## AT THE PLAY.

The Jennie Calef Company. Last Night, in "Gyp."

"Gyp," if you saw it last night, you perhaps recognized as something you had seen before with a different title—that is, as to narrative and plot, but it is safe to say that unless you have seen it played by the Jennie Calef Company, you have never before seen what was presented to a big audience at the Grand last night, entitled Gyp.

The Jennie Calef Company, in short, inaugurated their week's engagement last night with a grand success, both in point of attendance and amusement furnished. A good interesting drama was enacted, enlivened by plenty of ludicrous scenes and situations well thrown in to amuse and diversify. In addition, many specialties were introduced, and the clever artists won the hearts of their audience without a bit of doubt. The specialties of Miss Calef, Mr. Waldron and Mr. McDougall were very bright, and the serpentine and fire dances of Miss LeVaunt were also well received. Mr. Arthur sang a good song.

To-night, the company will present An Attorney, a side-splitting comedy. Come out to-night if you want to forget your troubles for a while. The bill will be new every night, the repertoire consisting of well-selected plays.

At the Methodist church on September 21, at 7 o'clock p. m., will be celebrated the rites of marriage between Miss Bessie Bass and Mr. Frank Clarke of Bryan, Rev. Nelson officiating. The ceremony will be conducted with simplicity, owing to the death some months ago, of the bride's well beloved father. For the same reason there will be no reception or other social observance.—Waco Times-Herald.

Mrs. J. P. Wright, who is conducting a class in the latest art embroidery at Mrs. T. P. Wooten's boarding house, invites the ladies to call this afternoon from 3 to 7 o'clock at her rooms where she will have a special display of fine work on exhibition. Mrs. Wright carries Richardson's silks and all grades of finelinen. Stamping done to order. She will be here only a few days longer and those desiring to learn embroidery should call at once.

After spending six weeks in New York studying the new styles and ideas in millinery Miss St. Leon has returned to Bryan with a new and superb stock embracing everything novel and beautiful in the millinery line. Special attention is called to her selection of ribbons, veilings, early fall hats and other seasonal goods. 243

## ALLIANCE EFFECTED WITH AGUINALDO

He Is Using Every Effort to Secure Recognition at the Hispano-American Peace Conference at Paris.

London, Sept. 5.—The Manila correspondent of The Times, telegraphing Sunday, says:

Regular trains will begin to run on Manila-Dagupan railway by tomorrow. General Aguinaldo refused to permit repairs to the line and a reestablishment of train service except upon the significant condition that no foreign troops were to be conveyed.

He has effected an important alliance with the Sentiaglesia party in the northern provinces of Pangasinan and Zambales. This party commands 5000 armed troops, and had hitherto resisted General Aguinaldo's pretensions to dictatorship.

There are excessive movements among the insurgents everywhere north of Manila. Vigan has lately been occupied and a campaign has been directed against Zamboanga, where the ships are supposed to be concentrated. The insurgents are in possession of the whole of Tagus bay except a single position.

This does not support the stories of serious disaffection among the insurgent leaders, although Aguinaldo's unpopularity is undoubtedly increasing. He is evidently using every effort to secure a recognition at the Hispano-American peace conference in Paris of the revolutionary government. His army doubtless number over 30,000 men, well armed equipped.

## CONDITION OF AMBASSADOR BAYARD.

At Last Accounts He Was Semi-conscious, With a Fair Pulse, but Was Very Ill.

Dedham, Mass., Sept. 5.—The condition of Thomas F. Bayard, former ambassador to England, who is at Karlsruhe, the home of his daughter, Mrs. Warren, is critically ill. So pronounced has been the change in the past two or three days that it was thought the patient would not survive many days.

Mr. Bayard came to Karlsruhe three weeks ago. His health was not good, and during the first two weeks it did not improve. A week ago a change came which appeared to be a gradual breaking up of the system, combined with kidney trouble. At first it was not thought likely that his case would prove serious, although it was admitted by those in attendance that the end of a great career was not far off.

The extreme heat of the past few days has had a depressing effect upon the patient, and on Friday anxiety was keenly felt. A consultation of physicians was held. Late on Friday a favorable turn was shown, but yesterday the change was for the worse. He was semi-conscious Sunday, with a fair pulse.

## First Death in the Regiment.

Jacksonville, Fla., Sept. 5.—While bathing with several companions in Trout creek near this city Private Ernest Pullman of company A, One Hundred and Sixty-first Indiana regiment, dove from a high place into shallow water. Assistance was rendered him and he was taken to the hospital, where it was ascertained that his back had been broken. This is the first death in the regiment.

Mrs. William Jennings Bryan, wife of Colonel Bryan, left here for her Nebraska home, after a short visit to her husband.

James Armstrong, company L, First Alabama regiment, who got drunk on provost guard duty and accidentally discharged his rifle, the bullet striking Charles S. Cox, a young white man, in the left arm. The bullet so shattered the bone that it had to be amputated above the elbow. Leonard L. Salisbury of the same regiment, is under arrest.

## Two New Cases of Fever.

Taylor, Miss., Sept. 5.—Since the outbreak of yellow fever in Taylor, about August 1, there have been several cases, the exact number not yet known in Taylor, and about 40 in Orwood. Dr. Carter, representing the Marine hospital, arrived here in company with Drs. Haralson and Gant. He visited cases in Taylor and Orwood. He left here for New Orleans, and will probably return in a few days. He fully concurs with the Mississippi board of health in the diagnosis of the disease, and will cooperate with the board if its management. Three new cases have been reported officially at Orwood. The new cases of fever are here, though they have not yet been passed upon by the board. All cases at Taylor are doing well. No deaths to date.

## May He Andre.

Chicago, Sept. 5.—A special to The Times-Herald from Winnipeg, Man., says: Indians reaching Dauphin from the far north report meeting an Esquimaux who told of the appearance among them of a strange man descended from the clouds on the shores of Hudson bay. The opinion among the whites is that the man is Andre, the arctic explorer.

## War Portfolio Declined.

London, Sept. 5.—The Paris correspondent of The Daily News says that both General Sausier and General Zurlinden have declined the war office portfolio.

Miss Davis No Better. Narragansett Pier, R. I., Sept. 5.—The condition of Miss Winnie Davis shows no marked improvement. Her physician is still hopeful of her recovery.
