### ANNOUNCEMENTS

The Eagle is authorized to announce the following candidates, subject to the action of the July Democratic primaries:

FOR CONGRESS:  
HON. RUFUS HARDY, Corsicana.

FOR REPRESENTATIVE:  
HON. J. L. FOUNTAIN.

SECRETARY HEWIT WILL RESIGN.

After four years as secretary of the Bryan Commercial Club, Mr. L. M. Hewit today gave out the statement that he would resign this important position, which is to become effective in April at the annual meeting.

The Eagle is not unmindful of what has been accomplished in the four years of commercial organization of the citizens of Bryan and proper credit is due the man that has led the campaign for a bigger and better Bryan—who has untiringly devoted his time to the welfare of the city, ready to go and do at the call of any member.

At the beginning of the work as commercial secretary the compensation was not large, in fact the pay received was a very paltry sum, but Mr. Hewit was on the job and his energy and untiring efforts were in evidence then as in the last years when the salary was more than doubled.

We feel that the citizens have not appreciated the services of this man as they should have done. Those working closest to him in the club know the difficulties of the work, and in them will be found his best friends. With a sober mind and a steady

hand he has fought for what he believed was good for everyone, we are sure, carrying the load of censure that necessarily comes to any who are trying to do things worth while and did his work seemingly unmindful of everything other than duty.

The job of commercial secretary is anything but a snap and is the most important of all positions in the relation of commerce. In the selection of a successor the club should use care and diligence to the end that the organization continue to grow and serve the people to the best interest of all.

President Mezes has taboored all political clubs on the University campus. That, however, will hardly deter some of the young men who take a deep interest in matters political. As a rule, University students become good politicians, whether or not they be self-seeking. Associations in college tend to make men likeable and successful politicians must be likeable.—Austin Statesman.

Political clubs are not at all necessary on the University campus. They learn politics there all right, evidenced by the fact that when they leave school they take to politics as naturally as a duck does to water. Half the offices in Texas, from the Legislature down, are held by former University students.

There is much talk just now of the "Back to Africa" movement by the negroes. There is nothing to it. Not enough will go that you can miss them, and they that go will be back in a year. The first thing we remember was the report that the Jews were flocking back to Jerusalem, but like Abou Ben Adhem, their tribe is still increasing. The newspapers have sung the praises of the "Back to the Farm" movement for a hundred years, but the country boys are still coming to town and donning red vests and tan shoes.

A Tom Ball Club has been organized at Navasota with a membership of almost two hundred. Also its membership consists of pro and anti in almost equal proportion. The idea was that it was a Tom Ball Club, without regard to the issue. Another thing, there will be a whole lot of voters to put their ballot in for Mr. Ball when the time comes, even though their names do not happen to be on the roll of membership.—Navasota Examiner.

The duties of a commercial club secretary look easy, but it's like the old story of why a married man lives longer than a single one—just seems that way.

The Truth "OUR VERY BEST" Is the Very Best

If there is anybody who knows, we would like to have an explanation of the present depressed business conditions. Is it because every fellow has everything he needs, is there no money in the country, is it because the banks are restricting loans, is there a spirit of uncertainty abroad in the land, are the people panicky, or what in the thunder is the matter?

Hermann of Houston has immortalized himself by presenting Houston with a magnificent wooded park near the Rice Institute.—Taylor Press.

It is to be hoped that this is a sure enough transaction, and not like the doings of Herman the wizard—just look like he did it.

The Temple Telegram wants to hear from all those who desire to join the army and help fight the Mexicans. There are none. These rantenkerous scrappers expect to furnish the "war spirit," while the army boys do the fighting.

Carranza is at least very frank with those who criticize him and his followers.—Austin Statesman.

He certainly is with the Washington government. In fact, he is so frank he does not hesitate to tell us to go to the devil.

Some people skim the milk of human kindness until there is no richness left.—The Arkansawyer.

Same people, we suppose, who knock their calves in the head with the churn dasher.

Tomorrow the leaders of the "pure de Democrats" will meet in Dallas for an eliminating conference. We shall see what we shall see.

The country seems to have fallen into a state of "inocuous desuetude," which by interpretation means it has the dry rot.

Business all over the country seems to have adopted the Woodrow Wilson policy—waiting.

Let's vote the bond issue and then scrap it out as to where we do the improving.

### GIVEN NINETY-YEAR SENTENCE.

Nelson Houston Convicted of Killing J. W. Hudson.

Beton, Tex., March 6.—A jury in the district court yesterday gave Nelson Houston ninety years in the penitentiary on a charge of murder. He is alleged to have shot J. W. Hudson, a Santa Fe brakeman, at Caldwell last December, Hudson dying in the Santa Fe hospital at Temple.

Hudson is alleged to have put Houston off a Santa Fe freight train because he was without transportation.

### BASEBALL NOTES.

San Francisco, Cal., March 6.—The White Sox will play an exhibition game with the San Francisco team of the Pacific Coast League here today, and another is scheduled for tomorrow.

Boston, Mass., March 6.—Manager Carrigan has ordered the Red Sox to start for Hot Springs today, though the positive reporting date in the South is Sunday next. Tris Speaker, who will arrive with the tourists in New York some time today, will follow the rest of his club fellows as soon as possible.

New York, March 6.—The directors of the National League will hold a meeting in this city today to settle up the Evers case, and it is possible that President Tener will have something to say about the Killifer matter.

### PLEASANTRIES.

(Kansas City Journal.)  
Fame on Percentage.

"Let one man stand at my right hand," Horatius quoth, quoth he,  
"Let one abide by my left side,  
And keep the bridge with me."

"Associates will find me square;  
I'm so in all my fights,  
We'll hold the bridge and later share  
The moving picture rights."

Natural Resources.

"Towns in Alaska have fewer problems than we."  
"How so?"  
"They are paved with snow and lighted by the aurora borealis."

Something Needed.

"What's this you have invented?"  
"A parachute, and it is a success."  
"But is there any demand for a parachute in ordinary life?"  
"Will be if gowns keep getting tighter. This is for women to use in getting off street cars."

The Young Mother.

"Doctor, do you ever prescribe by telephone?"  
"Oh, yes," answered the doctor over the wire.

"Well, I'll hold baby up to the instrument. Please look at his rash and tell me what to do."

Very Likely.

No doubt the little dancing waves  
Along the Nile and Congo  
Are right in line. So we opine  
They dance the tango.

Her Preference.

"Why do you study so incessantly?"  
"I am fitting myself to go on the stage."  
"You have to work dreadfully hard."  
"Yes; but I'd rather do that than shoot somebody."

Literature on Approval.

"You have seen these offers to send a box of cigars on trial, with the privilege of smoking ten and returning the rest?"  
"Yes."  
"I think I'll apply the system to my book. Sent on trial; read ten chapters and then if you don't like it return it."

Just So.

An actress has to work, not merely look pretty. Being on the stage is different from being on the cover of a magazine.

Joe Groginski has just received a fine harness horse from Waco. She is stylish, young, gentle and one of the finest drivers ever brought to Bryan.

### FIFTEEN YEARS AGO IN BRYAN.

(Daily Eagle, March 6, 1899.)  
The regular March term of the district court convened at the county court house Monday afternoon, Judge W. G. Tallaferro presiding. District Attorney J. C. Scott, Clerk J. C. Williams, Sheriff T. C. Nunn and other officers being in attendance.

W. H. McMichael and E. C. Elliott were here from the Edge community yesterday, and told the reporter that the people in that part of the country have been having a great deal of trouble with mad dogs since Christmas, they having killed seven or eight dogs, two cows and one hog afflicted with rabies since that time.
