100 PEOPLE ARE INJURED

RESULTS OF RIOTING IN CITY OF PHILADELPHIA.

Company Claims That it is Not Seriously Handicapped—Echo From Yesterday's Disturbance.

Philadelphia, Feb. 21.—In spite of yesterday's severe rioting the Philadelphia Rapid Transit company started its early morning schedule today without apparent interruption by strike sympathizers. The first cars left the various yards at 5 a. m., twelve hours after the service had been discontinued.

Strike leaders wearied by yesterday's strenuous work, rested until late this morning and no statements were given out at union headquarters. Beyond the statement that "all lines are in operation with a full quota of cars," officials of the transit company also declined to comment on the situation.

Conspicuous on the lapsels of the working motorman and conductors is the insignia of the Keystone Union, a rival of the Amalgamated Association of which the strikers are members.

It is estimated today 100 persons were wounded yesterday, chiefly by stones or other missiles. Few people, however, were seriously hurt. One of the latter, a little girl, who was shot while watching boys attack a car, will probably recover.

A statement issued by the company says in all 297 cars were damaged during yesterday's disorders. The cars were burned and one partly buried. Exactly 2508 car windows were broken. The company expects to keep in operation today 120 cars, 500 less than the regular schedule.

During the morning hours service was maintained on nearly all lines to the center of city, but it was uncertain. Stone throwing this morning resulted in the breaking of car windows and the wounding of several persons slightly. Sensational reports of blood running in the streets of the city and the police having pistol battles with mobs are not true.

Railroads entering the city were taxed to the limit in handling the crowds who sought trains. Under the proclamation issued by the mayor yesterday, people are not permitted to congregate on the streets. The director of public safety is ordered "to use all necessary force and means whatever to disperse unlawful assemblages."

The most serious outbreak of the forenoon was the wrecking of a car in the northwestern portion of the city and the serious injury of the conductor and motorman. The latter's skull is believed to be fractured.

HAAS MUST STAND TRIAL

Indicted in District of Columbia Some Time Ago.

Washington, Feb. 21.—Moses Haas of New York, indicted in the District of Columbia in connection with the cotton leak scandals of the department of agriculture in 1905, must come to Washington for trial. Such was the decision today of the United States supreme court.

Later the supreme court announced it had decided that Theodore Price and Frederick Peckham, indicted at the same time as Haas must also come to the District of Columbia for trial. They were indicted in connection with the scandal.

TROOPS FOR CAIRO CITY.

Grand Jury Has Begun to Investigate Thursday's Rioting.

Cairo, Ill., Feb. 21.—With one hundred more militiamen on their way to this city by special train and with the citizens in a sullen mood, awaiting developments, today is expected to bring the strained situation in Cairo to a head.

The grand jury this morning began to investigate last Thursday night's rioting.

Adjutant-General Dickson has been subpoenaed to appear before the latter body. Accordingly the conflict between the sheriff and the military will be given an airing.

TWO TEXANS ARE NAMED.

Appointments Made Today by the President.

Washington, Feb. 21.—President Taft today sent the following nominations to the senate: To be United States marshal for the Western district of Texas, Eugene Solte.

To be United States attorney for the Western district of Texas, Chas. Boydston.

To be rear admiral in the navy, Capt. Sidney Stanton.

WRECK OF NINA FOUND.

Was Driven to the Bottom of the Atlantic.

Newport News, Va., Feb. 21.—It is reported at Fort Monroe the missing naval tug Nina has been found on the coast of Virginia, where she was driven by the severe storm which it was thought, swept her to the bottom of the Atlantic.

SLAYER GOES UP FOR LIFE.

Mississippi Supreme Court Affirms Decision in Noted Case.

Jackson, Miss., Feb. 21.—The supreme court today affirmed the life sentence of William Sorby, slayer of Postoffice Inspector, Fitzgerald. Fitzgerald was assassinated at Clinton in September, 1908, after having found Sorby, who was serving as deputy postmaster, short in his accounts. Justice Sexton who delivered the opinion, declared the verdict of the lower court just in every respect and the trial devoid of reversible error.

BOY KILLED HIS FATHER

WAS MALTREATING HIS DAUGHTER AND THREATENING HER

Boy Shot the Man in the Head and Killed Him Instantly.

Childress, Tex., Feb. 21.—Frank J. Craig was shot this morning at 8 o'clock by his fifteen-year-old son, Al C. a. g., following an abuse of the family by the father.

Craig, it is said, commenced to quarrel with members of his family preceding breakfast and later attacked his married daughter, Mrs. Ruth Hamlin, aged eighteen. He chased her into the yard, caught her by the hair and dragging her around, threatened to cut her throat when the son stepped from the corner of the house, calmly shouldered his shotgun and pulled the trigger, emptying the entire load into the left side of Craig's face.

He fell to the ground dead. The boy, who is small for his age, weighs only sixty pounds, was placed in jail, but the sympathy of the public is with him, as it is declared he was defending the family.

TWO SENATORS ARE ILL

TILLMAN'S PARALYSIS IS MUCH LESS THAN YESTERDAY.

Senator Alden Smith, of Michigan is Suffering From Appendicitis.

Washington, Feb. 21.—After another consultation this morning Drs. Babcock and Pickford issued the following bulletin in regard to Senator Tillman's condition: Senator Tillman continues to improve. The paralysis is much less than yesterday. His mind is very clear and his memory excellent. The outlook is more encouraging than at any time since his present illness began.

It is said that the well known South Carolinian was suffering from slight progressive paralysis due to a leakage of blood in the brain caused by calcification of the arteries. Another senator whose health is such as to alarm his friends is William Alden Smith of Michigan, who is suffering from a serious attack of appendicitis. The gravity of Senator Smith's case was increased by his failure to submit to an operation as soon as he was informed by his physicians that one was immediately necessary. He refused to accept their verdict as final and waited thirty hours for the arrival of his family doctor from Michigan to tell him what to do. Mr. Smith has been a senator since 1907, when he was elected by the Michigan legislature to fill out the unexpired term of Russell A. Alger. He was later re-elected for a full term. He was a member of the house of representatives from 1895 to 1907.

PARLIAMENT FORMALLY OPENED

Ceremony Was Marked by the Usual Pomp and Pageantry.

London, Feb. 21.—Parliament was opened formally this afternoon by King Edward, who was accompanied by Queen Alexandra, and is now fully organized and ready for the work of the session. The state opening was marked by all the pomp and pageantry associated with these occasions since the accession of Edward VII.

JAIL CELLS EMPTY.

Old-Timers of New York Think Millenium Has Come.

New York, Feb. 21.—"Has the millenium come?" asked old-timers around the New York police headquarters this morning. The first time in nearly twenty-five years the cells of the great building stood empty. For twenty-four hours not a single prisoner had been brought in.

BLOW FOR FRANCHISE TAX.

Cannot Be Levied Against a Foreign Corporation.

Washington, Feb. 21.—By reversing the decision of the supreme court of Alabama the United States supreme court today decided unconstitutional, as applied to the Southern Railway, the franchise tax on foreign corporations doing business in the state. The court holds it an improper discrimination between foreign and domestic corporations.

Be sure to visit the Lyric tonight.

A STREET CAR MEETING

GODD ATTENDANCE AT BOOSTER CLUB LAST NIGHT.

Mr. Price Outlined a Proposition. Committees Appointed to Help the Road.

A special meeting to consider street car proposition was held in the Booster club rooms last night. George Leavy presided and introduced Mr. Price, who reiterated his former statement that he was one of a set of business men of Dayton, Ohio, who are building street car systems throughout this country and among the different towns and cities so favored in North Texas he thought more favorably of Greenville than any town he had investigated.

As to the kind of systems will build a line that will be a credit to every body concerned and one that will in the end pay the promoters. He said we are not philanthropists but are out to make money, however, we should not hope to get a profit for several years. Said if we could get a bona fide guarantee of 5 per cent dividend on the investment we would be glad to build the car line without a dollar in bonuses. He estimated the cost of constructing the line and equipping with up to date cars, etc. at about \$175,000.00. He outlined the different methods by which the bonus could be raised. First he said he would suggest that the property owners along the proposed line pay \$1.00 per foot for all property abutting on the car line. Another method was to buy suburban acreage property and then cut up into lots and sell the lots, thereby making profits enough to pay the bonus.

Stated that about 28 to 30 men would be employed and \$45,000 would be paid out in Greenville for labor in constructing the system. The car fare to cost about \$12.000.

After Mr. Price had outlined the proposition in detail the chairmanship of the following committees: Committee appointed to go to Penn. with Mr. Price and place the proposition before the people of that town as follows: Mr. L. N. Bryd, A. E. Edwards, Dr. B. F. Arnold and J. M. Gee. It was moved by Mr. Edwards that it is the sense of this meeting that we accept Mr. Price's proposition if satisfactory details can be arranged it was further moved that a committee of 16 citizens be appointed to be divided into committees of 4 each to canvass the city and make a strong effort to raise the required bonus. The committees follow:

L. N. Bryd, Sam Brantthoffer, Rev. L. G. White and Douglas King. Will N. Harrison, Dr. B. F. Arnold, R. M. Chapman and Tom A. Smith. A. E. Edwards, J. M. Gee, Will Wise and W. M. Arnold. John Boyle, J. B. Murphy, W. M. McBride, Bert Beall and J. P. Beekham.

Committees to get busy at once and met at Booster club rooms Wednesday morning and make report.

Perkins Bros. Co. show Monday new spring tailored suits for ladies.

COLD WAVE FOR WEST.

Real Winter is Again to Prevail Throughout the Country.

Kansas City, Feb. 21.—With low temperatures still prevailing and local snow storms reported from many places, real winter conditions are forecast by the local weather bureau for central and southwest during the next twenty-four hours. In northern Kansas a temperature of four degrees above zero reported today and in southern Kansas, where it was twenty above zero, a heavy snow is fall for.

LAYMEN HEAR THE REPORT

PRESIDENT PEPPER'S MESSAGE READ YESTERDAY MORNING.

Great Crowd Attended This Morning's Session of the Conference.

Dallas, Feb. 21.—This morning Dr. John R. Nelson of Nashville, Tenn., was the first speaker at the Laymen Conference on "Saving America to Save the World."

D. H. Luebaugh, of Oklahoma, spoke on effort in the West.

John W. Robbins, a former Texan, spoke on the fore-gone in Texas.

Rev. C. G. Homshall, of Seoul, Korea, spoke about that country and the rapid growth of Christianity in that land.

Bishop Atkins spoke on "Christian Money," and was listened to closely.

President Pepper then read his report as follows:

We record with profound gratitude in God that the Laymen's Missionary Movement of the Methodist Episcopal church, South, has thus far made good in its undertaking to arouse the large army of men in its ranks to an adequate sense of obligation to evangelize the world in this generation.

Public enthusiasm has settled down to a steady march toward the great goal of involving every man in the church as a genuine bread-winner, as it were, for God, and as an evangelist for his brother man.

Gains to date and cheering signs for the future may be summed up as follows:

1. A deepening sense of personal responsibility on the part of laymen.

2. Much better business methods have been introduced into very many churches.

3. Great activity in the circulation of literature touching all phases of the service and especially that of missions at home and abroad.

4. A large visitation of churches and many services held by laymen and hundreds of offerings taken, for we hold as our twin motto: "A service in every church and a weekly offering by every member in Southern Methodism."

5. The every-member campaign has found favorable response with fine results during the last year. It is
