

Parks for Lubbock

Two entire blocks in the Overton Addition have been reserved for Parks. Block 36 on the north side and block 46 on the south side. These blocks contain about four acres each and will be fenced and improved with trees and shrubbery this fall. These will be places of beauty and afford delightful recreation grounds for the residents of Lubbock, particularly those living in the vicinity of them. The two streets on each side of each Park have been made restriction streets, no house costing less than \$1,500.00 will be erected. This will be a desirable place for nice residences and will attract the attention of all visitors to Lubbock.
