GERMAN ATTACK MORE DESPERATE THAN EVER

The Fighting at Verdun Fiercer Than Ever and the Germans Are Bringing Up Large Numbers of Fresh Troops in the Effort to Carry the Great Stronghold—Decided Gains Reported by the Germans at Several Points on the Verdun Front—It Develops That the Entry of the Bulgarians Upon Greek Territory Was With the Consent of Greece—An Italian Warship Sank a Large Transport, Supposed to Be Austrian.

(By Associated Press)
London, May 30.—Fresh troops in large masses are being thrown by the Germans against the French lines northwest of Verdun and the French forces have been compelled to give ground. The German attacks apparently are equally as violent along other sections west of the Meuse, but, according to the French war office, nowhere else were the Germans able to gain ground. East of the river artillery fire at Fort Douaumont was reported.

Balkan advices show a continuation of Bulgarian activity along the Macedonian frontier.

The capture of the French positions along the entire front between the southern edge of Dead Man's Hill and Cumieres, south of Corbeaux Wood, was announced today by the Berlin war office. The Germans claim the capture also of 35 officers and 1300 men.

Bulgars Have Greek Consent.
(By Associated Press)
Paris, May 30.—The Bulgarian advance into Greek Macedonia was made as a result of a secret, but formal agreement between Greece and Bulgaria, according to information received in neutral diplomatic circles in Rome, according to dispatches to the Matin.

Italians Sink Transport.
(By Associated Press)
Rome, May 30.—A large transport steamer was torpedoed and sunk by an Italian warship in Trieste harbor on the night of May 28, it was officially announced. The vessel was presumably an Austrian transport.

BAPTIST TO BUILD A NEW CHURCH

Initial Step With This End in View, Taken at a Conference Meeting Last Sunday.

At a conference meeting held at the First Baptist Church last Sunday following the morning service, the initial step was taken, looking to the building of a new church.

The question came up in the discussion of the report of a committee heretofore appointed to get bids on certain repairs needed to be made to the present structure. Bids for the repairs had been secured from two parties, and it was during the discussion of these bids that Mr. H. O. Boatwright stated he did not believe one dollar should be expended in repairing the present building because of its condition and also because the congregation had outgrown it in every way. He moved as a substitute for the repair proposition that the church proceed without delay in the erection of a new building and that a committee be appointed to begin the preliminary work. It was moved that Mr. Boatwright be made chairman of this committee and both motions were adopted. The remaining members of this committee have not yet been appointed and no further steps have been taken.

ANOTHER CHILD ATTACKED BY DOG

Young Son of Mr. and Mrs. R. R. Ellis Is Attacked and Severely Bitten On Right Leg.

Leldon, the 10-year-old son of Mr. and Mrs. R. R. Ellis, was on late Monday afternoon attacked and severely bitten by a dog while playing in the front yard at the home of Judge J. G. Minkert. Little Leldon Ellis was over in the yard of the Minkert home playing with some other boys and in the game they were playing the child ran over the sidewalk and just into the street, and as he did this the dog leaped at him and bit him severely on the right leg. Considerable excitement was caused and Mr. Ellis was called very quickly. The dog was caught but was not killed, instead Mr. Ellis put him up for safe keeping and this noon he was shipped to the Pasteur Institute at Austin alive, and Mr. and Mrs. Ellis will very anxiously await the arrival of a telegram from that institution. Quite a bit of speculation has been made regarding the dog being mad and it was thought by most everyone who saw him this morning that he was not; however, Mr. Ellis said he was taking no chance regarding same.

Bryan needs a good dog catcher and needs about 300 dogs shot on first notice. It seems this is imperative.

MORE PAVING BEING AGITATED

Property Owners on Fannin Street Have Gotten the Paving Fever and Are Working on Plans.

The Eagle can state on good authority that the enterprising residents of Fannin Street have started today a movement which when it is gotten through will mean the paving of another residence street in the City of Bryan. The agitators of this project are men who live along this street and are some of our good live wires. They are men who believe in doing things for the betterment of the city and community in which they live. Let us hope that not a single property owner on this street when approached regarding the matter will not be in favor of the paving. Let's get Bryan out of the mud and make it the best city in Texas. We have the resources and the men here with ability and the money. Let's keep her going since the start has been made.

The proposed paving of Fannin Street would be from the I. & G. N. depot and cut to the McKenzie property on Congress Street.

NEW HALVES AND NEW QUARTERS

McAdoo Will Change the Mintage to Make Silver Money More Popular.

(By Associated Press)
Washington, May 30.—Dimes, quarters and half-dollars of a new design will be minted after July 1, Secretary of the Treasury McAdoo announced today. The announcement disclosed the fact that half-dollars have fallen practically into disuse and the new design was selected with the hope of restoring it to more general circulation. The medallion of the Goddess of Liberty will be supplanted with a full length figure with the American flag on the background, and striding toward a new day. On the reverse side is an eagle perched on a mountain crag with wings unfolded. The design on the quarter is symbolic of the awakening of the country to its own protection.
