## POPULAR RESORT WILL OPEN MAY 1

## HONOR STUDENTS SELECTED TODAY

### White City, Campers' Rendezvous, Will Be Improved

### Miss Maud Hill Is Parochial School Valedictorian

Announcement has been made that White City, the popular Portage Envy summer resort will officially open May 1. The White City Amusement company has taken hold of the resort and will make several improvements which will add much to the appearance of the place.

Among the contemplated changes is the installing of an electric light plant which will furnish electricity for 1,100 lights which are to be strung around the pavilion and near the woods. Another improvement which is planned is a large dock for launches and the new shaft will be sufficiently large to accommodate all launches and pleasure craft. Eight cottages will be erected for the accommodation of camping parties.

The large fish house which was formerly near the White City will be moved and it is possible that a moving picture house will be erected to furnish amusement for the campers. The long board sidewalk from the hotel to the lake shore will be rebuilt. Several changes in the pavilion are under consideration at the present time and also in the dining room of the hotel.

Joseph Donarum will have charge of the ground and will act as manager. He will also have charge of the boat club between the Portage lake and the White City. He is an experienced man in this capacity and will to doubt assist well in the management of the pleasure resort.

### SCORES IN THE DOUBLES.

#### Bowlers Fail to Replace Dover and Kratt on Local Alleys.

For the past few days local bowlers have congregated at the Mitchell bowling alleys in an attempt to bowl down the high total of 1,151 established by Dover and Kratt the early portion of the week. To date these attempts have been unsuccessful and as the rolling of the April doubles will be completed next Thursday indications are that these two bowlers will continue to hold the grand prize. Next Thursday evening Manager Mitchell will award to the bowlers the candy prizes allotted to the holders of the various positions on the score board.

"Turk" O'Leary, arrived in Hancock yesterday from a trip to the iron country and he reports he will be at the alleys this evening to try and oust the top men from their position. "Turk" is one of the best bowlers in the city and his attempt may be successful. At present the score board reads as follows:

Dover, 566; Kratt, 585; total, 1,151. O'Neil, 527; Widenhoefer, 528; total, 1,055. O'Leary, 523; Milford, 533; total, 1,056. O'Leary, 541; Frenette, 528; total, 1,067. M. Mitchell, 571; Baska, 295; total, 1,076.

### EXODUS OF UNION OFFICIALS.

#### Hegira Will Be Completed by May 1, According to Hancock Member.

The exodus of union officials will have been completed by May 1, according to a Hancock local officer, and the agitator will become an unknown quantity after that date. During the past ten days, officials of various copper country locals have been leaving the district and a number of strikers who are unable to secure work are being shipped to other camps.

A contribution of several thousand dollars was received by the federation from headquarters at Denver this week and it is likely that a big portion of that sum will be converted into railroad tickets.

## FACE BROKE OUT IN LITTLE PIMPLES

Red and Sore. Like Little Boils. Would Wake Up At Night and Scratch. Cuticura Soap and Ointment Cured in Three Weeks.

Falls City, Neb.—"My trouble began when I was about sixteen. My face broke out in little pimples at first. They were red and sore and then became like little boils. I picked at my face continually and it made my face red and sore looking and then I would wake up at night and scratch it. It was a source of continual annoyance to me, as my face was always red and scratched and burned all the time.

"I tried \_\_\_\_\_ and others, but I could find nothing to cure it. I had been troubled about two years before I found Cuticura Soap and Ointment. I sent for a sample of Cuticura Soap and Ointment and tried them and I then bought some. I washed my face good with the Cuticura soap and hot water at night and then applied the Cuticura Ointment. In the morning I washed it off with the Cuticura soap and hot water. In two days I noticed a decided improvement, while in three weeks the cure was complete." (Signed) Judd Knowles, Jan. 30, 1913.

It costs nothing to learn how pure, sweet, effective and satisfying Cuticura Soap and Ointment are in the treatment of poor complexion, red, rough hands, itching scalps, dandruff, dry, thin and falling hair, because you need not buy them until you try them. Although sold everywhere, sample of each will be mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

\*Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## EIFFEL TOWER HAS VINDICATED ITS CREATORS

### Unique Structure, 25 Years Old Today, Shows Up Critics

Paris, April 25.—The Eiffel Tower has been celebrating its silver jubilee. On April 2, just 25 years ago, the French flag was hoisted on its summit. It was the principal attraction of the Exposition of 1889. Both at the time of its erection and afterwards it was the subject of hostile criticism on the part of artists and men of letters.

The composer, Charles Gounod, the great poet, Leconte de Lisle, Sully Prudhomme, Francois Coppee, the novelist, Guy Maupassant, united in protesting against the disfigurement of Paris by a structure which would not be tolerated even "by commercial paper."

At first hardly more than an engineering curiosity, the Eiffel Tower found its vocation when wireless telegraphy was invented. Now the correct time and a budget of the latest news is flashed from it twice daily to ships at sea and far-off French colonies in Africa.

## JAPS ADVANCE FUNDS FOR OCEAN LINE THROUGH CANAL

### DIET WILL PUSH PLAN AND AWAIT NEXT SESSION FOR RATIFICATION.

Tokio, April 25.—Notwithstanding the failure of the Japanese Diet to agree upon the budget, which was the immediate cause of the fall of the Yamamoto Cabinet, the government will advance funds for the subsidy of a tri-weekly steamship service through the Panama Canal to New York, feeling sure that the next session of the Diet will ratify the action.

Latest plans provide that the new line shall start from Yokohama and proceed to New York via Seattle, Panama and Colon. On the return trip the steamers will touch at New Orleans, Panama and Seattle. The original idea to make Boston the terminus has been abandoned for the present. Arrived at Yokohama, the steamers will continue on to Hongkong via Kobe, Mojo and Shanghai. On the way back to Yokohama they will call at Manila and Kobe. Japan considers the Chinese and Philippine connections necessary to make the venture profitable.

The Nippon Yusen Kaisha, which probably will receive a subsidy of about \$800,000 annually, will place nine 10,000-ton steamers in the Panama service. The government has selected Seattle as the Pacific port of call because it finds coal cheaper there than at Honolulu, and some port is considered necessary on the voyage of 7,500 miles from Yokohama to Panama. The voyage from Yokohama to New York, via the Suez Canal, takes over 80 days, but the Panama route will require but 42 days.

## WILL GIVE BENEFIT TONIGHT.

Finnish people of Hancock will give a benefit concert and supper in the parlors of the Finnish Lutheran church this evening. The concert program to commence at 8:30 o'clock. The program follows:

Song—College choir. Address—Rev. J. Mantta. Mandolin solo—George Kent. Piano duet—Lempi Tuoma and Kaena Hirsimaki. Mandolin duet—Oita Makela and J. Hakola. Hancock chapter, order of Eastern Star, will meet Tuesday evening to install officers for the coming year.

## PLANS FOR NEW SCHOOL.

Architect Maass will likely submit to the board of education this week the plans for the proposed four room addition to the Ryan school. President Baer of the board thinks bids for the proposed addition will be called for next week. It is hoped to have these bids in May that the contract awarded early in May that work can be started immediately, as the board is desirous of having the contract completed for the opening of school next September.

## HANCOCK BREVITIES.

Employees of the Hancock postoffice have elected to become members of the United National Association of Postoffice Clerks. The clerks will meet again soon to organize, the difficulty at the present time being in deciding whether or not to consolidate with the Houghton postoffice employees.

Donald MacLean, has resigned his position as conductor for the Houghton County Traction company, to enter the U. S. life saving service at the Portage Canal station.

Mrs. Fred Milford of Hancock is recovering from an operation at St. Joseph's hospital.

Members of the local order, I. O. O. F. will attend the First Congregational church in a body tomorrow morning. Rev. Rich, the pastor has arranged a special sermon for the occasion.

Mrs. William Hendrickson was arraigned before Justice Eickhorn yesterday afternoon charged with being disorderly. The complaining witness was her husband. She was placed under bonds of \$200 to keep the peace.

John Hoek has returned from Chicago.

A. W. Hanover, formerly a resident of this city, is visiting with friends of Hancock. He is now located in Dubuque, Iowa.

Lady Edgcomb lodge, Daughters of St. George, will entertain at a social and concert at Quiney location this evening.

## Earthquake Which Devastated Northern Japan in March Left A Path Strewn With Suffering

Tokio, April 25.—The plight of poor Japanese in the north who have been suffering from famine has been increased by the disastrous earthquake of March which caused great devastation in a zone of about 20 miles square around Akita on the island of Honshu. The city of Akita was damaged only slightly, but in the country nine towns and forty-one villages were seriously damaged, some villages being entirely annihilated. About 1,000 houses were completely destroyed and about 100 persons were killed, according to the latest reports.

The earthquake came at dawn. The motion was horizontal at first, but after twenty seconds turned into a violent perpendicular movement greatly increasing in velocity until it broke the seismographs. The upward movement, which is particularly feared in Japan, caused hundreds of houses to collapse and scores of people were crushed to death, having no time to escape. The afflicted people who succeeded in getting out, rushed to the railroad in an attempt to escape from the earthquake belt, but found the rails blocked with stones and earth. Dangerous holes and trenches were opened in the streets from which rose a cloud of dust and debris.

Survivors' Tales Thrilling. Several thrilling tales were told by survivors. At Yodokawa the house of a wealthy resident caught fire and the family of seventeen people as well as two visitors, were burned alive. The two storied house of Santaro Saite at Arakumura was rased to the ground. His family of five and three other guests upstairs. When the building was falling the men upstairs managed to crawl from the debris and began to search for those below. Five were taken out injured, but three others, including the master of the house, his son and servant, were found dead.

Pathful to the memory of the emperor, one of the first acts of the may-

## ERECT HUTS IN MUD.

A Japanese reporter who made a trip through the devastated district, found misery and pain. Some victims had erected huts in the mud way where the mud was knee deep. He found the village of Kowakubi in absolute darkness, except where a few struggling lights feebly showed a scene of destruction. Not one of the one hundred and forty houses remained intact, a score of people had been instantly killed and eighty were more or less severely injured. The postmaster had some mud from seeing the violent death of his wife.

A few days after the earthquake the long extinct volcano at Mount Chokai suddenly became active. The mountain which is near the coast and overlooks the sea of Japan is known as the Fuji of Akita. Its summit is covered with snow even in mid-summer. A greater mass of smoke and fire suddenly burst from the southwest crater, and soured heavenward.

Greenwood, Miss., is now under commission government.

## AMERICA. Other critics declared that it would not last twenty years, but it stands today as strong as ever to vindicate its creators, the symbol and triumph of modern industry. For the Eiffel Tower was the pioneer of the light metallic construction which makes possible by its suppleness and enormous strength the most daring conceptions of the architect and engineer.

The famous tower is, indeed, a miracle of lightness with all its 3,000 tons of metal, as a simple calculation shows. If a model on the scale of one-thousandth were made it would weigh 12 inches high and would only weigh 23 ounces, the weight of a thick sheet of paper.

At first hardly more than an engineering curiosity, the Eiffel Tower found its vocation when wireless telegraphy was invented. Now the correct time and a budget of the latest news is flashed from it twice daily to ships at sea and far-off French colonies in Africa.

Joachim Miller's old home, near Oakland, Cal., is to be purchased by club women to be made a park in memory of the poet.

Thomas Kinsey has crossed Atlantic 1,057 times. Purser on liner, aged 86, Home, New York.

# SATURDAY, APRIL 25th

We will inaugurate a Great Sale of Women's and Misses' Spring Wearing Apparel

Which Will Be More Unique and Attractive to the Copper Country Buying Public than our Wonderful Sale of Last Fall.

## An April Sale of Women's Suits

**\$14.50** In Values up to \$18.00

**\$19.75** In Values up to \$25.00

**\$25.00** In Values up to \$35.00

Every expensive model you have admired this season you will find in this collection. The most fashionable and serviceable fabrics, rich linings to add their further note of elegance. Every novelty style, every latest trimming, every costume shade. Each suit is a convincing and unmatched value.

## Spring Coats Attractively Priced

**\$12.50 Value COATS**      **\$18.00 Value COATS**      **\$25 and \$30 Value COATS**

**\$10.00**      **\$14.50**      **\$19.50**

Splendid, brand new coats, many of which have never been shown before—finished too late for delivery before Easter. Coats of Moire Silk, Chiffon Taffeta, Stunning Shepherd Plaids, Fancy Novelties and Swagger London Cloths in the smartest of this season's models, embodying the very latest style features; all handsomely lined and perfectly tailored.
