FARMERS INSTITUTE

Arrangements for Big Meeting Being Made—Plans for Farmer's Congress.

Elaborate arrangements are being made by the proper parties for the Farmers Institute, which convenes here Saturday, July 7th, in regular monthly session, and according to those plans this will be the banner meeting of that organization. The first Saturday in each month is the day for the regular meeting, but for some reason, presumably on account of this being the busy season for the farmers, a meeting has not been held for several months. This being the case, only adds importance to the coming session, and everything necessary for a successful one is now being done, and the coming together of this body of men is looked forward to with an anticipation of great good as a result. A program is now in preparation and the questions to be considered and discussed are interesting ones, not only to the farmer but to the business man as well. The farmers of the county are seemingly enthusiastic in the movement and are well organized, with the membership continually on the increase. It is the intention also of those who have the arrangements and plans in hand, to prepare for a joint meeting of the Institute and the business men of

Amarillo the same day, and discuss questions that are for the mutual benefit of both. One is dependent on the other, and both should work together at all times, thus accomplishing more successfully and with much more satisfaction the common aims in view. Another important matter to be discussed in the Institute is the Panhandle Farmers Congress which convenes in this city in September. Committees on arrangements will be appointed and preparations will be begun as soon as possible for the Congress; solicitors will gather exhibits of the resources to be on display during the meeting of the Congress, and which will probably be turned over to the Exhibit Association for use in the special car afterwards. A number of prominent speakers and authorities on subjects vital to the farmer and stock raiser will be present, and special invitations will be issued to all farmers in the state to attend.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at L. O. Thompson & Bro., druggist. Price 50c and \$1. THE WEATHER.

Tonight and Wednesday Warmer. Cloudy Weather.

Purchases are Being Made.

It is learned that work is fast progressing in the way of securing the lands for the erection of the Santa Fe railroad shops. Several deals have gone through of late and others are pending, and as soon as all that is required have been consummated, work will begin on the round house, yard tracks, etc. The Commercial Club, which has this matter in hand, is busy and is making all headway possible.

Announcement Cards.

Cards have been received announcing the marriage of two of Amarillo's most popular young people as follows: "Mr. and Mrs. A. M. Works invite you to be present at the marriage of their daughter, Mai-Fare, to Mr. John M. Willis, on Tuesday evening, the 28th of June, 1906, at 9 o'clock. Methodist church, Amarillo, Texas. At home, Hugo, I. T."

Mr. Downing Has Charge.

Mr. J. T. Downing of this city has charge of the DeForrest wireless telegraphy for this section of the state, and will superintend the construction of the station in Amarillo. He stated that while they did not know just when work would begin here, yet thought that everything would be in operation in about sixty days.

Don't!!!

Don't let your child suffer with that cough when you can cure it with Ballard's Horehound Syrup, a sure cure for coughs, bronchitis, influenza, croup and pulmonary diseases. Buy a bottle and try it.

B. B. Laughter, Byhalia, Miss., writes: "I have two children who had croup. I tried many different remedies, but I must say your Horehound Syrup is the best croup and cough medicine I ever used. L. O. Thompson & Bro. 45T51

Valuable Mobeetic Lands.

Mr. O. C. Elliott, who lives one mile north of Mobeetic, was in the city Saturday, and while here visited the Herald in its new quarters. Mr. Elliott is a great believer in the Panhandle country, and thinks it the future garden spot of the state. He stated that he had recently refused a cash offer of ten thousand dollars for a section of his land, and that ought to satisfy anybody that this country is good for something other than grass.

A Happy Mother

will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at nights, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild pleasant way. Once tried always used. Give it a trial. Price 25 cents. L. O. Thompson & Bro. 45T51

Cheap Sale.

I have following second hand articles for sale, cheap: double seated surry, cultivator, lister, disk harrow, plows, hoes, pitchforks, and many other tools, etc. useful to the farmer. Call or write

WHAT A DRUBBING!

A Small Crowd Witnesses The "Slaughter of The Innocents" by Amarillo.

It was a shame, but it couldn't be helped! Amarillo tried to help the visitors but they didn't accept, and of course it was their fault. About as poor a game as has been seen on the local diamond, featureless, unevenly matched, and as full of errors as it could be. It seemed, was the verdict of the small crowd that witnessed the nine inning "play around" Sunday. The Giles boys tried hard to do something, and the two lone runs they got were credited on errors, while the twenty-one stacked up on the home side were walk overs. The visitors' battery, although it is claimed to be a paid one, was minus, and the support was lacking. Not one man but the entire personnel of the team had errors galore. The hits off of Giles were few at first, but as the game progressed became so numerous that all count was lost. Amarillo, with Lewis in the box, held the visitors down to a few hits, and after the sixth inning, Wee Willie, Kitchen and Hollander each tried their hand at slab work, but Giles just couldn't, Lewis got a home run to his credit and several two-baggers, putting the ball over the fence a number of times. Every man on the home team took "swats" at the ball and took them so fast that it required three or four of the spheres to keep the game going. Several new men were in the game with the local, but the chances for them to show their ability did not come. Cook played behind the home plate for Lewis, though he could not handle the catchers pad as Baker. The crowd was in good humor and despite the poor work, and a cause for such, they yelled and croaked and hurrahs, in fact it seemed as if they got their money's worth.

The score:
Amarillo - - - 21
Giles - - - 2

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well-known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Golding Drug Co. 44-52

Meeting Of Exhibit Association.

The Panhandle Exhibit Association held a meeting Saturday afternoon in the county court room for the purpose of discussing questions relative to the organization and to make some plans concerning the special car of Panhandle resources which is to be sent north and east this fall. On account of the absence of R. B. Newcomb, the chair was declared vacant and P. L. Person was elected to preside. Mr. Newcomb was then elected as vice-chairman and W. W. Crossett, remained as secretary. An unusually large number of the real estate men was present and the interest in the meeting was good. Every one present, almost, took part in the discussions and the ideas brought out were practically along the same lines, and showed the gentlemen to be heartily in accord with the movement. Committees for the various works to be attended to between now and time for the starting of the car, were appointed and plans made for the collection of exhibits. The gentlemen of the Association are aggressive and have the Panhandle at heart and from the way they have taken up the work and the push and vim that is being put into it, this section of the state will reap much benefit, is a result.

Cold Facts By The Soda Boy.

As the hot summer days begin to draw near we can see the crowds of particular drinking people come thicker and closer to the fountain.

There is always a large majority of people who want the best, regardless of price, but when the price is about the same at all fountains, the only question should be, "Who keeps the best?" From our experience and the fact that we make our own goods and know what they contain, we are more than willing to have you buy our cold drinks and judge for yourself. The best service and the best to serve.
