

The Test of Good Teeth.

Your teeth may seem perfect to outward appearances and yet not be free from damaging acids and germs created by decaying bits of food which lodge between the teeth. To guarantee perfect teeth use an antiseptic tooth paste, such as

Penslar Tooth Paste.

It not only cleanses the teeth and keeps them white and polished, but it prevents the formation of tartar and destroys germs which cause decay.

BIG CROWD IN TOWN.

It is needless for The Eagle to say that they were all here today, from the remotest parts, hills, big, old, young, rich and poor. Today's crowd in Bryan was the largest seen here in several years. The city schools have a holiday and practically every rural school in the county, we are informed, were giving a holiday on account of the big crowd in town.

The newly purchased car of the Bryan & College Interurban made its maiden trip today. The car is numbered 13 and made its first trip on Friday, but the men operating it seem to think this should give it good luck.

The car ran perfectly and no trouble was had with handling the crowds to the circus grounds. A car was run every ten minutes during the day and will be continued until 10 tonight.

On Friday, October 22, from 8 a. m. until 10 p. m., the Interurban will operate motor and trail cars from Bryan to circus grounds every ten minutes on 5c fare. This service will not interfere with the regular schedule of the Interurban between Bryan and College.
