## PRESIDENT WILSON READS RIOT ACT

Gave the Senate to Understand He Wants No Recess Between Passage of Tariff Bill and Taking Up the Currency Bill—Wants to be Ready For Anti-Trust and Other Platform Legislation In December.

[By Associated Press.]  
Washington, Aug. 14.—The President today informed the Democratic Senators he was unalterably opposed to any Senate recess between the passage of the tariff bill and the taking up of the currency bill.

He made it plain that he believes it a party duty not to hesitate with its program, but to clear the tariff and the currency, so as to be ready to take up anti-trust and other im-

portant platform legislation at the December session.

He also took a strong stand against Democrats trading with Republicans.

[By Associated Press.]  
May Administer Reprimand.  
Washington, Aug. 14.—After a conference with Secretary of State Bryan, the President decided to take some action over the Senate's action in regard to the Wilson statement. A sharp reprimand is expected.

### SULZER-GLYNN GOVERNORSHIP CONTEST

Lieutenant Governor Glynn Claims Right to Serve While Sulzer Charge Is Pending.

[By Associated Press.]  
Albany, N. Y., Aug. 14.—Other States than New York are likely to become involved indirectly in the contest between Sulzer and Glynn as to which is Governor. Both, for example, announce their intention of issuing whatever requisition papers are required on other States. This would leave the other commonwealths to decide for themselves which Governor to honor.

Mrs. Sulzer is still in a state of nervous collapse today. She told friends at her bedside hysterically that she alone was to blame for the Governor's trouble.

Mrs. Sulzer's Condition Critical.

[By Associated Press.]  
Albany, N. Y., Aug. 14.—Mrs. Sulzer's illness is regarded as critical, according to the Governor's secretary. Two more specialists were summoned from New York for her. A friend of the Governor said today, "Mrs. Sulzer was far from acting with any intent to do wrong, and was entirely unconscious of the gravity of her offense. He had saved nothing during the years he was representative at Washington. He is not a business man and his wife thought she was entirely within her rights in providing for the future by putting away something for a rainy day even without his knowledge."

### OTHER GOVERNORS WHO HAVE FACED IMPEACHMENT

[By Associated Press.]  
New York, Aug. 14.—In all the United States only seven other Governors have faced impeachment proceedings. These men and the results that followed were:

- Charles Robinson, Kansas, 1862, acquitted.
- Harrison Reed, Florida, 1868, charges dropped.
- William H. Holden, North Carolina, 1870, removed.
- Powell Clayton, Arkansas, 1870, charges dropped.
- David Butler, Nebraska, 1871, removed.
- Henry C. Warmouth, Louisiana, 1872, term expired and proceedings dropped.
- Adelbert Ames, Mississippi, 1876, resigned.

In 1906 he was nominated for State Comptroller by the Democratic party and was elected. Two years later he was defeated for the same office. Mr. Glynn was born in 1871 at Kinderhook, N. Y. The rate for the levee district in the lower end of the county was fixed at \$1.25 on the \$100, a reduction of 65 cents from last year.

### STREET WORK SUSPENDED.

All street grading and street work and improvement of all kinds in the city has been suspended, so the Eagle reporter was informed by Alderman Daly, chairman of the street committee today.

The tractor for pulling the graders, which the city purchased from the county, has failed to such an extent that it can not longer be used and has been hauled off into the branch on Rep Top street. It will probably be traded in on the purchase price of a new and up-to-date tractor a little later when the city is ready to resume street work.

The ground is so hard and dry now but little progress could be made on any form of street work, but the Eagle is informed the grading work will be taken up again in earnest when the rainy season sets in this fall.
