PERSONAL. Chas. McGehee, Jr., has retired from the Candy Factory. Mrs. Jessie Sample was visiting here the first of the week.

T. M. Prince has been appointed special policeman for the Chautauqua. Judge Fisher was appointed city attorney at the last meeting of the council. Mrs. Dixon, who resides about a mile out on the Stringtown road, desires a few more boarders.

We had a pleasant call on Monday from our young friend J. E. Hunter. Sorry to find him not in good health. We heard a portion of Mrs. Pennybacker's lecture to the teachers on Tuesday. She is a phenomenally bright little lady.

Mrs. Miller, the plucky representative of the Jo-He medicine at this place, is about to take her departure, at least for a time. Among former acquaintances in attendance at the Teachers' Institute, we notice Miss Dorris, of Science Hall, and Miss Thrall, of Staplesville.

Prof. McNeese, the world-renowned phonologist, now has rooms in the Free School Building, where he will receive calls in the line of his profession. Mary Henry Academy derives its appellation from the names of Prof. Bishop and his wife, the Major gallantly and properly giving her precedence.

Our genial young friend, Gus Duggar, is "filling a long-felt want" in the way of escorting transient lady book and newspaper agents visiting our town. Miss Ida M. Berry, a handsome young lady representing the Sunny South, was in the city on yesterday and made the FREE PRESS a very agreeable call.

The one hundredth birthday of Grandmother Blythe, on Onion Creek, is to be celebrated with appropriate festivities by her neighbors and friends on Friday. Although our old job printer has left us, as noticed some weeks since, we are still turning out good work, to the satisfaction of our customers. Send in your orders.

Mrs. Laura Austin, of Flatonia, sister of Mrs. Gregory, came to this place recently and died at the residence of Mr. G. G. five days after. Her funeral took place on Sunday. Miss Cora Baldwin, the agreeable and accomplished daughter of Prof. J. Baldwin, president of the Sam Houston State Normal Institute at Huntsville, is stopping here this week.

We were remiss of duty in not noting, last week, a call from Miss Harrison, an interesting young lady, niece of Mr. and Mrs. J. T. Townsend, who came with her to our office. We ought to have noticed that Equire Heaton made us a hearty call week before last. He is sojourning at Pearsall, and his health has manifestly improved since he left the postoffice.

And now we learn that Jeff Travis will make the race for County Commissioner against T. J. McCarty. It will be Jeff against Jeff this time. "When Greek meets Greek then comes the tug of war." Mr. Hugh Mosier, of this place, who left for the Pacific coast region a short time since, has reached Arizona, where he will probably stop awhile. The rest of the family will go in the same direction as soon as they can arrange their affairs to that end.

D. W. Pritchett, the pastor of the Christian church at this place a year or two since, has reached Austin, where he is in attendance at the State convention of his denomination, held last week at Austin, come this way, staying over one night, preaching at his old church, and departing the next day. He is located at Mason, where, we learn, he has a good congregation.

The President of the Cambridge, Mass., Fire Ins. Co., recommends Hood's Sarsaparilla as a building up and strengthening remedy. Frequent rains. The Chautauqua Guards will have a dress parade and inspection on Thursday.

J. V. Hutchins' new corner building is now going up steadily. It will take rank among the best in our town. We learn the second story is to be fitted up for a public hall or opera house. Good idea. We don't know that we have any right to a voice in the matter, but will say that the suggestions contained in the article in another column, signed "Peace," seem to us eminently appropriate and worthy of favorable consideration.

We learn it is proposed by the Teachers' Institute to give public entertainments on Friday nights in the way of readings, declamations, etc., and the Chautauqua choir are invited to make music for the occasions. A commendable idea. The first of these entertainments will be given Friday night. The Teachers Institute began its sessions at the Chautauqua pavilion on Monday, and under the able charge of Prof. Crow and his efficient assistants is progressing nicely. 65 members have enrolled their names. The number will probably be increased.

It having been found during the recent heavy rains that the board roof of the Chautauqua pavilion was insufficient it was concluded at the eleventh hour to replace it with an iron roof, which has been done at a cost of \$300. This is vastly better, and gives the building a more respectable appearance. "A book's a book although there's nothing in 't." So says a poet, and some people seem to think the same way about newspapers. But this is a great mistake. The FREE PRESS is confessedly without a rival in this part of the country as a complete local and family newspaper. To persons thinking of subscribing for a paper therefore we say: "Get the best."

The committee on the selection of a site for a new school house reported to the Council their disapproval of the Barber property, and were instructed to examine certain lots in front of Dr. De Steiger's residence with reference to purchase as the site of the proposed building. This location will be central, handsome and in all respects eligible. The Court House ought in all reason to have been built there or on similar ground—then the foundation would have stood as firm as the everlasting hills. But perhaps the site was reserved for the new school building.

SAN MARCOS REAL ESTATE FOR SALE. A desirable business house and lot on the east side of the public square. First rate business location. Also a choice lot in Coffield's addition to the town in the valley just below the Chautauqua Hill, adjacent to the proposed city park. Inquire at or address the FREE PRESS, San Marcos, Texas.

Legal Card. W. D. Wood, Sterling Fisher and Owen Ford have associated themselves together for the practice of law in civil matters in Hays county, Texas. Office in Wood's new building, up stairs, San Marcos. Oct. 25-ly.

An Instance Among Many. We have the best authority for the following: On Sunday last a lady going to the postoffice saw two half grown boys approach a saloon and ask for drinks. The keeper went in front, while the boys went round to the rear entrance of the saloon. And this we are assured is no uncommon occurrence in our town of Sunday Schools, churches, Chautauqua and boasted devotion to law and good morals and religion. And yet, it is claimed that there is no way to bring the offenders to punishment! Is that so?

Preachers, Sunday School teachers, church members, heads of families, leading citizens of all classes, we ask: What are you going to do about it? It is high time a practical answer were given. "An Era of Good Feeling." ED. FREE PRESS.—The reunion of the 32d Texas Cavalry appointed for the 31st inst., should be in every sense of the word what the heading of this article indicates. Let the occasion not be marred by political speeches. Those in whose honor and for whose pleasure the reunion is especially designed, were good men and true in the service of the Confederacy, but they may now be of diverse political views, and of opposite choice as to our local candidates. Let the day be one of oblivion as to present disagreements. Let it be a day given to honoring the brave men who represented our section in the greatest war of modern times. Let the talk be of the past, when as one man, of one opinion they bore their banner to the front. Let stories of the camp, the march, the battle regale the day. Let the memory of the "dead on the field of honor" of the regiment be honored by recital of their patriotism and heroic deaths. Relegate for one short day politics to the rear and give the time to social enjoyment undisturbed by the "ambitions that haunt men's brains." PEACE.

County Convention. Although specially directed to furnish copies of the proceedings of the convention to the several newspapers of the county, the secretary saw fit to ignore the FREE PRESS in that regard. We, however, give all the proceedings, save what relates to credentials of delegates and precinct officers. The following action was had as to the selection of future delegates: In the matter of the selection of delegates for the various conventions Judge Wood moved that the convention at this time content itself with the selection of delegates to the State convention, and that the motion was carried. Mr. E. P. Reynolds moved that a committee consisting of one member from each precinct be appointed to recommend to the convention the names of suitable delegates to the State convention. Mr. Brown moved as a substitute that the different delegations submit the names of delegates. Mr. Hutchins moved as a substitute for the substitute that the delegation to the State convention consist of five members from the first precinct and two members from each of the other precincts, and that the different delegations submit the names of such delegates. The Hutchins substitute was adopted and the convention took a ten minute recess to allow the delegations time for consultation. Upon the resumption of the convention the following list of delegates was reported: Precinct No. 1.—W. D. Wood, J. V. Hutchins, Geo. T. McGehee, C. M. Hill and Wm. Gieson. Precinct No. 2.—Desha Bunton and C. H. Word, with B. G. Neighbors as alternates. Precinct No. 3.—J. R. Burleson and H. C. Hubbs. Precinct No. 4.—I. C. P. McLendon and J. H. Harrison. Precinct No. 5.—Julius Schmidt and Ad Adams.

The report was adopted and upon motion Ed. J. L. Green's name was added to the list. Upon motion Captain Ferg Kyle was elected chairman of the county executive committee. After Brown moved that the county papers publish the proceedings of the convention adjourned. Republican Meeting. By virtue of authority in us invested, we hereby call a Republican mass meeting to be held in the city school house (colored) in the town of San Marcos, at 12 o'clock on Saturday, July 21st, 1888. The business of the meeting will be to elect a Republican executive committee for the county of Hays and to transact such other business as may come before it. J. CRUTCH, J. W. WATSON, G. W. BUCHANAN.

Teachers who contemplate visiting San Marcos State Summer Normal School are informed that arrangements have been made to place 100 or more teachers at from \$4 to \$5 per week at the best boarding houses and in some of the best private families in the city, mostly near Chautauqua Hill. J. A. Thomas, A. B. Dalley, J. G. Burleson, committee.

On motion of Councilman Donalson the following ordinance was adopted at the meeting of the council last week: Any person who shall at any time enter upon the grounds of the San Marcos Sunday School Assembly and Summer Institute, except upon proper authority; or shall kill, catch or injure in any manner any fish, bird, squirrel, rabbit or other fowl or animal; or shall injure or destroy or carry away any tree, shrub or plant; or shall in any manner injure or destroy any building, fence or any other property whatever in or upon said grounds shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not less than five nor more than one hundred dollars, and shall be put to hard labor on the public streets, alleys or other public works of said city until such fine and costs are paid.

Send Us The News. When anybody dies, gets married, runs away, steals anything, builds a house, makes a big sale, or whips his man—or his wife—breaks his leg, or gets the senses kicked out of him by a snake, or does anything that is in any way remarkable, and you have reason to believe that you know as much about the occurrence as anybody else, don't wait for some other person to report it, or try to find it out by indirect, but come and tell us about it, or send the facts on a postal card. In this way news is supplied, and it takes a good supply of that necessary article to make a good home paper. See if you cannot improve this year, and let us know every item that transpires in your neighborhood. We have several times before copied the above, which one of our Indians exchanges pertinently keeps standing.

Attention Firemen! You are hereby ordered to meet at your truck house in full uniform on Friday evening 16th, at 5 o'clock sharp. See notice of former Alert House, signed M. H. A. L. Co. BYRON W. SMITH, Chief S. M. F. D.

We are in receipt of announcement of the second year of Hote's Academy, San Antonio. The principal, we need scarcely say, is Prof. W. C. Hote, for several years principal of the public schools of that city, and who did so much to place them on a sure and successful basis. Quite as little need we testify to his merits as an accomplished and scientific educator. We notice his Academy has received the patronage of a number of the prominent people of San Antonio, who will no doubt be joined by many others in the near future.

The Christian convention at Austin last week was not very harmonious. A friend who attended sums up the differences on one question as follows: After much discussion in the assembly at the Christian church in Austin a plan for general missionary work was agreed upon by a vote of 42 for and 2 against the plan of Dr. C. Kendrick and C. M. Wilmett (voting away). It is to be called "A Co-operation of Christian Brothers and Sisters." It is to be a permanent organization with an executive committee of five including a president, vice president and Secretary who is also Treasurer. About \$1,500 in money and pledges were raised, and a movement set on foot to raise \$30,000 for the orphan school and fund was also started for the maintenance of superannuated preachers. Dr. Kendrick called a meeting (of those who could not conscientiously work with the regular organized "society") for Saturday in which he proposed to organize on the "Lord's plan." R. M. Gatto and a few others will join in this plan, how far Dr. Kendrick will effect the permanent organization is not yet known. Those succeeding from the co-operation will work through a local church, but all agree to work.

Alden, the Literary Revolution man, has issued a handsome set of Irving's works, bound in half morocco, marbled edges, nine volumes, at a little less than \$1 per volume.
