FACE DISGRACEFUL

Large Scabs Would Form, Fester and Break. Itching and Burning. Kept from Sleeping, Cuticura Soap and Ointment Cured.

Sloux Falls, S. D .- "My trouble of skin disease started merely as a rash on my face and neck, but it grew and kept getting worse that large seates would form, faster and break. This was just on the one side of my face, but it soon scattered to the other side. I suffer the other side. I suffered a

great deal especially at night on account of its itching and burning. I would scratch it and of course that irritated it very much. This rash was on my face for about two years sometimes breaking out lots worse and forming larger sores. It kept me from sleeping day or

night for a couple of months. My face looked disgraceful, and I was almost as hanced to be seen by my friends. "A friend asked me to try Cuticura Soap and Cuticura Ointment. I would hathe my

face with hot water and a lot of Cuticura Soap, then I would put on the Cuticura Ointment. In less than two days' time, the soreness and inflammation had almost entirely disappeared, and in four weeks time you could not see any of the rasts, Now my face is without a spot of any kind. I also use them for my scalp and hair. They cured me completely." (Signed) Miss Panny Hutchins, Feb. 6, 1912.
