

WOULD REMOVE ALL INFLUENCES

**Senator Cummins Says One Term
of Six Years Would Help
the President**

COULD ENFORCE SHERMAN ACT

**Executive Would Be Free to Act
Regardless of Politics**

WORKS RESOLUTION DEBATED

Washington, Feb. 1.—With all of the proposed amendments, to exempt Taft, Roosevelt and Wilson from its operation, having been defeated, the Senate today began the debate upon the Works' single six-year term resolution.

Senator Cummins opened the debate. He declared that with the exception of George Washington those presidents who had served two terms would have been better had they served but one. He declared the presidents work often neglected badly, and performed "because of the attention to the effects of re-nomination and re-election."

"I believe the president can do his duty more efficiently if no influence can affect him," he said. "I think the Sherman anti-trust law could be more thoroughly administered and more energetically applied to all person alike if the president was free from all the influences which these great interests exert."

CARKEEK GETS SIX MONTHS.

**Former Wrestler Will Serve for At-
tempting to Defraud.**

Jack Carkeek, the former champion Cornish wrestler of the world, formerly of the copper country, will be an inmate of a Minnesota workhouse for the next six months, he having pleaded guilty to the charge of attempting to defraud a Minnesota man, of his case a St. Paul dispatch says.

"Charles Glass, alias Clarence Glass, arrested in Chicago today at the instigation of Chief of Police Flanagan, is said to have had a hand in the attempt to swindle William Schenck of Delany, Minn., out of \$2,500 in St. Paul on Nov. 29 last. Jack Carkeek, wrestler, and alleged member of the notorious Mabray gang of swindlers, pleaded guilty last week to the attempted swindling and went to the workhouse yesterday to begin a six months' term. Chief Flanagan says 'Glass broke away from the detectives at the time of Carkeek's arrest. Detective Michael Daly has been sent to Chicago for Glass.'

GIVE GOOD MINSTREL SHOW.

**Youthful Amateurs Will Repeat Per-
formance at the Crown.**

Last night's minstrel show at the Crown theater was one of the best amateur efforts ever offered on a local stage. This is especially emphatic because of the youthfulness of the participants. The theater was crowded with an enthusiastic audience, and the announcement by Desmond Ellery, the popular vocalist, that the entertainment would be replaced next Tuesday evening, with new jokes and songs, was received with pleasure.

The work of the Glasson Bros., as "end men," little Miss Raphino in her song, "Silver Threads Among the Gold," Master Wilton James in "You'll Do the Same Thing Over," and the interludic work of Melville Glasson are all worthy of special mention. The children presented an excellent appearance grouped on the stage, and showed evidences of careful training, thanks to efforts of Mr. Ellery.

TARIFF HEARINGS ARE CLOSED.

Washington, Feb. 1.—The tariff hearings were finally closed today after Thomas Lane of New York had spoken in the interest of church statutory. With the evidence all in the committee is ready to proceed next week in executive sessions, possibly day and night, in the formulation of tentative legislation for the incoming Congress.

TAFT AND WILSON, GUESTS.

Washington, Feb. 1.—President Taft and President-elect Wilson will be guests of honor of the National Women's Suffrage association at the big banquet March 3rd. The two will occupy the same box on a large stand in front of the treasury.

ENGINEER AND FIREMAN KILLED

Chicago, Feb. 1.—Engineer Richard Reed and Fireman Jeremiah O'Leary of a switch engine were killed today in a collision with a Michigan Central freight train in the south side yards.

BRIEF ITEMS HOT OFF THE WIRES

Chicago Man is Elected.

Washington, Feb. 1.—Harry A. Wheeler of Chicago, has accepted the presidency of the chamber of commerce of the United States for 1913.

Church Built in Day Burns.

Beloit, Wis., Feb. 1.—The Christian church, which was constructed in a single day two years ago, was destroyed by fire today.

Former Ambassador Dead.

Berlin, Feb. 1.—Doctor Theo. Von Hollenhen, formerly German ambassador at Washington, died here today aged 75. He had been seriously ill for two weeks.

Suicides With Father's Sword.

New York, Feb. 1.—Louis Duryia, a Brooklyn youth, tied his father's sword to a chair, then lunged forward and impaled himself on the blade. He left a note explaining his suicide.

Girl Born to Mrs. Becker.

New York, Feb. 1.—Mrs. Charles Becker, wife of Lieutenant Becker, now in the death house at Sing Sing awaiting execution for the murder of Rosenthal, gave birth to a baby girl today.

Pauline to Former Owner.

Washington, Feb. 1.—Pauline Wayne, President Taft's famous Holstein cow, will follow him into retirement on March 4th. The president today gave her back to Senator Stephenson of Wisconsin, her former owner, who is glad to get her back, for the famous cow had supplied milk to the family of a president for two years. Pauline has not been in the best of health for several months.

Thorpe's Trophies Sent Back.

New York, Feb. 1.—The miniature Viking ship and bust of the king of Sweden—trophies of James Thorpe's prowess on the Olympic field—went back to Stockholm today on the liner New York. They were consigned to Secretary Helstrom of the Olympic committee by Secretary Sullivan of the Amateur Athletic union. Thorpe returned them to the union after his confession of professionalism.

Suffragettes Are Feared.

London, Feb. 1.—Owing to threats by militant suffragettes to wreck public property until their demands are granted, the royal palaces of Kensington, Hampton Court, Kew and Holywood have been closed to the public until further notice. It is reported the public museums and similar institutions also will be closed.

A suffragette entered the tower of London today and smashed the glass in a case in the jewel house with a piece of iron hidden in the sleeve of her coat. She was arrested.

NATIVES OF INDIA USE GOLD CARELESSLY; BURY IT, TOO

London, Feb. 1.—There is buried in India every year a sum of gold equal to the amount taken yearly from the mines of South Africa. The African miners extract this treasure from the grip of the earth to put it in circulation; the natives of India seize it with avidity, hoard it and hide it, save it and lay it away. They guard it for the future and effectively remove it from circulation. Thus is the work of the South African miner largely nullified.

These facts are derived from statistics issued lately by a firm of Indian bankers, and the amount of wealth in gold, jewels and precious stones stored away and buried in India today is practically incalculable.

Gold is put also to some queer uses in India. In some parts of the country this gold leaves are taken by the people for medicinal purposes, and thousands of dollars' worth is consumed in regilding the domes of religious buildings. A brisk demand having recently been noticed for sovereigns with a shield on the obverse side, an inquiry was made and it was found that a certain rajah had imported them to form a centre to each tiny pane in the windows of his palace.

F. OF A. GOES TO FREDA.

Court North Star, Foresters of America, will have charge of the degree work in connection with the instituting of Court Lake Shore at Freda this evening. A special train over the Copper Range will leave Calumet this evening, bearing the members of Courts North Star, Stanton of Mohawk, Traverse of Gay, John A. Bobb of Wolverine and Golden Eagle of Hubbell who will attend this big function. Special rates have been secured.

LECTURE TONIGHT.

Rev. C. M. Merrill, of the Tamarack M. E. church, will give an illustrated lecture in the church this evening, commencing at 7:30 o'clock on the "Yellowstone Park." Rev. Mr. Merrill has secured all of Rev. L. K. Long's stereoscopic slides of park views. The lecture is one full of interest, and a large audience is expected.

Next Tuesday evening, Prof. J. N. Kiddall of Northfield, Minn., a member of the college of that city, will conduct a preaching service in the Norwegian Lutheran church. The choir will be in attendance and special music rendered.

THOSE NAUGHTY COLLEGE BOYS!

**They Plan to Break Up Parade of
Suffragists by Use of
Mice and Rats**

MY! MY! WHAT A SCAMPING!

**Rodents to Be Released At Vari-
ous Points At Same Time**

WOMEN ARE GREATLY DISMAYED

Washington, Feb. 1.—Scampering rats and mice are counted on by college students to stampede the suffragists' parade on March 3rd, and the unusual demand for rodents was explained today when the plot, that has spread virtually to every college capital, was learned.

College students intend to post their forces on Pennsylvania avenue and at a prearranged signal dash into the marching line with handbags or parcels containing mice, shaking them out into the street. They anticipate the greatest display of hosiery and lingerie ever seen.

The police have promised protection, but cannot make arrests until after the mice are liberated, and the women, greatly dismayed, fail to see how arrests will remedy the situation.

WILL PAY ON FIFTEENTH.

**South Shore Employees to Get Their
Checks Ten Days Earlier.**

E. W. Allen, of Marquette, treasurer of the South Shore Railway company, has announced, that beginning next month the company's employees hereafter will be paid on the fifteenth of each month, instead of on the twenty-fifth. This decision was reached after the officials had considered at some length the advisability of changing the pay-days to suit the needs of the men, who desired to procure their moneys as early as possible in the month.

There had been a rumor for the last two weeks or more that the South Shore hereafter would pay twice each month, beginning in February, says the Mining Journal, but Mr. Allen denies that any step in this direction has been taken. The fifteenth of the month has been chosen as pay day merely because it is the most convenient date on which the company can meet the payroll between the first and twenty-fifth. The change will be a boon to all employees whose obligations are usually met at the first of each month. On the other hand, in case the company later decides to settle with its employees every two weeks, the changes can then be made with less difficulty. The company is continually planning new methods and discussing the merits of various proposed changes, and the changing of the date of the pay day is only one of a number of ideas which may be put in effect in the near future.

KNUTE IS SPRY YET.

**Senator Nelson, 70 Tomorrow, Is Big
Man in Senate.**

Washington, D. C., Feb. 1.—Senator Knute Nelson of Minnesota, one of the most picturesque figures in the United States Senate and likewise one of the most influential of the Republican members of that body, will celebrate his seventieth birthday tomorrow. Senator Nelson, whose present term will expire next month, has just been re-elected by the Minnesota legislature for another term of six years. In the next Congress he will rank among the veterans of the Senate in point of service as well as age. Of the entire membership of the Senate as it will be constituted after March 4, only two members, Lodge of Massachusetts and Perkins of California, will have seen longer service in the upper house than the senior senator from Minnesota. Both Senators Lodge and Perkins came to the Senate in 1893, two years before Senator Nelson made his appearance.

WILSON POSES FOR CHILD.

Newark, N. Y., Feb. 1.—While Wilson was standing on a platform waiting for a train a little girl was observed making efforts to photograph him, but conditions were not just what she wanted them.

"Wait a minute, I'll get in the sun," said the governor.

Then the camera snapped and the twelve year old girl thanked him and went away happy.

FOR THE LINCOLN MEMORIAL.

Washington, Feb. 1.—Taft today signed the congressional resolution providing for the erection of a memorial here to Abraham Lincoln. Senator Cullom, who was a friend of Lincoln's, and worked years to get Congress interested in the memorial, witnessed the signing. An appropriation of two millions will be made.

BIGGEST RAILWAY STATION IS READY

**GRAND TERMINAL IN NEW YORK
WILL ACCOMMODATE 1,500
TRAINS DAILY.**

New York, Feb. 1.—The new Grand Central terminal in this city will be opened for service tomorrow, although it will still be several months before the finishing touches are put to the great structure and the workmen's scaffolds removed. Comparatively few persons, even among the residents of New York city, have any adequate conception of the size, the magnificence and the many wonderful features of the new station. The ground area of the structure is just a trifle short of 80 acres. Enclosed under the mammoth train shed are 33 miles of track. Nearly 1,500 trains a day, carrying 250,000 passengers, will be able to arrive or depart from the station. One of the most impressive features of the station at first sight is the main concourse, measuring 275 feet in length, 120 feet in width and 125 feet in height.

The trackage in the station is on two levels, one exclusively for through trains and the other for suburban traffic. Each level is provided with a waiting room accommodating 5,000 persons. Ticket offices, baggage offices, parcel rooms, information bureau and entrances and exits are so arranged as to facilitate the movements of passengers and avoid confusion. There are no stairways in the station. All the approaches to the various levels are by means of ramps or inclined ways.

Outwardly the new terminal, in harmony with the requirements and demands of the times, does not resemble the ordinary railroad station. The central part of the facade is in the form of a triumphal arch and at once attracts attention. Over and about the steel frame terra cotta, marble and light stone complete the structure. Approaching the front entrance from Park avenue is a viaduct occupying the middle of the thoroughfare and extending from Forty-second street to Fortieth. This elevated street extends around each side of the terminal building, on the Depew avenue side to the east and Vanderbilt avenue on the west, continuing to the north end of the building.

HARRY THAW HAS SPENT FIVE YEARS IN ASYLUM

Fishkill Landing, N. Y., Feb. 1.—Harry K. Thaw today completed five years' incarceration at the Matteawan Hospital for the Criminal Insane, to which institution he was sentenced after the second jury which tried him for the murder of Stanford White found him insane. To all appearances Thaw is in much better condition, physically and mentally, than he was during the first year or two of his confinement in Matteawan. He seems to take a philosophical view of his situation and appears to be much more contented than at first. Much of his time is spent in reading or in conversation with the prison attendants and the few inmates with whom he has struck up an intimacy. Recently the monotony of his days has been considerably relieved by a magnificent photograph presented to him by his mother. So far as is known there is no plan in contemplation for the near future to gain Thaw's freedom by habeas corpus proceedings.

TO REPEAT LECTURE MONDAY.

**Storm Kapt Many Away From Calumet
Congregational Last Evening.**

Because of last night's stormy weather many were prevented from attending the illustrated lecture on "Yellowstone Park" given in the Calumet Congregational church by Rev. Luther K. Long, and he has been requested to repeat the lecture Monday evening, commencing at 7:45 o'clock. Mr. Long has consented, and those who failed to hear the lecture last evening should make a point of attending Monday evening.

Local photographers who were present at the lecture pronounced the pictures shown to be the very best that could be obtained. The coloring is unusually good. There will be no charge for admission, but a collection will be taken.

ADJUDGE MURRAY INSANE.

**Commission Examines Man Charged
With Shooting at Deputy.**

Prosecuting Attorney Anthony Lucas, Dr. A. B. Simonson of Calumet and County Physician Dr. Alfred LaBine of Houghton, members of the special insanity commission appointed by Judge P. H. O'Brien to examine Mike Murray of Wolverine, met in Attorney Lucas' office this morning and conducted that examination. After a thorough investigation the commission adjudged the man insane and so report to the court.

Murray is charged with shooting at Deputy Sheriff Zed Maggy of Wolverine several weeks ago, but before his case came up for trial, he developed symptoms of violent insanity and was taken to Houghton for safekeeping, despite the fact that he was under bond. It is probable that he will be sent to Iowa for treatment.

WELCOME TO POTENTATE.

**New Orleans, La., Feb. 1.—Members
of the Masonic fraternity in New Or-
leans and vicinity turned out en masse
today to welcome William J. Cunnings-
ham of Baltimore, the Imperial Potentate
of the Order of the Mystic Shrine,
who came to pay an official visit to
the local lodge. After a day spent in
sight-seeing a formal reception was
held in honor of the official at the
Masonic Temple. Mr. Cunningham
leaves tonight for the West.**

PARTY AT GLACIADOM.

**Calumet Favorite Club to Give Skat-
ing Party Feb. 19.**

What will be the first Calumet skating party given at Mohawk will be held Wednesday, Feb. 19, when the Calumet Favorite club will entertain at the Keweenaw rink. The club has always tried to make things accommodating for its Mohawk and Calumet patrons. The Mohawk band likely will furnish music for the occasion.

The dance given by the club at the Light Guard armory last evening was largely attended despite the fact that the weather was cold and stormy. The music was rendered by the C. & H. orchestra, which rendered a pleasing and popular program of dance numbers.

READY FOR THE GROUND HOG

(Copyright.)

BIG SUBMARINES FOR BRITISH NAVY

**NAVAL EXPENDITURES FOR THE
YEAR WILL BE TWO HUNDRED
AND FIFTY MILLIONS.**

London, Feb. 1.—The first of England's monster submarines, the E4, has just been commissioned. The new vessel is a remarkable advance upon her predecessors of the "D" class. She has four times the displacement of the A's and carries a pair of 12-pounder quick-firing guns, with disappearing mounds. Her oil engines of 1,750 horsepower give her a speed of 16 knots on the surface and 19 knots submerged. The surface tonnage is 700. Two more vessels of the same class are completing and work has been commenced on the "F" class, which will have a speed of 20 knots.

The increase in the size of all England's warships, from battleships to submarines, and the higher wages to be paid the men is going to have an appreciable effect on this year's naval estimates, which, it is believed, will approximate \$250,000,000 an increase of nearly fifty millions over last year.

The personnel of the navy will materially swell the expenditure, as it is understood that Prince Louis of Battenberg, who as Second Sea Lord, was responsible for the recruiting and training, consented to take the position of First Sea Lord and become chargeable for maintaining the fighting and sea-going efficiency of the fleet and its organization for war, on the distinct understanding that a progressive line of policy would be adopted forthwith in regard to the personnel. The new estimates have also to take account of the renewed competition of Germany and her allies of the Triple Alliance.

**BANDIT GETS BIG SUM
FROM STOCK YARDS TRAIN**

Chicago, Feb. 1.—Scores of policemen and private detectives searched the city today for a bandit who last night held up the "Stock Yards Special," operated on the Pennsylvania railroad by the Adams Express Co., and escaped with a bag of currency, receipts and papers. The amount is variously estimated at two thousand to ten thousand dollars. The train had been known to carry \$200,000, but the amount carried last night was considerably less, it is said. The express messenger was able to give a good description of the robber. He was about 22 years old, five feet, nine inches and of medium build. He wore a brown suit and overcoat and soft hat.

ADJUDGE MURRAY INSANE.

**Commission Examines Man Charged
With Shooting at Deputy.**

Prosecuting Attorney Anthony Lucas, Dr. A. B. Simonson of Calumet and County Physician Dr. Alfred LaBine of Houghton, members of the special insanity commission appointed by Judge P. H. O'Brien to examine Mike Murray of Wolverine, met in Attorney Lucas' office this morning and conducted that examination. After a thorough investigation the commission adjudged the man insane and so report to the court.

Murray is charged with shooting at Deputy Sheriff Zed Maggy of Wolverine several weeks ago, but before his case came up for trial, he developed symptoms of violent insanity and was taken to Houghton for safekeeping, despite the fact that he was under bond. It is probable that he will be sent to Iowa for treatment.

WELCOME TO POTENTATE.

of the Masonic fraternity in New Or-
leans and vicinity turned out en masse
today to welcome William J. Cunnings-
ham of Baltimore, the Imperial Potentate
of the Order of the Mystic Shrine,
who came to pay an official visit to
the local lodge. After a day spent in
sight-seeing a formal reception was
held in honor of the official at the
Masonic Temple. Mr. Cunningham
leaves tonight for the West.**

PARTY AT GLACIADOM.

**Calumet Favorite Club to Give Skat-
ing Party Feb. 19.**

What will be the first Calumet skating party given at Mohawk will be held Wednesday, Feb. 19, when the Calumet Favorite club will entertain at the Keweenaw rink. The club has always tried to make things accommodating for its Mohawk and Calumet patrons. The Mohawk band likely will furnish music for the occasion.

The dance given by the club at the Light Guard armory last evening was largely attended despite the fact that the weather was cold and stormy. The music was rendered by the C. & H. orchestra, which rendered a pleasing and popular program of dance numbers.

ARSON TRUST SAID TO BE NATION-WIDE

**ORGANIZATION DECLARED TO
HAVE AGENTS IN ALL OF
THE LARGE CITIES.**

Chicago, Feb. 1.—That the alleged "arson trust" is a nation-wide organization, with agents in every large city was the information given Assistant State's Attorney Johnson, who today examined several new witnesses in regard to the operations of men said to be at the head of the conspiracy. Johnson said he was co-operating with officials in a number of other cities.

A new ring of alleged incendiaries which has worked along lines of other gangs in the "arson trust" was brought to the attention of the assistant state's attorney by a prominent insurance agent who has been conducting a private investigation of incendiary fires, for which his company is liable to insurance. The ring, it is said, comprises five men, two of whom are fire loss adjusters.

**LOTS OF MONEY SENT TO
FOLKS IN BRITISH ISLES**

London, Feb. 1.—Sir Henniker Heaton, who was largely responsible for the introduction of penny postage between the Colonies and Great Britain and between England and America, has been gathering statistics which show that last year \$35,000,000 were received in the United Kingdom from America and the Colonies in money orders.

Some of this money, of course, was in payment for goods, but Sir Henniker estimates that by far the larger portion was sent as Christmas or other presents from those who have prospered across the waters to poorer relatives at home.

From the United States alone there came over \$14,000,000, of which \$5,000,000 was for Ireland. Canada sent \$11,500,000, Australia, \$3,500,000, India \$1,700,000, New Zealand \$1,200,000, South Africa \$1,000,000 and other places about \$1,500,000.

DANGEROUS CROSSING.

**Knoll Prevents View of Approaching
Street Car at Centennial.**

Residents of Centennial have made frequent complaint of late to the effect that the street car crossing on the road just north of the Schoolcraft cemetery is a very dangerous one and they suggest that all cars northbound be required to stop at that street.

They contend that the cars run unusually fast there, due to the fact that the cars run down a decline from the top of the trestle to the foot of Schoolcraft hill and that the cemetery fence and a knoll so obscure the view that it is almost impossible to ascertain when the cars are approaching. While no accidents have yet occurred Centennial residents desire that some preventative measures be taken.

GLASS BLOCK CLERKS.

The clerks of the Glass Block store are making plans for their second annual dancing party which will be held in the Calumet Light Guard armory on Friday evening, April 4. The C. & H. orchestra will be engaged to furnish music and the armory will be specially decorated for this event, which will be one of the first after Easter.

EASTERN STAR PARTY.

The members of Calumet Chapter, Order of Eastern Star, entertained at a very enjoyable masquerade in the Red Jacket town hall last evening, this being an annual event with the Eastern Star members. Many pretty costumes were in evidence and the function proved one of the most pleasant of the social season.

NAME TOWNSHIP SECRETARY.

At the Republican township convention to be held in the Washington school hall next Friday evening, Feb. 7, it is probable the organization of the township Republican committee will be completed, besides naming forty-three delegates to the county convention the following day at Houghton. At present Calumet township has no Republican secretary and it is likely this office will be filled. James MacNaughton is the Republican township chairman.

IT'S TOO BAD, WILLIE.

**Montgomery, Ala., Feb. 1.—The
Montgomery school board today put
into effect a rule prohibiting kissing
among the pupils of the public schools.
The rule is an outcome of the anti-
tuberculosis campaign.**

EXPECT ARMIES WILL GET BUSY MONDAY NIGHT

**Constantinople Looks for Renew-
al of Hostilities in Balkans
At That Time**

ALLIED FORCES ARE PREPARED

**Bulgarians and Servians Have an
Effective Fighting Machine
Before Adrianople**

FORTRESSES TO BE STORMED

**London, Feb. 1.—The last attempt to
prevent the resumption of the war in
the Balkan peninsula is being made
by the representatives of the European
powers at Constantinople and Sofia. A
detailed report on the subject is ex-
pected this evening.**

**Meanwhile everything has been
made ready for a renewal of hostilities.
The Bulgarian peace delegation
has received communications from
General Savoff that the army sur-
rounding Adrianople is one of the most
efficient ever gathered together. The
general commends the spirit of loyal
rivalry between the Bulgarian and
Servian troops. Bets are freely offered
among the besiegers, he says, as to
which nationality will be first to enter
Adrianople and plant on its walls the
victorious flag of the allies.**

**It is asserted here that the Mont-
negrins and Greeks have received as-
surances that Russia and France will
support their retention of Scutari and
Janina if they succeed in capturing
them while the Bulgarians and Ser-
vians are taking Adrianople. King
Nicholas of Montenegro, and Crown
Prince Constantine of Greece declare
they will take the fortresses by storm
or lose their lives in the attempt.**

Expect Fighting on Monday.

Washington, Feb. 1.—Minister Schurman at Athens has reported that vessels have not been allowed to enter the harbor of Saloniki after nightfall. Ambassador Rockhill at Constantinople confirms reports that hostilities are expected to be resumed Monday evening.

Austria-Hungary Enrolling Troops.

St. Petersburg, Feb. 1.—Austria-Hungary continues the enrollment of supplementary reservists in the frontier districts bordering on Russia and Serbia, according to a dispatch from Prague. A force of a quarter of a million troops is concentrated in Bosnia.

A letter from Emperor Francis Joseph of Austria-Hungary to Emperor Nicholas of Russia offers a way which is expected to clear up the Austria-Russian situation.

GET INCREASE IN WAGES.

English and Welsh Coal Miners Given
Five Per Cent Raise.

London, Feb. 1.—Coal miners in the federated area of England and Wales have been given a further increase in wages of five per cent, effective in January. This is an addition to the five per cent increase granted last October, and it brings the wages of all the men in and around the mines up to sixty per cent above the standard rate of 1888.

Later the coal trade has been booming, and the miners are thus sharing in the prosperity of the owners. This last advance was granted by the unanimous vote of the Coal Conciliation Board, composed of mine owners and representatives of the miners' union. It adds upward of \$5,000,000 to the annual payroll of 400,000 men.

The Scottish and South Wales coal fields, where there is always more or less trouble between the men and the employers, are not in the federated area.

NAME TOWNSHIP SECRETARY.

At the Republican township convention to be held in the Washington school hall next Friday evening, Feb. 7, it is probable the organization of the township Republican committee will be completed, besides naming forty-three delegates to the county convention the following day at Houghton. At present Calumet township has no Republican secretary and it is likely this office will be filled. James MacNaughton is the Republican township chairman.

IT'S TOO BAD, WILLIE.

**Montgomery, Ala., Feb. 1.—The
Montgomery school board today put
into effect a rule prohibiting kissing
among the pupils of the public schools.
The rule is an outcome of the anti-
tuberculosis campaign.**
