**J. A. O. Club.**

Once upon a time a club there was—the J. A. O. by name—which flourished a brief season, then went the usual club way, leaving in its wake only memories of pleasures "like poppies spread." Neglected, nay, almost forgotten in the deep sleep which overtook it—a veritable beauty sleep—Circumstance—the Prince Charming of the J. A. O. decreed the awakening, and lo! in the fulness of life it appears, the very embodiment of "a fancy'd treasure, and a waking dream."

Wednesday afternoon the original members were asked to meet with Miss Shepard at "The Willows" for the purpose of reviving the club. After pleasant discussions the business was arranged "Just Among Ourselves." The object of the organization is the promotion of pleasure and social enjoyment, not as implied in the club name—selfishly—but with the spirit of sweet generosity and thoughtfulness which characterizes the members who have it in their power to create pleasures for others. The officers were elected as follows: Miss Maud Willson, president; Miss Frances Parker, vice-president; Miss Alice Sanders, treasurer; Miss Nellie Smith, secretary; Mrs. William Smith Howell, chaplain. Others present were Misses Olive Willson, Kate Parker, Josephine Clark, M. Stella Shepard, Mrs. T. F. Castles. The club will be limited to twenty members.

Manager Mike canceled a show which he had for the date now held by Tennessee's Partner, Oct. 19. He did this although asked to play Tennessee's Partner on a guarantee, at a high figure, which he will not get out of the show unless he gets a good house. The public have an opportunity now to encourage good attractions if they wish to do so, by giving Mr. Mike a good attendance at Tennessee's Partner. It is a fine show.

**SOME DISORDER  
OCCURS AT BAYAMO.**

The Spanish Captain of the Civil Guard  
Stabbed, and Several Parties Have  
Been Arrested.

San Juan, Porto Rico, Oct. 6.—Who Alicante arrived here Wednesday morning and will sail for Spain at once with 250 sick Spanish soldiers.

Tuesday Captain Arregui of the civil guard at Bayamo was severely stabbed by some person unknown. It is thought he will die. He is much disliked by the islanders. The officials at Bayamo made several arrests, including a prominent physician, Dr. St. Hall. Captain Arregui and St. Hall have long been bitter personal enemies. The physician is known as an American sympathizer. He had to leave the island during the war and but recently returned. When arrested he was on a sick bed from which he was removed to the jail. Popular opinion acquits him of any connection with the stabbing.

Trouble of this character has been feared for some time at Bayamo. A Spanish resident recently asked for American protection. General Brooke replied that it was impossible to furnish this until the Spanish evacuated the island and that in the meantime the Spaniards must look to the Spanish authorities for protection.

The Bayamo occurrence increases the apprehension among the Spanish at San Juan, where there have been similar incidents during the last few days. There is a rumor that old scores will be settled by the islanders, and anonymous handbills are circulated, all of the same tenor. Nevertheless, if there is no interval of unprotectedness between the Spanish evacuation and the American occupation of San Juan, serious disorders are not likely to occur there.

The United States postal authorities at Rio Piedras will be ready to establish an office here at the earliest opportunity.

The remainder of General Ernest's brigade, the Sixteenth Pennsylvania and the Third Wisconsin now at Caney, has received orders to proceed to Ponce on Friday next. It will take four days to make the trip. At Ponce they will embark for the United States, arriving between Oct. 20 and 25.

Since the cessation of hostilities a large percentage of sickness among these regiments has been largely due to inactivity and lack of interest, with severe guard and patrol duty. The men are overjoyed at the prospect of returning to the United States.

Seven or eight old mortars formerly on the city fortifications were sold by the Spanish authorities and removed to the dock for shipment. The American commission objected to the removal and the sale was declared off. The mortars will be replaced.

It is said that Captain General Macias who has served Spain so long and faithfully, and who has never known defeat or surrender, will leave the island before the formal delivery to the American government. The feeling which prompts this resolution is fully appreciated by the Americans here.

**VOLUNTEER SOLDIERS  
HOLD UP A TRAIN.**

They Compel a Conductor to Run a Train  
Back Seven Miles to Get a Revolver  
Which Had Been Drropped.

Little Rock, Oct. 6.—As the Cotton Belt passenger train, southbound, was a short distance out of Jonesboro Wednesday, it was held up in a most unusual and unique manner.

Aboard the train coming out of Cairo were a large number of Texas and Louisiana volunteer soldiers from Jacksonville, Fla., on their way to their homes. They were recently mustered out at Jacksonville, and in order to get home had to go via Cairo and from that point south on the Cotton Belt. Two of the soldiers, W. J. Ryan from Louisiana, and Sam Culbertson, a nephew of Governor Culbertson, were under the influence of liquor. In some manner one of the boys dropped a pistol while the train was running at high speed. The conductor was requested to stop the train so the weapon might be found. He refused and the train sped on. At the next stopping place the soldiers surrounded the engineer and conductor and covering them with revolvers compelled them to back the train. They were forced to return a distance of seven miles. When the boys were satisfied they turned the train over to the conductor and engineer and it proceeded on its way.

At Brinkley the soldiers were arrested and placed in jail. As the train carried United States mail the charge against the volunteers is a serious one.

**Charged to Mrs. Guilford.**

Bridgeport, Conn., Oct. 6.—Coroner Doten has completed his inquiries into the death of Emma Gill whose dismembered body was found in the Yellow mill pond a few weeks ago, finding that she came to her death by felonious homicide at the hands of Nancy Guilford, assisted and abetted by Alfred Ooley and Rose Brayton. The grand jury has indicted Nancy Guilford for murder in the second degree. This will facilitate her extradition from England.

**Standard Should Be on It.**

Indianapolis, Oct. 6.—The Democratic state central committee has decided that M. Z. Stannard of Jefferson county should be placed on the ticket as candidate for supreme judge in place of Judge Hackney who recently withdrew his name from the ticket.
