

Houghton Department

GEOLOGISTS TO CONVENE HERE

American Association to Open Convention Aug. 27

The American Association of State Geologists will open its first annual summer field meet in Houghton on Thursday, Aug. 27, when the Michigan College of Mines will be visited and geological conditions in the neighborhood of the Isle Royale mine studied.

The following day the mills and smelters will be looked over and extensive observations made of characteristic geological conditions.

E. C. Allen, the state geologist, writes that among the visitors will be the following:

- E. A. Smith, University, Alabama. H. A. Buehler, Bolia, Missouri. L. W. Trumbull, Cheyenne, Wyoming. Jos. Hyde Pratt, Chapel Hill, N. C. J. A. Bownocker, Columbus, Ohio. R. H. Hise, Beaver, Penna.

The program for the Marquette range visit on Aug. 29-30 is announced as follows in detail:

3rd day, Saturday, August 29th. 8:30 a. m. Breakfast, Marquette Hotel. 7:45 a. m. By automobile to Prosque Isle—beaches and other shore features of the glacial Great Lakes. Keewatin peridotite and Cambrian sandstone in uncomformable contact, iron formation of the Kewatin.

By automobile to Ishpeming, dinner at Nelson Hotel. The vicinity of Ishpeming affords excellent ground for the study of the Neogene iron formation and associated rocks, particularly the "hard ore" bodies in their relation to the Goodrich quartzite. Visit the Lake Angeline basin and Jasper Knob. 8:00 p. m. Nelson hotel, evening session for discussion.

4th day, Sunday, August 30th. By trolley to Negaunee. Ajibik quartzite and Sismo state of the Middle Huronian in the Teal Lake hills. "Soft ore" or lower horizon of the Negaunee iron bearing formation. The Negaunee mine. By trolley to Nelson Hotel, Ishpeming, for dinner. 2:10 p. m. Take D. S. S. & A. train arriving St. Ignace at 3:45 p. m.

At Mackinac Island and St. Ignace the geologists will give particular attention to the abandoned shore lines of the glacial great lakes. September 1 the members of the association will take the steamer City of Detroit II in company with the Lake Superior Mining Institute and will journey to Detroit.

FLOATING BOAT GIVES HINT OF A TRAGEDY

SANGO HOLAPPA OF CHASSELL, MISSING SINCE SATURDAY, MAY BE VICTIM.

Believing that Sango Holappa, an aged fisherman of Chassel who has been missing since Saturday night, may have been drowned, Chassel township officials today requested the sheriff's office to despatch the county's grappling outfit to the sawmill town. The finding of Holappa's rowboat floating near the Worcester Lumber company's docks late Saturday night strengthened the belief that the old man was the victim of an accident and a search will be instituted as soon as the hooks arrive. Holappa is about seventy years of age and the father of a family of children.

FOOTBALL SEASON OPENS.

Painesdale Teams to Play on Trimountain Gridiron Today.

The football season on the south range will officially open this afternoon when two Painesdale teams will meet on the Trimountain gridiron. The teams are known as the Argies and the Champion house eleven and each has a big field of followers. The fact that the mines closed today will tend to increase the attendance and considerable rivalry gives promise of a record attendance.

IS CALLED TO COLORS.

Richard Bennetts of Painesdale was summoned to join the English reserves Friday night and he will leave tomorrow evening for Montreal to board a transport. Mr. Bennetts has been a member of the British navy for twelve years and he likely will go into immediate service upon reaching England.

A HEALTHY, HAPPY WIFE

is the greatest inspiration a man can have and the life of the family, yet how many homes in this fair land are blighted by the ill health of wife and mother?

It may be backache, headaches, the tortures of a displacement, or some ailment peculiar to her sex which makes life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, to restore her to health and happiness.—Advertisement.

TO DISCUSS ROAD BOND PLAN.

Commercial Club to Take Up Project To Aid Unemployed.

The executive committee of the Copper Country Commercial club will meet tomorrow night in the club's headquarters on Huron street when the project of bonding the county for \$200,000 for the purpose of improving the highways, will be considered. While road improvements are necessary, the primary object for pressing the issue at present is to give employment to men who suffered when the mines curtailed last week.

Generally, the issue is favored throughout the county and the county board of supervisors is known to favor it. It is unlikely, therefore that the Commercial club will be called upon to do more than formally pass upon the matter. The club probably will propose a plan for financing the issue.

FLOOR SPACE FOR FAIR ON SALE TOMORROW MORNING

ADVERTISERS MAY SECURE BOOTHS FOR EXHIBIT AT AMPHIDROME OFFICE.

Secretary I. N. Haas of the Copper Country Fair association this morning announced that merchants wishing to advertise at the fair this fall may secure booths tomorrow morning at the office in the Amphidrome. The sale of floor space will begin promptly at 10 o'clock and will continue until every available section has been sold.

In former years there has been no difficulty in disposing of floor space to advertisers and as it is expected the coming fair will be the best ever held in the copper region, those in charge anticipate no difficulty in selling all available space.

Secretary Haas has compiled a map of the floor and those wishing to purchase booths may inspect this plan and determine just what locality he desires.

That the fair this year is to be the best ever held is evidenced by the interest taken by local merchants. People from every section of the upper peninsula are expected to be in attendance and every one is anxious that the copper country be advertised to the fullest extent.

Secretary George L. Price of the Copper Country Commercial club stated this morning that that club will do everything in its power to aid in making the fair a success and every member will work toward this end.

BRIDGE COMMITTEE TO MEET THIS AFTERNOON

ENGINEER WILL BE SECURED TO DRAFT PLANS FOR REPAIRS ON DRAW.

A special meeting of the county bridge committee will be held this afternoon for the purpose of considering repairs to the draw and to secure the services of an engineer to draft plans for the repairs. At the opening of the navigation season, the steamer Griffith collided with one of the large columns on the Houghton end of the draw and as a result the structure was shifted.

Chairman Hartman declared today that it is improbable that the committee will consider the question of repairing the sidewalks and roadway of the bridge at this meeting, as this subject will require considerable deliberation before any action is taken. At the last meeting of the board of supervisors, the bridge committee was authorized to use its discretion in making the repairs and it is the desired wish of the committee to fix the roadway and sidewalks so that further repairs will not be necessary.

TO RAISE FLAGPOLES.

The Portage township board of education is ready for the raising of flag poles at the Hurontown, Isle Royale and Houghton Central schools. The poles will be erected under the direction of Bob Brooks, foreman for the Houghton County Electric Light company. There is little likelihood that patriotic exercises will attend the event though the hoisting of the starry banner may be the occasion of brief addresses.

CHILDREN GET AUTO RIDE.

Twenty-seven children from the Good Will Farm were given an automobile ride around the county Saturday afternoon. The cars were donated by Messrs. L. H. Atkin, J. T. Reeder and H. S. Goodell. The children were delighted with the ride and they attracted considerable attention in various towns with their expressions of place.

FOREIGN MINERS LEAVE.

Approximately 200 employees of the Copper Range mines resigned their positions Saturday and will leave shortly for other parts of the country. The majority of them are Armenians, Poles and Lithuanians, preferring to leave rather than work half time.

Guida Parolini of Dodgeville, a native of Austria, who came to this country in the year 1903, today applied for full citizenship papers at County Clerk Kaiser's office.

Charleston, W. Va., has a municipal deficit of \$55,000.

Bolton, England, now has a policeman.

WHO WILL BE THE BRIDE OF THE PRINCE OF WALES?

FOUR BEAUTIFUL PRINCESSES, TWO OF THESE DAUGHTERS OF CZAR, AVAILABLE.

London, Aug. 17.—With the passing of the Prince of Wales's twentieth birthday anniversary the question whom he will take for his bride advances to the fore, since the matrimonial plans of royalty and its scions are usually made at an early age.

If, however, he is willing to wait for, say five years, the field will be broadened by the addition of two more beautiful royal girls—Princess Yolanda of Italy and Princess Marie of Roumania. The princesses who seem eligible today are the Princesses Tatiana and Olga of Russia, who are seventeen and eighteen years old, respectively; Princess Helene of Greece of Roumania, and Princess Elizabeth of Roumania, who is nineteen.

Each of these princesses is beautiful, and possesses an abundance of common sense.

Kaiser Was Early Wedded.

While it is known that Queen Mary, to forestall any romances with handsome nobodies with whom the prince might come into contact, is anxious to have her royal son's matrimonial destiny settled as soon as possible, the prince, if he follows the example of his father and of his granduncle, the Duke of Connaught, will not wed for years yet. King George did not marry until he was twenty-eight, while Connaught was twenty-nine before he married.

On the other hand, if he follows the example of his relative across the channel, the Kaiser, the prince will not put off the happy day beyond the natal day, a year hence. King Edward, the prince's grandfather, was only twenty-two when he took his bride.

Though royal marriages are often matters of the chancelleries rather than of the royal drawing rooms, yet many of them are true love matches.

Some Royal Love Matches. After the graybeards who move the pawns on the European diplomatic chessboard have set back, romance often enters and hallows the unions that go so unromantically ordained.

As all the world knows, Queen Victoria was passionately in love with her royal consort, Prince Albert. King Edward's choice of a bride was his own. King George's marriage with Princess Mary of Teck arose from a genuine fondness.

The Kaiser was in love with the domestic-minded daughter of the Duke of Schleswig-Holstein when he married her; the Emperor Francis Joseph of Austria loved, with an intensity no commoner ever surpassed, the beautiful, ill-fated Empress Elizabeth, who fell beneath an assassin's dagger; King of Italy wooed in true lover's style his beautiful Montenegrin princess, and King Alfonso of Spain showed that his desire for the hand of Princess Ena was prompted by affection.

So far no hint has been given of the direction in which the prince's own fancy lists, if indeed, he has already formed a preference for any particular one of the eligible princesses.

U. S. DEPT. OF AGRICULTURE Weather Bureau, Charles F. Marvin, Chief. DAILY WEATHER BULLETIN. Houghton, Michigan, Monday, August 17, 1914.

Table with columns: Station, Temp., Wind, Clouds, State of Weather. Rows include Alpena, Buffalo, Chicago, Duluth, Escanaba, Green Bay, Houghton, Marquette, Milwaukee, New Orleans, Fort Arthur, Soo, St. Paul, Sen. Fran., Washington, Winnipeg.

Weather Forecast

Copper Country: Unsettled tonight and Tuesday. Probably thundershowers.

Weather Conditions.

A large field of low pressure covers the northern Rocky Mountains the Great Plains and Upper Valley and is extending over the western Lake Region. High temperatures are reported over the sections named and local showers have occurred at some points. Moderately high pressure covers the East and South and fair weather is general. A field of high pressure of considerable depth covers the Pacific Northwest and fair, cool weather is reported west of the Rocky Mountains.

Unsettled weather will continue in this vicinity tonight and Tuesday; there is a probability of local thundershowers. Moderate variable winds, with local squalls, are indicated.

H. B. COWDRICK, Official in Charge.

There are 574 flour mills in Ontario.

USES AX ON VICTIMS; MAD NEGRO KILLS FOUR PERSONS

FOUR KILLED, THREE DYING, IN HORRIBLE ASSAULT IN WISCONSIN TOWN.

Spring Green, Wis., Aug. 17.—A mad negro, armed with a hand ax, late Saturday wrote the last page of the romance of Mamah Bouton Borthwick, formerly Mrs. Edwin H. Cheney of Oak Park, Ill., whose affairs for five years have been named with those of Frank Lloyd Wright, a wealthy merchant architect and her neighbor.

Mrs. Borthwick and three others were killed, three others were fatally injured and two less seriously hurt. The elaborate bungalow built by Wright for Mrs. Borthwick was almost totally destroyed by fire.

Julien Carlton, employed by Wright as a chef, accused of the crimes, surrendered after a search of several hours had been made for him. He was hurried into an automobile and rushed to the Iowa county jail, 18 miles away.

MRS. MAMAH BOUTON BORTHWICK, cut about the head and neck, her clothing burned.

JOHN BORTHWICK CHENEY, her 13-year-old son; head chopped open, badly burned.

EMIL BOURTEILL, aged 30, draughtsman; cut about the head and badly burned.

FATALY INJURED: DAVID LINDBLUM, a gardener; cut about the head.

ERNEST WESTON, aged 13, farm hand; burned about the head.

TOM BUNKHART, laborer; cut and burned.

Injured: William Weston, carpenter, cut about the neck and burned; Herbert Fritz, cut and burned, arm broken.

Bloodhounds Used in Hunt. Sheriff Bauer organized the search for Carlton as soon as he learned of the murder. Posses of farmers joined with the sheriff's deputies and bloodhounds were obtained to take up his trail. The men were at first inclined to believe that Carlton had escaped down the Wisconsin river in a canoe.

While neighbors guarded the grounds and the men with the hounds were searching for a definite trace, Carlton crawled from the doors of a boiler house. He was nearly suffocated from the heat and appeared thoroughly exhausted. He said he had taken poison, but would give no reason for the crime.

BASEBALL STANDING OF THE TEAMS.

Table showing baseball standings for American League, National League, and Federal League. Columns include team name, wins, losses, and percentage.

TODAY'S GAMES.

AUTOMOBILE EXPORTS IN 1915 LARGEST ON RECORD

ADVANCE IN SHIPMENTS FROM U. S. SHOW REMARKABLE TRADE INCREASE.

Washington, D. C., Aug. 17.—Exports of automobiles from the United States in the fiscal year ended June 30, 1914, where the largest on record. Their total, including shipments to Alaska, Hawaii and Porto Rico, amounted to \$49,126,565, against \$39,225,000 in 1913, the former high record year. The year's total included 30,136 complete cars, valued at \$27,797,942; automobile tires, \$4,159,454; automobile engines, \$1,291,893; and miscellaneous parts not specified, \$5,787,575.

With the sole exception of 1908, every year during the past decade has shown an advance in value of American automobiles sold to foreign countries. In the fiscal year 1909, according to the Bureau of Foreign and Domestic Commerce, Department of Commerce, the value of automobiles exported was \$1,895,695; in 1909, \$5,357,921; and in 1914, exclusive of parts and shipments to our own noncontiguous territories, \$25,574,574, having quintupled in five years and increased thirteen-fold in a decade.

Europe bought nearly one-half of our entire sales of automobiles to foreign countries last year, although some shipments thither are for re-shipment to other parts of the world. To the United Kingdom the exports amounted to 7,222 cars, valued at \$5,353,127; to Germany, 1,435, valued at \$1,959,249; to France, 1,423, valued at \$1,024,130; and to other countries of Europe, 2,271, valued at \$2,888,425. Canada and Australia are also important markets, the former having taken 4,624 cars, valued at \$5,919,776; and the latter, including other British Overseas, 4,244, valued at \$5,695,595. To South America as a whole, we sold last year 1,985 automobiles, valued at \$1,939,212; and to Mexico, 167, valued at \$256,675.

The growth in exports of automobiles has been accompanied by a corresponding decline in imports of like articles, the total having fallen from 1,624, valued at \$2,965,391 in 1909 to 209 cars, valued at \$2,049,193 in 1914, a new low record for the decade. Of the year's imports, 134 were from France, 40 from the United Kingdom, 55 from Italy and 21 from Germany.

\$30,000 A DAY IS BURDEN OF CANADA IN THE WAR.

Pay For Troops May Reach \$10,450,000 in a Year.

OTTAWA, Ont., Aug. 17.—Special.—Canada will expend \$22,000,000 on its first contingent of 22,500 men in aid of the motherland. The amount is the estimate of the department of militia and includes everything in equipment, food, horses, guns, transport and pay for the men. Privates will receive \$1 per day and 10 cents extra for field allowance. Wages and salaries of privates, officers, engineers, medical men, nurses and others comprising the division will reach \$20,900 a day. Thus the pay of the troops alone for a single year will reach \$10,450,000.

If the war lasts a year it is estimated that it will cost the Dominion treasury directly upwards of \$50,000,000. If a second contingent is raised and greater defense measures are found necessary at home, the total amount will be close upon \$100,000,000.

"Enough United States citizens have volunteered to fill four companies at least," said Minister of Militia Hughes. "I received an offer from 209 Britishers in Los Angeles, who want to go."

Buffalo at St. Louis.

YESTERDAY'S RESULTS.

Hancock Department

HANCOCK MAN FACES CHARGE

John Hinkinen Said to Have Obtaining Money Falsely

On a complaint issued by the Detroit & Northern Michigan Building & Loan association, charging that he obtained money under false pretenses, John Hinkinen of Hancock was arrested Saturday night. The complainant avers that Hinkinen obtained a loan through misrepresentation. He will be given an examination before Justice Eichkorn August 26.

The sum involved is \$300. The warrant is a voluminous affair and a digest of the facts alleged therein is as follows:

Hinkinen purchased a house and lot from one Mrs. Olson of Hancock. He claimed to the building and loan association that he had bought the place for \$2,700 and had paid all but \$1,000, for which he had given a mortgage.

He borrowed \$90 from the association, presumably to satisfy Mrs. Olson's mortgage.

The association contends that Hinkinen actually bought the place for \$3,000.

And it further contends that he used Mrs. Olson a mortgage for \$1,500. The warrant does not say that he failed to pay the \$90 to Mrs. Olson or that he converted it to his own use in any way.

Hinkinen has been a dealer in farm lands and it is understood that he has located many former strikers on farms in Baraga county.

MOTORCYCLISTS IMPROVE.

James Patton and Joseph Biering of Hancock, who were injured Saturday, when the motorcycle on which they were riding, collided with a rig near St. Mary's location, are improving rapidly. The young men were returning to Hancock from Calumet and while attempting to pass a rig, going in the same direction, the collision occurred. Mr. Patton was badly bruised and it was necessary to place several stitches in his leg. Mr. Biering was badly shaken up.

A lawn social will be given Wednesday evening by the Ladies Aid society of the Pewabic M. E. church. Music will be furnished by the Quincy band.

VANDERBILT AND FINLEY WILL AID AMERICANS ABROAD

Dr. John H. Finley, Commissioner of Education of New York, with three aids, started from London for Germany in an attempt to get in touch with Americans marooned there.

Dr. Finley was chosen by the American Citizens' committee in London as the ablest man to lead the dangerous relief expedition. The expedition is going by way of Holland and hopes to penetrate into Germany, but if prevented will at least round up refugees on the frontier and get them to London. Dr. Finley is taking a large sum of money for relief work. Cornelius Vanderbilt started from Paris as a special messenger of the United States embassy there by automobile for Geneva, St. Moritz and other Swiss resorts, to inform Americans there of the plans for their relief and also that arrangements had been made with the Bank of Switzerland to cash letters of credit. He has received a special permit from the French war office, also a supply of government petrol. He is going on the double errand of collecting children, now in Switzerland.

CORNELIUS VANDERBILT

WILLIAMS FUNERAL IS HELD.

The funeral of the late James Williams of Quincy, took place yesterday afternoon at 2 o'clock with services at the First M. E. church of Hancock. Rev. Folklinger of Quincy, and Rev. Reuben Crosby of Hancock, officiated. The remains were laid to rest in Forest Hill cemetery.

HANCOCK BREVITIES.

Mrs. R. C. Olivier and daughter Lilian of Iron Mountain are visiting at the home of R. L. Olivier on Emory street.

Miss Bertha Sigel left Saturday for Boyne City and Milwaukee to visit for a month.

Mr. and Mrs. Joseph Linder have returned to Duluth in the Tonesto after a visit of two weeks in the copper country.

Miss Hallonen is visiting in Sault Ste. Marie.

Mrs. Peter Cossette and daughter, Pearl left yesterday for a visit in the iron country.

Sister Bathilda of St. Patrick's convent celebrated her silver jubilee Saturday. Mass was celebrated in the convent chapel and in the afternoon sisters of St. Joseph's convent and St. Joseph's hospital called to extend congratulations.

Miss Grace Moyle has returned from a visit in Ishpeming.

Mrs. H. Hursch and son, Henry, of Virginia, Minn., are visiting in Hancock.

Miss Mildred Wivell has returned from Ironwood.

The Misses Jennie Cox and Ethel Cameron are visiting in Duluth.

Albert Henry of Quincy and Miss Theresa Emson of Hancock were married Saturday morning by Justice M. L. Funky.

E. P. Shaw of New York city is visiting in Hancock.

E. L. LePage and John O. Maxey of L'Anse, visited friends in Hancock today.

TORCH LAKE RESUME WORK ON PLANT.

Foundations for Tamarack Auxiliary to be Rushed to Completion.

Work on the foundation for the new recreational plant which will be erected on the Tamarack sands, will be resumed this week and the work will be rushed to completion, according to advices received here Saturday. Despite the present outlook for mining, the work will be continued and local people are inclined to look more optimistically upon the situation.

While the mines have been reducing their forces, the depression has not been felt here to any great extent and only a small force was dismissed.

HIBERNIANS HOLD MEETING.

Hibernian Hibernians met yesterday for the purpose of arranging to attend the state convention which opens in Calumet tomorrow morning. The local division will attend the opening service at Sacred Heart church and then will participate with other divisions of the county in the entertainment of the visitors.

LAKE LINDEN BREVITIES.

Mr. and Mrs. Oliver Generaux have returned from a wedding tour.

Mr. and Mrs. T. H. Rule have returned from a brief visit in Iron Mountain.

Mrs. Henry Nathanson has returned from New York.

Troffe Belhomme has gone to Buffalo, en route to Toronto, Canada, where he will visit.

Mrs. Thomas Jones and daughter, Miss Audra, have returned from Detroit to visit in Lake Linden.

Mrs. William Dessement of Superior are visiting in Lake Linden.

Clasie Therian of Worcester, Mass., is visiting his brother, Charles, of Lake Linden. This is their first visit in fifty-nine years.

Violins, mandolins, accordions from \$2.00 up during the balance of our clearance sale. McLogan and Pearce, 237-259 5th St., Calumet. 137 Sheldon St., Houghton. Advertisement—1f

ANSWER THE CALL

Calumet People Have Found That This is Necessary.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has satisfied thousands.

Is Doan's Kidney Pills. Thousands of people rely upon it. Here is one case: Mrs. T. Quayle, 361 S. First St., Ishpeming, Mich., says: "I suffered from distressing backache and pains through my body, making it hard for me to stoop or lift. I also had headaches and dizzy spells. I used Doan's Kidney Pills and they did me a world of good."
