KNOW MORE THAN THEY DARE ASSERT.

Newspaper Men at Madrid Complain of
Unjust Press Censorship Now in
Existence There.

London, July 18.—A special dispatch
from Madrid says that the appearance
there Friday night of several newspa-
pers with blank columns representing
portions of news suppressed by the cen-
sor caused a sensation. The following
day, however, Lieutenant Chinchilla,
military governor of the city, had inter-
views with the leading editors and man-
agers and discussed the situation. He
expressed a desire to apply the new regu-
lations with the least possible rigor,
but the result is that a bitter feeling
prevails, and as one effect of the cen-
sorship, the papers insinuate that they
know more than they dare assert.

El Nacional suggests that the entire
press should cease to appear until the
censorship is abolished.

El Liberal significantly reminds the
government that the last time the news-
papers appeared with blank spaces was
on the eve of the September revolution,
when the revolutionists were headed by
Senor Sagasta, Queen Isabella's implac-
able enemy.

Some papers publish distressing ac-
counts of the condition of Admiral Ca-
mara's squadron. The battleship Pe-
layo and the armored cruiser Emperor
Corcos V, are in good condition, but the
others are mere show vessels.

Ministers in their statements to the
newspapers continue to declare that
peace is impossible on the conditions
America imposes.

Though Spain appears reconciled to
the loss of Cuba, there is much ill feel-
ing toward England's supposed territorial
designs on Gibraltar.

The rise in the price of necessities is
causing bitterness at Tarragona, Val-
encia, Seville and elsewhere.

ACTIVITY STILL ON.

Other Matters Require the Attention
of Washington Officials.

Washington, July 18.—With the San-
tiago campaign successfully closed, there
is no lull in activity at the war depart-
ments. Officials express the belief that
the stirring developments in the last few
weeks would not give way after the oc-
cupying of Santiago, as the shipping of
the Spanish prisoners to Spain, the cop-
ing with the yellow fever situation and
preparations for the next aggressive
campaign, would command attention.

A dispatch was received Sunday night
stating the entire number of fever cases
had not exceeded 500. Surgeon Arthur
at New York has been given carte
blanche to get together at the earliest
moment a large number of contract doc-
tors and nurses familiar with yellow
fever cases. They will go to Santiago
on the Resolute.

SPANISH FIGHTING.

Those at Guantanamo and the Insur-
gents Having Daily skirmishes.

Guantanamo Bay, July 18.—The prob-
lem of notifying the Spanish troops of the
Fourth army corps, outside of those
which composed the garrison at Santi-
ago, of the surrender of Toral's force,
are likely to cause some trouble. The
Spaniards at Guantanamo are evident-
ly still ignorant of the surrender, and
the Cubans under General Perez have
daily skirmishes with the defenders of
the town, who apparently are trying to
break through the lines to join the Span-
ish forces at Santiago.

Bryan's Regiment Off.

Omaha, July 18.—Colonel William J.
Bryan, and the Third Nebraska volun-
teer infantry, have started for Jack-
sonville. The regiment goes over three
roads. Colonel Bryan and his staff left
on the Burlington for Chicago.

Sampson's Report Not In.

Washington, July 18.—Sampson's re-
port on the destruction of Cervera's
squadron has not yet reached the navy
department, although it is more than
two weeks since the famous naval fight
occurred. The report is on the way,
however, coming by one of the auxil-
iary cruisers and will be in hand within
the next few days.

Yellow Fever at Santiago.

Washington, July 18.—Official advices
from Santiago places the number of yel-
low fever cases at 300 or less. The acting
surgeon general considers the situa-
tion less serious than feared.

Order to Ship at Once.

Chickamauga, July 18.—Orders from
headquarters issued to Colonel Bennett
of the Third Illinois infantry, command-
ing the second brigade of the first divi-
sion of the first corps, to forward the
wagon trains of his brigade to Charle-
ston at once. Everything indicates that
a forward movement is to be made im-
mediately.

More Troops For Manila.

San Francisco, July 18.—The First
Montana volunteers and 300 recruits of
the First California volunteers broke
camp at Camp Merritt early today and

marched to the steamer Pennsylvania,
which is scheduled to sail for Manila
this afternoon. Colonel Kessler has
command of the expeditionary forces on
the Pennsylvania, and has received or-
ders to make all possible speed to Ma-
nila.

Will Maintain Strict Neutrality.

Tangier, July 18.—The sultan of Mo-
rocco is concentrating considerable force
in the vicinity of Ceuta and Melilla, in
order to guard the front and preserve
neutrality.

MORRO CASTLE A COMPLETE WRECK.

Not a Gun Was in Position to Be Used
When the Spanish Flag Was
Hauled Down.

Copyrighted, 1898, by the Associated Press.

Under Morro Castle, Santiago, July
18.—Exactly at 9 o'clock yesterday
morning the Spanish flag was lowered
from the staff crowning the heights
upon which the battered Morro castle
spreads half way. Lowering of the em-
blem of the defunct sovereignty of Spain
in this part of the world was witnessed
by a few Spanish and American troops
on shore and by the Brooklyn, New
York, Vixen and Vesuvius, lying with-
in a few hundred yards of the harbor
entrance. Immediately after the flag
was hauled down steam launches, com-
manded by Lieutenants Hobson and
Palmer, entered the harbor, penetrating
as far as the firing stations of the sub-
marine mines. These mines were judged
not so formidable as was expected, and
later in the afternoon all were exploded
under supervision of the Vixen.

Six or seven fine steamers in the har-
bor fall as prizes to the navy and army.
The Spanish gunboat Alvarez had been
taken possession of by a prize crew from
the New York. The other vessels were
at the other end of the harbor at Santi-
ago proper.

Morro castle is the only imposing for-
tification in the harbor, and it is only so
in appearance, since not a gun is mount-
ed within or on the crumbled walls. In
fact, all the batteries, masked and open,
dwindled in their terror-inspiring qual-
ities as the inspection grew closer.

Captain Cook, of the Brooklyn is au-
thority for the statement that the form-
er Spanish flagship, Maria Teresa, has
floated off the reef on which she was
stranded and that her heavy armament
is practically uninjured.

The captain also says the cruiser will
also surely be saved for an addition to
the United States navy, as a trophy of
the glorious July 3. The Cristobal
Colon may also be saved, though a good
deal depends on the weather, which is
uncertain at this time of the year. A
heavy storm might drive the cruiser so
high on the coral reef that it would be
impossible to float her.

Many of the naval men are outspoken
in their criticism of the treatment of the
Colon immediately after her surrender.
They believe the ship could have been
saved when she slipped back from the
reef into deep water had divers, carpent-
ers and machinists, with a competent
prize crew, been sent on board of her.
The crew of the Brooklyn regarded the
Vizcaya as their particular enemy since
the time when they were both present
at Queen Victoria's jubilee display,
when there was much comment aboard
on what a good fight might be expected
between the two ships if they ever met.

Of the four ships which were in Ad-
miral Cervera's fleet, only two are sur-
viving—destruction—the Vizcaya and
Almirante Oquendo—and these as
incident were the two cruisers which
went into Havana harbor after the blow-
ing up of the Maine, and were anchored
near the wreck of the United States
battleship in all bravery of paint gilding
and bunting, seeming to gloat over the
ruin caused while the people of Havana
shouted themselves hoarse bragging un-
ceasingly of what the two formidable
cruisers of Spain would do with the
United States navy should ever a fight
be possible. "Surely," remarked Lieu-
tenant Commander Wainwright of the
Gloucester, formerly of the Maine, "this
avenges the Maine."

GENERAL BROOKE AND SECRETARY ALGER.

They Talk About the Porto Rican In-
vasion and Decide That 25,000 Will
Go From Chickamauga.

Washington, July 18.—General Brooke
had a conference with Secretary Alger
in reference to preparations for the Por-
to Rican expedition. The general re-
ports his army now ready, and it is be-
lieved it can be embarked within a fore-
night. While a positive selection has
not yet been made, it is understood that
Newport News will be the point of de-
parture of the larger part of the expedi-
tion. The army of occupation is expected
to consist of about 25,000 men. It
has been decided to take no chances of
repeating the mistake made in Shafter's
case of landing with an insufficient
force, then being obliged to lie idle at a
critical moment waiting reinforcements.

NO PEACE OVERTURES.

None Have Yet Been Received at Wash-
ington From Madrid.

Washington, July 18.—The possibil-
ities of peace are as remote as ever. No
move in that direction has been made
by any foreign officials here, and despite
the pitiful condition of Spain her pride
appears to restrain her from making di-
rect overtures. Under such circum-
stances the only thing left for this coun-
try to do is to press on until Spain
reaches some comprehension of her im-
potence. It is with this end in view
that active steps are being taken for fur-
ther aggressive campaigns.

May Get Off This Week.

Washington, July 18.—Final orders
have been given to complete all prepara-
tions so that Watson's squadron can sail
for Spain by the end of this week.

How to Keep Young!

Age first shows in a woman's face.
Around the eyes little wrinkles make
their appearance, which steadily grow
larger and deeper. These wrinkles can
be kept away until late in life if proper
care be taken of the skin. The daily use of

Viola Cream

will make the skin soft, smooth and
delicately pink. It will keep women
looking young as the years go by. They
will often appear ten years younger than
they really are.
Viola Cream is a finely perfumed pre-
paration which cures roughness, redness,
all blotches, pimples, blackheads, tan and
sunburn. It is so different from, and so
much better than, any other remedy of
the kind that there is nothing with which
to compare it. If you want to remain
young in looks and have a velvety skin,
begin by using Viola Cream. Price, 25
cents a jar. If your druggist does not
keep it, send to
