Here's Something New
On November 1st all order-notify shipments must be delivered on presentation of bill of lading, and nothing else except the execution of an indemnity bond in the case of perishable goods of long delayed receipt of bill of lading will do. This agreement has been entered into by all the railroads in the state and is effective on the first. Under this agreement bank orders are cut out, and the bond, even when permissible, cannot be accepted until approved by the auditing department of the road making the delivery of the shipment.
People who have constructed nice cement sidewalks on their premises complain to The Eagle that boys and others frequently ride horses over same, thereby injuring the walks and making them unsightly. One gentleman who has placed a walk of this character on the front of his home lot, finished up the side street with cinders, on account of the manner in which boys would ride their ponies over the cement. This gentleman has advised a neighbor of his, who expected to place a cement walk about his lot, not to do so, on account of liability to damage from the sources mentioned. The Eagle is also asked whether or not there is a city ordinance prohibiting riding or driving on the sidewalks of the city, and if so, why same is not enforced. The Eagle don't know, but feels quite sure that if the name of any boys who willfully ride upon sidewalks, thereby damaging them, and the property owner, was given to the mayor or chief of police, these officials would take active measures to corral the sidewalk riders.
Mr. T. H. Cobb of Madison county transacted business with Bryan merchants Thursday.

TOO MUCH CHLOROFORM.
Bedias, Texas, Oct. 28.—The wife of Dr. J. E. Smith of Cotton just east of this place, died Sunday from chloroform poisoning. It appears she was subject to nervous headaches and frequently used chloroform. Sunday she placed the drug on a cloth and placed it over her face and died from its effects. Dr. Smith was called away in the early morning and returned about 12 o'clock and found her dead. Some small children were all the persons about the place and they thought her asleep. This was Dr. Smith's fourth wife, all of whom are dead. He is 42 years old and a physician of prominence. Deceased was a sister to R. B. Tuck of this place and Mr. A. Tuck of Cotton, and had one sister, Mrs. K. Bulard of Madison county. She was 32 years old and the mother of one child.
