Bryan People are Pleased to Learn How it is Done.  
It's pretty hard to attend to duties With a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

P. J. Vitopil, Mosely St., Bryan, Texas, says: "The first symptom of kidney disease in my case was backache. This gradually grew worse until it became so bad that I could hardly attend to my work. Mr. rest was fitful and as the result I was always tired. Doan's Kidney Pills, procured from Emmel & Maloney's drug store, soon cured me. I believe that my experience with the remedy should be made known to the public so that other persons in need of a kidney remedy will know which one to use."

COTTON CLIMBING UP.  
The cotton market is still climbing up little by little, and reached the highest point today it has reached since the season opened. The buyers were paying in Bryan today from 12 1-16 to 12 1-8. The hot parching weather now prevailing will no doubt carry the price on up.  
FOR RENT.  
Building in rear of First National Bank, 50 feet front, Buchanan market old stand. Apply to J. W. Coulter.  
Geo. P. Edge, merchandising at Harris school house, was in the city today looking after supplies for his store. Mr. Edge says the crop of cotton is going to be shorter this year than it was two years ago. He does not think the cotton will take any new start to grow, or put on fruit, and does not look for any top crop at all. Mr. Edge says however, if the price continues as good as it is now the people will be in much better shape than they were then. In fact the prices now prevailing will give them about as much for this crop as they got for the crop of last year, when nearly twenty thousand bales were received.  
Messrs. J. M. and J. W. Carson, Prof. J. C. Nagle and Jesse Crum of the A. and M. College, John C. Vick, Miss Lucy Wilson, Miss Cora Garth, A. J. Buchanan and family, Otis Brogdon, George Stephan, Charley Winn, and others returned last night from Houston and Galveston.  
The Color of Lakes.  
Some lakes are distinctly blue, others are of various shades of green, so that in some cases they are scarcely distinguishable from their level, grass surrounded banks. A few, too, are almost black. The Lake of Geneva is azure blue, the Lake of Constance and the Lake of Lucerne are green, while the color of the Mediterranean has been called indigo. The Lake of Brant is greenish yellow, and its neighbor, Lake Thun, is blue.  
Fashion, Not Health.  
In nine cases out of ten, says the Iowa Health Bulletin, if a physician tells a woman that in order to improve her health she must wear her clothes in a certain way she will follow the advice of her dressmaker instead.  
A Total Abstainer.  
Excited Individual—Is this where they sweat people? Commissioner For Oaths—Yes, sir. What can I do for you? Excited Individual—I want to take an oath never to put down another carpet.—London Telegraph.
