BASE BALL.

Yesterday's Game at Padgett's
Park—Prospects for the Suc-
cess of the Season.

The first match game of the season
was played yesterday afternoon at the
Padgett park grounds, between the
Central City Base Ball club and a
picked nine of old base-ballists. Not-
withstanding the fact that the boys are,
as yet, out of practice, some excellent
plays were made and rare sport may
be looked for in the near future. The
score yesterday was 18 to 8, in favor
of the Central City, which after
another week's practice will doubtless
be lowered next Sunday.

The members of the nines which
played yesterday are: Central City;
Louis Blanchet, captain; B. Spencer,
Charlie Stewart, Arch Thomas,
Darrab, Walter Raymond, Baylis
Clay, Stacy Lunsford and Issie Gas-
senbeimer. Picked nine; Jim Clay,
captain; Julius Rice, Lee Weil,
Eugene Clay, Tyre Ashford, Todd
Zeigler, Louis Hutchenreider, Dave
Meers and Halcomb. Some
important changes will be made in
the latter nine and future contests are
expected to be very close.

Much credit is due Mr. Walter
Mitchell, the well known manager for
last season, for the interest taken and
the skill exhibited in selecting the
men and reorganizing. He is confi-
dent of far greater achievements this
season than ever before attained in
Waco, and believes the boys will do
themselves and the city credit by a
greater number of victories over clubs
of other Texas cities than ever before.

Everybody goes to Joe Lenman's

cream.

ALL OVER TOWN.

The county court convenes for the
March term today. The dock-
et will be called Tuesday so as not to
conflict with the district court.

Under the new apportionment there
will be 146 members of the house of
representatives and 31 senators, form-
ing the Twenty third legislature.

Two cases were tried this morning
in the mayor's court, one upon the
charge of vagrancy and the other for in-
toxication. The former was dismiss-
ed and a fine of \$5 was assessed in
the latter.

The show windows of the new
store of Whittinghill, Jones and Good-
loe attracted a great deal of attention
yesterday. Mr. Sam Pope the popu-
lar and well known artist in that line,
is the gentlemen who arranged these
windows.

A canvass was made on a San An-
tonio and Aransas Pass train one day
last week to see who was the most
popular candidate for governor. The
result was that George Clark received
thirty-eight out of forty-one votes.

An interesting spiritualistic seance
was held last night at the residence of
Mr. W. E. Dupree on South Fourth
street. Some wonderful manifesta-
tions were had, resulting in the con-
version of several to the faith. The
medium, Prof Pettibone will remain
in the city yet about a week and will
doubtless interest many in the cause
to which he is devoted.

The committee appointed at the
last meeting of the German American
Citizens Club for the purpose of
drafting constitution and by-laws, met
last Saturday evening at the office of
Dr. Charles A. Dreis and performed
that duty to the satisfaction of all
members. The report will be submit-
ted for adoption at the next meeting
of the club.

SENATOR HARRISON'S CANVASS.

The Result of a Quiet Pull of His
Constituents.

Senator John H. Harrison has been
engaged for some weeks in ascertain-
ing the choice of his constituents for
senator.

In conversation with a News re-
porter this morning he said:

"I have by earnest effort through
the newspaper interviews and by pri-
vate correspondence elicited the choice
of 2,892 of my constituents in
McLennan and Falls counties and find
that Roger Q Mills lacks just eleven
votes of having half of the whole
number." Senator Harrison will con-
tinue the search for expressions of
choice for the senatorship and will
vote for the man who receives the
majority.

District Court.

The district court convened this
morning at 9 o'clock, the Hon. L. W.
Goodrich on the bench.

The grand jury, composed of D. R.
Gurley, foreman; Jake Weaver, B. J.
Kendrick, John I. Baker, Bud Arnold,
H. C. Mills, Tom Priddy Joe Smith, J.
D. Morgan, T. C. Tibbs, Tillman
Knight and E. L. Humphreys, was
empanelled, sworn in and charged.
The charge was short but concise and
to the point, the burden of which was
an admonition to investigate carefully
all matters coming before them and to
be certain that no bills be returned
except, in their judgement, the evi-
dence was amply sufficient to secure
convictions. The charge, as a whole,
occupied only about five minutes in
its delivery. Immediately upon the
retirement of the grand jury the civil
non-jury docket was taken up and is
being called and cases set for trial.

A Sad Affliction.

Mr. and Mrs. E. B. Black returned
from Granbury Saturday night with
the remains of Bettie, their only little
one, who died at Granbury Friday.
The funeral took place yesterday at 4
p. m. from the residence of Mrs.
Black's parents, Mr. and Mrs. J. T.
Forney, 601 South Sixth street, Dr.
H. A. Bourland officiating at the resi-
dence and Rev. D. C. Kinnard at the
grave. Interment in Oakwood ceme-
tery. Mrs. Black will remain with
her parents for a while. Little
Bettie was three months old,
the only child and the idol of
her parents. THE NEWS ex-
tends sincere sympathy to the be-
rieved.

OBJECTOR J. BAILEY.

THE PENSION BILL RECEIVES HIS
ATTENTION.

The Blankhead Resolution in Regard to
Judge McCormick Falls Flat—Mr. Hol-
man's Opposition to the Appropriation
for the Bureau of Animal Industry.

WASHINGTON, March 7.—The pension
appropriation bill was before the house.
Contrary to expectations, the sum pro-
posed to be appropriated was about
\$133,000,000. It was believed that it
would come nearer \$150,000,000 than the
sum above stated. An amendment was
offered to add on \$11,000,000 more, but
this was defeated. After much discus-
sion the bill was perfected in the com-
mittee of the whole and it was proposed
to put it on its passage.

When the vote was taken it was found
that something like 130 members were
present. Mr. Bailey made the point of
no quorum. There was much astonish-
ment and some indignation evinced and
Mr. Bailey was pleaded with to with-
draw his point, but he positively refused
to do it. The result was that the
bill had to go over. There
were many Democrats who said
that this was very poor politics, as it
was calculated to put every pensioner
and old soldier in the country against
the Democratic party. Mr. Bailey says
that he did not propose, nor does he pro-
pose in the future, for any such enor-
mous appropriations as this to pass the
house without there is a quorum of
members present to take their share of
the responsibility for it. There are 333
members and of these a quorum could
not be had and it was proposed to ap-
propriate \$133,000,000, the smaller num-
ber present to take the responsibility
of it.

It now looks as if the sub-committee
of the judiciary committee had

About Finished Its Work

on the Bankhead resolution in regard to
Judge McCormick. Mr. Bankhead has
been asked by the committee if he has
any further charges to present, and he
has replied in the negative. It is under-
stood that the sub-committee will report
back to the main committee that even
if the charges are true, there is nothing
on which to ground a trial of impeach-
ment, and moreover the state-
ments made by McCormick and his
friends convince the sub-committee that
the charges cannot be substantiated.
For the past week a great many flatter-
ing indorsements of Judge McCormick
have come to the committee from differ-
ent towns in Texas where bar meetings
have been held to give expressions to
these charges against Judge McCor-
mick. It can be put down as a sure
thing that there will be no impeachment
proceedings against McCormick.

Since this is a fact the question as to
who will succeed him on the bench is
being renewed. A report came from
the white house some time ago that
Judge Rector of Anstin stood the best
chance for the vacancy. This was prob-
ably true at that time and may be true
now, but this is presidential year and
Mr. Harrison is just at this time devot-
ing himself in a great measure to poli-
tics.

House.

WASHINGTON, March 7.—The magic
power of Chairman Holman of the ap-
propriations committee was broken in
the house for the first time this session
and all barriers and traditions, preced-
ents and practice thrown around the
committee borne down under the im-
petuous sway of the champions of agricul-
ture. There was the old conflict of
prerogatives against the precedents of
the committee on agriculture against
the committee on appropriations and as
usual Chairman Hatch and his col-
leagues carried the day and Mr. Holman
was unable to check the tide of senti-
ment which swept over the house and
awarded to the agricultural committee
jurisdiction over its own appropriations.

Mr. Hatch of Missouri called up the
bill appropriating (as deficiency) \$150,-
000 for carrying on the work of the bu-
reau of animal industry, and \$10,000 for
experiments in the production of sugar.

The exciting incident of the day oc-
curred when Mr. Holman of Indiana
opposed the bill on the ground that the
committee on agriculture had no juris-
diction over the matter and that it was
properly under the jurisdiction of the
committee on appropriations. He had
the further objection that the committee
had not properly investigated the ques-
tion of the appropriation, and prop-
ounded several inquiries bearing upon
the point.

Mr. Hatch declined to be interrogated
by the gentleman from Indiana, but
Mr. White of Iowa, a member of the
committee on agriculture, asserted em-
phatically that proper inquiry had been
made.

Among the communications presented
by the speaker, which were appropri-
ately referred, was a letter from the act-
ing secretary of the treasury. In this
the acting secretary says \$500,000 will
be required during the fiscal year ending
June 30, 1893, for the purpose of collect-
ing exhibits for the World's Columbian
exposition.

On motion of Mr. Otis of Kansas a
resolution was adopted directing the
committee on private land claims to
make inquiry into the Maxwell land
grant in New Mexico.

Mr. Tucker of Virginia, from the com-
mittee on the election of president, vice-
president, etc., reported a joint resolu-
tion proposing a constitutional amend-
ment changing the date for the begin-
ning and ending of the terms of senators
and representatives from March 4 to
Dec. 31, and providing the usual an-
nual session shall begin on the second
Monday in January, and further pro-
viding the term of president and vice-
president shall commence and end on
April 30 instead of March 4.

The urgent deficiency bill was then,
on motion of Sayers of Texas, taken up
and passed without amendment or de-
bate.

Senator Hoar Improved.

WASHINGTON, March 7.—Senator
Hoar, who has been suffering for a
month with an affection of the eyes,
which confined him to his room, is now
so far recovered that his presence is ex-
pected at a meeting of the judiciary
committee next week. In consequence
of his absence all consideration of Judge
Wood's nomination, which has been be-
fore the committee for several weeks,
has been postponed until he returns.

It is probable the first matter taken
up by the committee will be Judge
Wood's case and an early disposal of all
judicial nominations is looked for.

Secretary Blaine's Condition.

WASHINGTON, March 7.—Secretary
Blaine has been quite sick for several
days past. The following official state-
ment of his condition was given out:
Secretary Blaine is the victim of grip.
He was taken quite suddenly and
severely. His fever was high on Thurs-
day and Friday. He is much better now
and hopes to be about in a few days.

Salt Prices Go Down.

ROCHESTER, N. Y., March 7.—The salt
market has gone to pieces as the result
of the collapse of the western New York
combine. The price of salt is tumbling
and there seems to be no bottom to it.
Dairy salt is down 40 per cent. and com-
mon salt is 30 per cent. lower than on
Jan. 1. The salt market is practically
controlled by these western New York
concerns if they act together, and al-
though the central New York companies
at Syracuse and other points were not
included in the trust, their business is
affected just as if they were in the pre-
sent controversy. The agreement has
been in force for several years and was
limited to Jan. 1, 1892. It was not
thought that there would be any diffi-
culty about renewing the arrangement
until the representatives of the compan-
ies got together, when it appeared that
they did not agree, some of them favor-
ing a strengthening of the trust by more
orderly arrangements and others rather
leaning the other way. Therefore the
whole business fell through with the
present result.

Chicago for Palmer.

CHICAGO, March 7.—The Cook county
Democratic convention, which includes
Chicago, unanimously passed a resolu-
tion instructing its delegates to the state
convention to use their best efforts to
have selected delegates to the national
convention favorable to the candidacy
of John M. Palmer for president.
