

The Soda Fountain An American Institution

Did you ever stop to realize that the soda fountain is as much an American institution as the sausage is a German institution?

What has wrought this great change—what has made the soda fountain a national institution—a comfort and necessity in the daily lives of men and women—not only during the hot summer time but the whole year 'round.

The answer lies in that delicious beverage Coca-Cola. Soon after its introduction at the fountain people began to ask more and more for this distinctive drink.

Along with its demand came the demand for more places that would serve it. Soda fountains sprang up everywhere.

Improving in beauty, neatness and attractive service. It is a fact that the part the soda fountain and allied industries have come to play in the economic life of the nation today is due largely to the stimulus given to it by Coca-Cola.

In the same way has the call for bottled beverages grown. 1888 Coca-Cola in bottles was first put on the market and the same quick recognition and appreciation was accorded to it in this form as

A MODERN SODA FOUNTAIN

was so evident in the fountain trade. The same principles of purity, goodness and deliciousness made another astounding record of growth possible.

Bottling plants have been established all over the country to take care of this branch.

Just think of it—over 30,000,000 glasses and bottles of Coca-Cola are drunk every month. So—just as much as is the soda fountain a national institution so is Coca-Cola the National Beverage.

The organization of the entire South into marketing units, with the Farmers' Union locals as a basis, will begin as soon as suitable men can be put in the field.

Henry Pope was elected president of the association and I. N. McCollister of Louisiana was elected secretary.

The union has state organizations in thirty states and President Pope will make a tour of all states at an early date and the work of organization will be rapidly extended to meet the needs of every product and every section.

The association has invited the cooperation of commercial clubs, business men's organizations and federal government experts. All efforts will be made to improve agricultural and economic conditions. The union contends that a higher degree of efficiency can be obtained by all agencies for progress by working through the organized farmer.—Houston Post.

At the Queen. The little queen of the screen, pretty Marguerite Clark, will be seen at the Queen Theater tonight in one of the cutest and best offerings she has ever appeared in.

Tomorrow will be a fine variety including a powerful Knickerbocker Star Feature, "A Deluded Wife."

There is an excellent attraction at The Dixie tonight in the unusually pleasing comedy drama "The Clown" in which the well known comedian Victor Moore is featured.

It is a beautiful story of the circus in which there is sweet vein of comedy. It is a five act Paramount-Jesse L. Lasky production which guarantees it as something out of the ordinary.

It will be especially pleasing to the "kiddies" and we recommend that parents bring their children. The regular Dixie admission prices prevail.

Men are braver in daylight than in the dark, according to a military expert, which may explain why some are afraid to go home after sundown.—Washington Post.

Teacher—"Johnny, can you tell me what a hypocrite is?" Johnny—"Yes, ma'am. It's a boy what comes to school with a smile on his face."—Brooklyn Citizen.

"How often you hear men say, 'If I had a million dollars I would be satisfied.'" Yes; and it's surprising the amount of mental concentration fellows of that sort can bring to bear on borrowing a quarter.—Birmingham Age-Herald.

Under the present administration the Postoffice department has been made to pay its way, but the railroads want the surplus paid to them.—Louisville Post.

Mrs. Wilkins—"Did Fussleigh take his misfortune like a man?" Mrs. Williams—"Precisely. He blamed it all on his wife."—Chicago Herald.

A Baltimore woman left \$50,000 to her son in trust until he's 80, thereby giving him plenty of time to get over his foolishness.—Detroit Free Press.

"Was there ever a woman who did not grab her skirts and jump on a chair or a table when she saw a mouse?" "Yep. Eve."—Browning's Magazine.

The self-conceit of a grass widow reminds me of a squeaking shoe.—Indianapolis Star.

"The plowman homeward plods his weary way." The reader put aside his volume of poems. "Times change," he commented. "I see in Kansas they are taking hired hands to the harvest fields in taxicabs."—Louisville Courier-Journal.

When you make your wife your business partner, you've got to give up tryin' to hide part of the assets.—Baltimore Sun.

To have hot foods perfectly served the dishes should be hot and a pewter dish cover set over the food as soon as it is placed on them.

When the family has luncheon on porch or lawn a tea wagon is of the greatest service to wheel out the dishes first and then the hot foods.

A New Orleans individual salad is made of a thin slice of onion, a slice of tomato and a slice of green pepper, dressed with oil and vinegar.

Good crackers to serve with salad are made with a half inch cube of cheese set in the center of each cracker, which then is browned in the oven.

Barley water for children should be made with 1 teaspoonful of prepared barley flour and 1 1/2 cups of water. Boil 20 minutes.

A remedy for grass stains is cream of tartar dissolved in boiling water. Apply when the spot is fresh, and then wash as usual.

Week-end work: It is a good idea to reduce the week-end work by preparing early in the week a large cake of the kind that will keep and a jar of cookies.

Always use ointments in tubes instead of jars where possible. Dipping the finger into the jar may mean infection to the next user.

A tiny platform with four casters on it is a handy thing for the kitchen—the coal scuttle can stand on it and so can the scrubbing pail.

A good sandwich is made with cream cheese, minced ham and watercress. The mixture is best between whole wheat or rye bread.

The management of Dellwood Park has recently had the swimming pool drained and cleaned out and refilled with artesian water from the well at that place and a party who visited this popular resort last night, headed by City Engineer A. S. Adams, reports bathing there is very delightful. Herebefore during the summer months the pool has been partly filled with tank water, but the management has determined to give their customers the best or nothing and have discontinued the use of the tank water and will in the future use only the artesian.

TO KEEP COTTON UP TO 12 CENTS

Conference of Farmers' Union Officials to Be Held in Houston September 19th.

Houston will be the meeting place September 19 of a committee from the Association of State Farmers' Union Presidents to maintain 12 cents per pound as a minimum price of cotton. The committee was appointed at a meeting of the association which has just closed at New Orleans.

The annual meeting of the association decided to fix 12 cents as a minimum price for cotton and urged that all bankers, merchants and business interests of the South co-operate in maintaining this price. In order that the cotton industry of the South may be placed upon a stable basis. Mr. Radford was named chairman of the committee having these matters in charge.

Mr. Radford immediately called a meeting of his committee for Houston September 19 and invited the leading officials of the union in all the cotton states to attend.

The committee will discuss with the business men of Houston the warehouse, financial and shipping facilities with a view to determining the percentage of the Southern cotton crop that can be stored, financed and handled through Houston.

The organization of the entire South into marketing units, with the Farmers' Union locals as a basis, will begin as soon as suitable men can be put in the field.

Henry Pope was elected president of the association and I. N. McCollister of Louisiana was elected secretary.

The union has state organizations in thirty states and President Pope will make a tour of all states at an early date and the work of organization will be rapidly extended to meet the needs of every product and every section.

WEATHER BULLETIN

Washington, D. C., Sept. 9.—Last bulletin gave forecasts of disturbances to cross continent Sept. 7 to 11 and 12 to 16; warm wave 6th to 10th and 11th to 15th; cool wave 9th to 13th and 14th to 18th. Temperatures of that period will average about normal, but will go unusually low about Sept. 11, with probability of frosts in northern sections. Storms will be unusually severe and more than usual rain is expected. A tropical storm is looked for early in this period.

Next warm wave will reach Vancouver about Sept. 15 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of Sept. 16; plains sections 17th; meridian 90, great lakes and the Ohio valley 18th; eastern sections 29th, reaching Newfoundland about Sept. 21. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

This storm will be most severe on Pacific slope, losing force in central valleys and again becoming severe in eastern sections and on the Atlantic. More than usual rain, particularly in eastern and southern sections. A great warm wave will be developed by this storm and unusually warm weather is expected from near Sept. 16 to near 25th. This will make good crop weather for top growth of cotton and for late corn.

Another warm wave will reach Vancouver near Sept. 19 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by the close of 20th; plains sections 21st; meridian 90, great lakes and Ohio valleys 22nd; eastern sections 23rd, reaching Newfoundland about Sept. 24. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

This will continue the hot period, but following it will come a great fall in temperatures, with heavy rains in southern and eastern sections. Killing frosts are expected farther south than usual not far from Oct. 1, and the northern part of the cotton belt may get some frost about that time. Another tropical storm is expected to develop during the week centering on Sept. 30.

We advised planters not to sell cotton when it was ridiculously low and advised farmers not to sell grain when the manipulators were depressing prices. The manipulators have tried to have the postoffice department shut us out from using the mails but they failed. Now is the time for farmers, planters and legitimate dealer to strike for fair markets. Write to your congressman. All news that affects the markets is manipulated by the sharks. They control that news and let go to publication nothing but bull news when they want to bull the market and nothing but bear news when they want to bear the markets.

Jupiter is seen low down in the west in the evenings; Venus is the bright, silvery star seen in the east early in the morning. Saturn is seen in the east a little earlier in the morning. The planets have interested all ages of man. The ancient Aryans of Asia, who were the ancestors of all the white races, believed the planets to be gods, and their religion was based on that belief. Their idea was that the conjunctions of the moon with the sun—causing an eclipse of the sun—created the beginnings of animal and vegetable life on the earth and that such creations are always in progress. They also held that conjunctions of one planet with another had similar effects.

AUTOMOBILE LICENSE.

The following automobile licenses have been issued by County Clerk W. S. Higgs since our last report:

333—Dr. G. F. Lee, Wellborn, Ford.

334—Jno. M. Lawrence, Bryan, Ford.

335—Chas. Felker, College, Moon.

336—Frank Merka, Bryan, Oakland.

337—Geo. P. Edge, Bryan Route 1, Ford.

338—Walter King, Bryan, Ford.

339—Joe Goldenberg, Bryan Oakland.

Remember to be calm in adversity. —Horace.

MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

ONE DOSE WILL CONVINCE

Gall stones, Cancer and Ulcers of the stomach and intestines, Auto-intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for stomach ailments. For sale by M. H. James and druggists everywhere.

If you are in a hurry and don't care for results don't stop at the Dunlap gin. Eden & Jones, Managers.

DEMOCRATIC COMMITTEE MET.

Canvassed Returns of Recent Primary at Fort Worth.

Fort Worth, Texas, Sept. 11.—The State Democratic executive committee met at the Westbrook Hotel Saturday morning for the purpose of certifying to the secretary of state the result of the recent election for United States senator.

The meeting was presided over by Paul Waples of Fort Worth, chairman of the committee, and C. J. Kirk of Houston, secretary.

The canvass of the vote showed that Culberson received 138,824 votes and Colquitt 80,854, giving Culberson a majority of 47,970, with 46 counties yet to be heard from.

Those counties which have not as yet sent in their returns are Aransas, Bell, Bowie, Caldwell, Castro, Chambers, Cochran, De Witt, Dickens, Dimmitt, El Paso, Erath, Fannin, Gaines, Goliad, Grimes, Hartley, Henderson, Hidalgo, Hockley, Jeff Davis, Jim Hogg, King, Lipscomb, Live Oak, Maverick, Montgomery, Moore, Ochiltree, Reagan, Real, Refugio, Rockwall, Roberts, San Jacinto, San Saba, Shelby, Smith, Stevens, Sutton, Terry, Upton, Val Verde, Wheeler and Wichita.

"There is a time for sympathy."
