

SUPERINTENDENTS

Of the Cotton Oil Mills of Texas

In Session in Waco—Address of Mr. George C. Walsh—Committee Appointed.

At 10 o'clock this morning George C. Walsh, of Temple, called to order the first convention of the Cotton Seed Oil Mill Superintendents of Texas.

Fellow Superintendents: For many months past I have been considering the advisability of trying to organize an association of oil mill superintendents of this state, that some benefits might be derived in a business way, as well as the pleasure we might have from "a day off" after the close confinement of each season's work.

We have met together today for mutual benefit, to elevate and advance our business as superintendents, and in accomplishing this we are sure that the entire cotton oil industry of the state will reap a great share of the beneficial results.

One more point which I consider the greatest evil and hardship connected with our business, and I will not tax your patience longer: I refer to Sunday work, a desecration of God's Holy Day. There are certain things about an oil mill that can only be done when the mill is not under steam, one of these is boiler cleaning, and this is the only work really necessary to be done on the Sabbath, except when a serious break-down occurs, which would possibly consume a day for repairs;

In conclusion, allow me to thank you for your kind attention, and let me hope that all our deliberations will be marked with a broad, conservative spirit, and may we return to our homes feeling that we have been benefited, and that it is a good thing for brethren to meet and dwell together in unity.

George T. Parkhouse, of Waco, was elected temporary chairman and H. Echols, of Longview, temporary secretary.

ager and superintendent. This we claim is an imposition upon superintendents, and a growing evil. It is simply one man trying to perform the duties of two distinct positions, thus depriving many superintendents now unemployed, of positions. We claim that the smallest mill should have a superintendent, untrammelled with other duties, and he should be a machinist. A superintendent's place is in the mill during working hours, and you all well know that his absence from even one department for an hour at a time, often causes a delay which cannot be made up, except at the expense of an inferior product and a reckless handling of machinery.

A superintendent should have full power to hire and discharge all employees who work under him, for many of you have doubtless seen the trying position some superintendents are placed in by not being allowed this privilege, which forms a part of his duties and responsibilities. Then again it has been clearly shown, in numerous instances, that all orders to mill employees should come through the superintendent, for it often happens that a manager gives an order which is directly contrary to other orders already issued by the superintendent, and conflicting orders have a tendency to cause disrespect from the employees to the superintendent, besides creating an uncertainty in their minds as to whom they should obey; I am glad to say, however, that this state of affairs does not to any great extent exist.

On Thursday, May the 3rd, I will sell to the highest bidder for cash a large lot of stoves and furniture. Sale will be made at Mrs. Farrell's boarding house on Austin street at 10 o'clock. TOM L. SMITH, City Auctioneer.

Company, Temple; George T. Parkhouse, Consumers' Cotton Oil Mill, Waco; H. Echols, Longview Cotton Oil Mill, Longview; W. H. Emerson, Rockdale Cotton Oil Mill Company; C. H. Carter, Grandview Oil Mill Company; R. M. Boran, San Marcos Gin and Oil Company; A. J. Ravenan, Milam County Oil Mill Company, Cameron; J. J. Reagan, Ellis County Cotton Seed Oil Company, Waxahatchie; Charles Duncan, Landa Cotton Oil Company, New Braunfels; J. F. Folliard, Central Cotton Oil Company, Temple.

A number of letters were read from superintendents who were unable to attend, but all said they were in hearty sympathy with the meeting and would endorse its actions.

On motion a committee of five was appointed on by-laws and constitution as follows:

George C. Walsh, R. M. Boran, C. H. Carter, A. J. Ravenan and J. F. Folliard.

Mr. Parkhouse stated that he had secured a coach and engine from the Missouri, Kansas and Texas Railway company to transport the superintendents to the Consumers' Oil mill on the east side of the river for a trip of inspection. It was decided that the convention visit the Consumers' mill at 4:30 this afternoon.

The meeting then adjourned to meet again at 8 o'clock.

The meeting reconvened at 3 p. m., and the report of the committee on constitution and by-laws was read. It was considered seriatim and was under discussion when The News went to press.

A NARROW ESCAPE!

How it Happened.

The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stomach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sweep a room without sitting down and resting; but, thank God, by the help of New Heart Cure all that is past and I feel like another woman. Before using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit until I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I weighed 125 pounds when I began taking the remedy, and now I weigh 130 1/2 lbs. lighter. In my case has been truly marvelous. It far surpasses any other medicine I have ever taken or any benefit I ever received from physicians."—Mrs. Harry Starr, Pottsville, Pa., October 12, 1892.

Dr. Miles' New Heart Cure is sold on a positive guarantee by all druggists, or by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. This great discovery by an eminent specialist in heart disease, contains neither opiates nor dangerous drugs.

For sale by all druggists.
