THE QUALITY HOUSE

Amarillo is probably going to sit idly by and have no Fourth of July celebration, or fair and horse races this fall. Other enterprising towns around us are having both. Amarillo is too busy looking after the sale of town lots, and what she can make by turning the lots she owns to some other fellow, to think of Fourth of July celebrations, or fairs, horse races or any other class of amusements. —Daily Panhandle.

Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by S. V. Wirt.

THE QUITTERS.

You have seen them, they are to be found everywhere, the fellow who quits, just lays down and will have nothing else to do for the good of his town or community. There are various things that causes this attitude towards a town. Generally the quitter is a selfish being, and pouts because he does not see his own selfish interests gratified every time he turns around. He is willing to work as long as he sees things come his way, and he sees every effort of his own, augmented by those of the whole town, going to fill his own pockets, but let any matter of public good arise that affects his personal interests and he is off at once. The writer saw a calf once that wanted to suck every cow in the pen, and when it was put off where it could not get to any cow but its own mother it bawled itself hoarse. It was getting plenty to eat from that source, but just hated to see the other calves getting anything. There are some people just like that calf; if they can't get a taste of everything going, they raise a rough house. There are some people who quit just because they can't boss every job. They have been indulged in this desire until they come to think that they are just right on every proposition, and that no one else has a thought worth a copper cent. They will work just as long as all are willing to work just as they dictate, but the minute some one else insists on some other plan and the majority agrees with the other fellow, they want to pick up their doll rags and go home. Some men think that they are right on every proposition and to criticize their proposition is to offend them. The quitter soon becomes as a has been in all public matters, and while he has influence as long as he works, in spite of his erratic notions, for the people all respect an earnest worker, whatever his motives or his crankisms, they soon lose esteem for the one who lays down in the middle of a job and goes to sleep. A country man went into a sales stable in Kansas City to buy a horse. The salesman showed him all around the stable, but kept trying to sell him one particular horse, which he praised effusively. Finally the country man, tired of it, said: "That horse is a has been, what I want is an izzar." That is the way with the public, it cares very little for what a person has been or has done; it wants izzars, people who can do things now. —Brown-wood Bulletin.

TAXATION.

What Some Counties Are Doing Toward Equalizing.

IN BRISCOE.

The county commissioners' court has been in session this week setting as a board of equalization. We learn that this court has placed land values at from 50 cents per acre for strictly grazing lands in the brakes to \$2.50 per acre for lands within a radius of six miles of Silverton, while it has lowered the personal property valuation about 50 per cent. —Silverton Enterprise.

This is putting the land at about one-fifth of its present market price and why not the personal property on the same ratio? Can or will the Enterprise explain?

FALLS COUNTY.

In the black land counties the old method of classification is being followed as of yore with a considerable raise, from a third to one-half for this year. They are still 'way under market value, however. Take Falls county for

instance. There in passing on land values the board classified and valued same as follows: Black land, class 1, \$30 per acre; class 2, \$25; class 3, \$20; mixed, \$15; sandy land, class 1, \$10 per acre; class 2, \$7; class 3, \$5. Some land had been rendered as high as \$65 per acre, but the same was reduced and placed in the class to which it belonged according to the scale above.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25 cent size of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by S. V. Wirt.

J. M. Rockwell and W. A. Baie, president and vice-president respectively of the Rockwell Lumber Co., were in town the first of the week "taking stock" of the Canyon Lumber Company yard contents which is one of the Rockwell branches.

Shaw-Bowen.

Mr. and Mrs. George R. Stanford announce the marriage of their daughter Inez Claire Bowen to Mr. Travis Shaw on Tuesday, June the 11th, 1907, Detroit.

At Home after July the first Canyon, Texas.

So reads the cards sent to friends in Canyon City.

Mr. Shaw has proven himself efficient in business as his present position, assistant cashier of our First National Bank, will attest, and his character outside of that in all that goes to make a gentleman is above reproach. He lacked one thing, however, to come up to the full measure of a man and citizen—a good wife. This one thing he now has, whose value "is far above rubies," and The News joins his many friends, both here and elsewhere, in extending hearty congratulations.

Notice to Property Owners.

All persons owning property in Canyon City, Texas, are hereby notified to appear at my office room 6, Smith building, and pay their taxes for the year 1907.

On all taxes unpaid by July 1, an additional amount of 5 per cent will be charged and collected as the law directs.

FOR THE BATTLE OF LIFE

Drink the old original Arbuckles' ARIOSA Coffee, the blend of Brazilian coffees, most wholesome and stimulating, as well as most economical. Anything dearer than Arbuckles' ARIOSA is extravagant, and no one can sell as good coffee for the same price. People who drink Arbuckles' ARIOSA Coffee are not dyspeptics with fashionable nerves

who take vacations in Sanitariums, on featherweight rations, but the healthy vigorous manhood and womanhood that constitute the useful majority. The first roasted packaged coffee; sales of Arbuckles' ARIOSA Coffee for 37

years, exceed the combined sales of all the other packaged coffees. In sealed packages only for your protection. Don't buy loose coffee out of a bag, bin or tin that the roaster is ashamed to seal in a package with his name on it.
