SPEECH OF THE QUEEN

Troubles With Miners
in West Virginia.

AT EXCITEMENT STILL

Interesting Items From
Various Sections.

The Queen's Speech.

London, March 5.—The queen's speech proroguing parliament is very formal, only fifteen lines in length, and begins: "Upon this occasion, when your labors have been so long and arduous, and when I regret that your release from them will be little more than nominal." The queen then thanked the commons for supplies granted and concluded with the remark that she anticipated lasting advantages from laws enacted.

Queen Victoria, Princess Beatrice, and Empress Frederick of Germany arrived in London about noon and proceeded to Buckingham Palace.

Roseberry spent the morning with the cabinet ministers. The lords met at 1:30 p. m. There were many ladies present in the galleries. Royal assent was given to the local government bill. The queen's speech was read and the house adjourned. Mr. Gladstone was busy with his secretary all the morning and received many callers in addition. Among those who conferred with him were Sir Richard Ponsonby, the queen's private secretary, and Justin McCarthy, leader of the Nationalist party.

In the Coal Districts

Charleston, W. Va., March 5.—There is no diminution of the excitement in the mining district. A telegram was received today stating that the road from Eagle to Yettleville was lined with armed men. This shows that trouble could have been met if the militia had not gone with the sheriff and prisoners.

Acting Mayor McNabb, who is charged with having impeded the sheriff in executing his warrants, today telegraphed an offer to the governor of 100 good citizens for a fine. His offer was not accepted.

Will Arbitrate.

Baltimore, March 5.—A special issue of the News from Wheeling, W. Va., says: All the miners in Ohio and districts No. 6, over 7,000 in number, have agreed to return to work today pending a settlement of the wage question by arbitration. Committees of miners and operators will meet Wednesday and appoint arbitrators. The operators are holding out for the fifty cent scale.

Yellow Fever.

Rio de Janeiro, March 5.—The Italian consul at this port, Signor C. Bertola, died yesterday of yellow fever. The spread of yellow fever continues. About 200 people are suffering from the disease.

Killed in a Fight.

New York, March 5.—Edward H. Hogan, 19-years old, of 226 East 29th street, was killed about midnight in a general fight between four men. The other three men are under arrest.

The Supreme Court.

Washington, D. C., March 5.—The members of the supreme court were crowded at noon today with people who expected to witness the installation of the new justice. Within the railing sat his senatorial colleagues who had not learned of his decision to remain in the senate for a time. Most of the spectators beyond the railing were ladies, whose costumes were becoming and lent a touch of unwonted color to the court room. There was much disappointment manifested on their faces when the justices filed into court, but seven in number, Senator White failing to appear, and Justice Jackson, who is in Florida for his health, being absent.

A Disputed Railway Grant.

Washington, D. C., March 5.—Whether the interior department shall approve the bill recently passed by the general council of the Choctaw Nation authorizing the Choctaw Railway company to construct and operate a railroad through the lands of the Choctaw and Chickasaw Nations, will be decided in a few days by Acting Secretary Sims. Commissioner of Indian Affairs Browning recently made a report recommending that the department withhold its approval on the grounds that the Nation had no right to pass a bill or the department to approve it without the authority of congress.

Medical Suit Decided.

St. Louis, March 5.—Judgment was rendered Saturday in favor of Dr. Amick, of Cincinnati, against the St. Louis Clinique. This medical journal questioned the merits of his treatment for consumption, which many physicians here say is the only cure for this disease. Amick keeps his formula to himself, and sends, free, medicines proving to the consumptive that he can be cured. All this is against the medical code; hence the attack and vindication.

Been's Charges.

Washington, March 5.—Charges of falsifying accounts have been made against deputy marshals at Purcell, Indian Territory, by A. Been, of that place. The accusation, which does not give the names of the alleged offenders, declares that never was such fraud perpetrated as are done in this place. The government is swindled on all sides and to a great extent.

Anarchists Arrested.

Paris, March 5.—The police today made nine more arrests of anarchists. Among those taken into custody was Francois, who it was formerly claimed was an accomplice of Ravachol in the explosion which shattered Cafe Very.

McClellan in Charge.

New York, March 5.—Col. Geo. B. McClellan, president of the board of aldermen, took charge of the office of mayor today, and will act in that capacity until the return of Mayor Gilroy from California, whither he has gone on a ten days' pleasure trip.

Mills Burned.

Detroit, Mich., March 5.—The plate mills of the Eureka Iron and Steel company at Wyandotte, twelve miles south of Detroit, burned today. The Merchant mill was also partially destroyed. Loss \$100,000, insurance not ascertained.

Silver Market.

London, March 5.—At 4 p. m. bar silver was 27d per ounce.

HARMONY IN SIGHT.

Chairmen Baker and Matlock Write Letters.

Matlock Will Call His Committee to Meet in Dallas on the 19th.

Harmony is in sight.

A few days ago Hon. Waller S. Baker, chairman of the state Democratic executive committee, wrote a letter to Hon. H. L. Matlock, chairman of the Clark committee, inviting him and his committee to be present at Dallas on the 19th, so that the questions presented by the resolutions adopted by the Matlock committee at its meeting on February 1, may be considered by the two committees in concurrent, though separate, sessions.

Mr. Baker further expressed the hope that a basis should be adopted upon which all Texas Democrats could unite, and said that he thought the best way to get at it was for the two committees to meet at the same time, so that communication backward and forward could be had.

Mr. Matlock replied to the letter in the same spirit in which it was written, saying that he would immediately issue a call for his committee to assemble at Dallas on the 19th, and expressing the hope that party unity would be the outcome.

Information concerning these letters reached The News too late for it to obtain Mr. Baker's views upon the plan likely to be adopted, or to gather the opinions of other gentlemen on either side, but the conservative tone of Mr. Baker's letter was met in a so nearly identical tone by Mr. Matlock, that it seems safe to predict entire harmony in the party as a result of the two meetings on the 19th.

Texas Democrats will get together.

Minister Dead.

New York, March 5.—Rev. Dr. Henry Veheslage, for thirty years pastor of the Reformed church at Irvington, died at his home late last night. Dr. Veheslage had been Grand Master of Free Masons of New Jersey.

Disastrous Fire Raging.

Omaha, Neb., March 5.—A disastrous conflagration is reported as raging at Deadwood, S. D. All of Chinatown has been destroyed, as well as many of the business buildings.

Cotton Market.

New Orleans, March 5.—Glenny & Co. say: Liverpool closed 5.64 lower; spots unchanged; sales 10,000 bales. Middling 43.16d.

New York opened 7 points lower, declined, and at 1:15 p. m. was 10 points lower than Saturday.

New Orleans—2 p. m.—Liverpool was a great disappointment. Our market opened at a decline of 6 to 7 points, which was further increased when the closing of Liverpool was received, and May sold freely at 7.13, from which we had a slight reaction. At 12:30 May was 7.15. Estimated New Orleans receipts tomorrow 6,000 to 7,000 bales.

NEW INSURANCE CONTRACT

The Equitable Co-Insurance and Contribution Clause.

The insurance men of Texas have agreed upon a new clause for their insurance contracts, and give notice that it will go into effect immediately. It is as follows:

It is understood and agreed that this company shall be liable only for such proportion of the loss under any division of this policy, as the amount hereby issued on said division bears to the total value of the property described therein. Provided, that in the event the total insurance on any division of property, as per division of this policy, shall be equal or exceed the total cash value thereof, then this company shall be liable only for its pro rata share of the loss under such division, it being understood and agreed that the term "total insurance" embraces the amount for which the assured becomes co-insurer as per agreement, as follows, to-wit:

It is understood and agreed that the assured shall be a co-insurer for at least the following amounts, to-wit: If at the time of the fire the total value of all property covered by this policy shall amount to \$25,000, or less, the assured shall be a co-insurer for at least 25 per cent. of the value of each division of property; if the total value of all property shall be more than \$25,000 and does not exceed \$50,000, the assured shall be a co-insurer for at least 20 per cent. of the value of each division of the property; if the total value of the property shall be more than \$50,000 and does not exceed \$100,000, the assured shall be a co-insurer for at least 15 per cent. of the value of each division of property; if the total value of all property shall exceed \$100,000 the assured shall be a co-insurer for at least 10 per cent. of the value of each division of property.

Removal.

Mr. T. P. Sparks who for the past eight years has been engaged in the carriage, buggy and harness business at 506 and 508 Austin avenue, is moving his immense stock into new quarters at 518 Austin street, some four doors west of his old stand. In his new quarters Mr. Sparks has the most commodious show room and the most extensive floor room of any repository to be found in the state, consisting of something over four thousand square feet on the first floor with immense rooms above containing almost ten thousand square feet. This upper space is now filled with carriages, buggies, platons, carts, etc., presenting in their splendid array a sight well worth seeing. Mr. Sparks handles the best goods from the most reliable factories and is now in his new quarters ready to suit your taste and pocketbook, for out of his immense stock you can certainly be suited. He is prepared to sell you a buggy, the harness and whip, and if you happen not to want a whole buggy or carriage he will sell you any part of it, for he carries a full stock of extras.

When you call do not fail to go up stairs, for the splendid display of vehicles will well repay the trouble.
