GERMANS CLAIM ADVANTAGES ON ALL FRONTS

The Germans Claim to Have the Best of the Fighting on all Fronts, Though the Allies Claim Their Defeat by Rumanians in Macedonia—The Teutons Claim to Have Captured 20,000 Rumanians Since That Country Entered the War—The Missing List of the Marina Has Been Reduced to Thirteen, 52 More Survivors Having Been Landed—The British Losses for October Were Heavy—Washington Not Yet Ready to Talk on Marina Case.

London, Oct. 31.—While the French report nothing of momentous importance on the Somme front, the German statement announces the Ententes made an attempt near Lesboufs and Mammisonette to advance but were defeated.

The Russians are again showing activity on the Eastern front, according to Berlin, which declared they attacked the German lines near Krashen in the Shara district, but were repulsed.

Southeast of Lemberg the Turkish troops wrested several positions from the Russians.

Petrograd records the capture of the first line of Austro-German trenches in the Volhynian sector, and that the Germans attempted to regain their lost positions but their counter attacks failed.

Since October 10th Berlin announces the Germans have captured more than twenty thousand Rumanians in the Transylvanian fighting.

The Rumanians won further advantages over the Austro-German forces on the Transylvanian front, Bucharest announced. In the Jiu valley pursuit of the Teutons continues.

Lansing Still Gathering Data.

Washington, Oct. 31.—Secretary of State Lansing said today his reports on the destruction of the British ship Marina, with the probable loss of American lives, is still too incomplete to permit any conclusions or allow him to discuss the case. The report that the survivors saw the torpedo wake, and that she was struck twice, added to the gravity.

Missing List Reduced.

London, Oct. 31.—The number missing from the British steamship Marina, which was torpedoed off the Irish coast, has been reduced to thirteen, according to telegrams from Consul Wesley Frost at Queenstown to the American embassy here. Fifty-two more survivors have been landed. Consul Frost reports that of the thirteen missing, possibly all will be fatalities. He said the vessel sank in ten minutes, and the survivors said she was attacked without warning.

British Casualties for October.

London, Oct. 31.—The British casualties reported in October in all the war areas are: Officers, 4,311; men, 102,702.
