recently published has caused considerable surprise and speculation throughout the city. The bulletin revealed that there were more men and girls in Greater New York than ever before. An analysis of the figures shows that in four of the five boroughs of Greater New York the male outnumbered the female population and that in the borough of Brooklyn alone the female population exceeds in number the male by nearly fifteen thousand. The figures for the whole city show a proportionate increase in the male population over the proportional rate ten years ago and this is attributed to immigration. Why the borough of Brooklyn should show so great a preponderance of the female sex, while all other boroughs show a preponderance of the males, is difficult to explain and many theories have been advanced to account for it. The probable reason may be in the fact that Brooklyn is what might be called a "City of Homes" to a greater extent than any of the other boroughs. It has a large foreign population, including many annually large families. A comparison with the figures of ten years ago shows, however, that even in Brooklyn the number of males is increasing at a proportionately greater rate than the number of females.

WILLIAM H. HILL

Progressive Candidate Congressman-at-Large. Every voter has the right to vote for this office. It is a State office and your vote for Mr. Hill will not affect any District Congressman.

Mr. Hill was born in Steuben County, N. Y. After attending district school until fifteen years of age, he worked for his board and tuition at Cayuga Military School, Aurora, N. Y., in vacation periods working on farms or doing anything to earn a honest dollar.

After finishing his three years' literary course Mr. Hill went west and fitted himself for the drug business, and traveled a number of years in that line. He moved to Detroit in 1885, where he has been manufacturing drug specialties and metallic furniture with marked success.

He has been a life-long Republican, and has always been known as a Progressive. He was a staunch supporter of the late Mayor Pingree at the time he made his successful fight for the Municipal Lighting System.

Mr. Hill has always felt there should be some law whereby combinations of capital and great corporations can be controlled, and believes that an industrial commission should be appointed with full power over all corporations engaged in interstate commerce, on a plan similar to that which now controls the national banks, and thereby give the small business men the same opportunity, under the laws, as the corporations.

The members of the Italian Children's League of Laurium will attend the funeral of the late John Doster, who was killed in the C. & H. mine this week, which will be held from the St. Mary's church tomorrow.

The Laurium Pythian Sisters will give a Halloween party in the bank hall next Tuesday evening.

The Laurium council likely will hold its next meeting on Monday, Nov. 4, because of the fact that the regular meeting night, Nov. 5 is election night.

HANDS CRACKING AND BLEEDING

With Eczema, Watery Blisters, Disfigured and Sore. Could Not Put Them in Water, Cuticura Soap and Ointment Cured.

St. Clair, Mo.—"My trouble began about fifteen years ago. It was what some claimed eczema. The form the disease worked under was a breaking out with watery blisters on my hands which would then dry and scale, and then would follow the trouble of cracking and bleeding, also itching and hurting. My hands were disfigured at the time, and sore. The trouble was very annoying and disturbed my sleep. This last February it was ever so much worse than before. I did not do all my work on account of the condition of my hands. I could not get them in water without making them worse. I tried a lot of home remedies, also salves and lotions that claimed to be a cure for the trouble, but I did not obtain a cure.

"At last I saw the advertisement for Cuticura Soap and Ointment. I sent for a sample. I thought it would cure, so I sent for a fifty-cent box of Cuticura Ointment and some Cuticura Soap. A doctor advised me to keep ahead with the Cuticura Soap and Ointment and they cured me completely. No trace of the trouble remains." (Signed) Mrs. Mary Taylor, Mar. 29, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."
