BANKERS AND BROKERS.

Boston, Mass., May 23.—A rumor that the rate decision may come

out over Sunday was responsible for higher prices all through the New

York list today. Local coppers showed no change and no buying of

any significance except the steady accumulation of Mass which is be-

ing picked up by people interested in the property. The local invest-

ment stocks are still sagging and this prevents any speculative interest

M. Laurent declared that several ares had come under his notice during the Balkan wars of soldiers who showed symptoms of cerebro-spinal 1% disturbance, though they had no round of any kind. The symptoms were fainting, a tingling sensation and even partial paralysis. In the more erious cases, the victims became ca-23, taleptic. Sometimes death resulted, in the latter cases autopaies were perormed which failed to show any nerous lestons. It then appeared to Proessor Laurent that the vibrations of air produced by the passage of a ball nd the sudden variations of armesphereic pressure affected the nerve sells and coused the phenomena of inabition. Professor Laurent recalled that during the war in Manchuria Dr. Matignen had also observed nervous inhibition produced by cannon balls Since the speed of modern projectiles has been increased and they have be ome more important to warfare, Promer Laurem books for a larger num-YEAR TO BECKER'S LIFE er of cases of the kind indicated durng conflict.
