

A GOOD NIGHT'S REST

"Speak for it," she cried to doggie. For she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Boschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup. We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. Two sizes, 25c and 75c. All druggists.

The Holiness Camp meeting will convene in its ninth annual session at Hughes Springs, July 4th.

The accidents on account of celebrating the national day, were many. Some very serious, with fatality.

Daingerfield has the honor of having a lady bank president in Mrs. Lou Bradford who is president of The First National.

The price of cotton went soaring up this week, and is predicted to go to twelve cents. The Government reports was the cause.

Congressman Morris Sheppard has cancelled all dates during the remainder of the summer on account of the recent death of his mother.

"The Owl" of the Mt. Pleasant Eagle, writes up his recent trip to Jefferson, in fine style, but he had better keep "a little quiet" or we might write up the other side.

The 4th of July was not observed to any extent at Jefferson; a good number of fire work was burnt at night and that was about all. The post office and rural route men took it as a holiday.

THE WEATHER, ETC.

FOR THE MONTH OF JUNE 1905.

Summary of Daily Observations.

TEMPERATURE:
Mean maximum 87.8°. Mean minimum 71.8°. Mean temperature of the month 79.8°. Highest temperature 93° on 8, and 18. Lowest degree 66° on 1st. Greatest daily range, 22° on 15th. Least daily range 5° on 22nd. The mean temperature was one tenth of a degree below average. The temperature throughout the month, was very equable. The warmest part of the month was from the 7th to the 18th; but, as far as the temperature was concerned it was a pleasant June.

PRECIPITATION.
Total 15.33 inches. Greatest in 24 hours, 3.94 inches on the 27th. There were four more heavy rains of over one inch: On the 18th, 1.85; on the 20th, 3.22; on the 22nd, 2.13, and on the 26th, 2.27 inches in the 24 hours, or less. There was rain of .01 inch or more on 13 days. 11 of the 13 days were successive days, from the 18th to the 29th inclusive. The rainfall was 10.18 inches above the average and 6.28 inches more than in any June from 1891 to 1904.

WINDS AND STORMS.
Prevailing winds of the month were easterly. There was no destructive windstorm; no hailstorm, and thunderstorms on only 5 days, none of which was very severe.

CHARACTER OF DAYS.
There were 11 clear days; 11 partly cloudy days, and 8 cloudy days. It was an unusually cloudy June. All of which is submitted without further comment.

Yours truly
JOHN M. SMITH,
Jefferson, Texas, July 1st, 1905.

FARSEEING BACHELOR.

Supplements School Building Fund With Four Thousand Dollars.
Lancaster, Tex., July 5.—Some two weeks ago the Lancaster Independent school district by a large majority voted to build a \$15,000 modern brick school building. One of the liberal and progressive unmarried business men, who declines to allow his name to be given to the general public, states to the board of trustees that he will supplement this fund with a gift of \$4,000, and possibly more if it becomes necessary. This amount guarantees for Lancaster a public school building that will meet the requirements for many years.

TWO HUNDRED DEAD.

Hospital Flooded So Quickly That Patients Were Drowned.
Guanajuato, Mex., July 5.—Governor Obregon estimates the loss of life at 200 and more bodies are being recovered. The hospital was flooded so quickly that the patients were drowned. The magnificent Juarez theater was flooded to the floor of the first balcony and soldiers who had taken refuge there had to climb to the upper balcony to save themselves. The power plant is damaged and the city is dark. The loss is estimated at \$2,000,000.

THOUSAND WALKED.

Fire in Powder House Prevented Running of Trolley Cars.
Pittsburg, July 5.—By fire at the Rankin powerhouse during a storm, which cut off the power from the West Pennsylvania Railroad company's trolley line, more than 8000 people were stranded at Olympia park, three miles east of McKeesport. In the large gathering at the park to celebrate the Fourth, the majority were women and children. When the report that the cars had stopped running was circulated, about 2000 people started to walk to McKeesport, many being women carrying infants. Shortly before midnight a special train over the Baltimore and Ohio road went to the park, but there were only three coaches on the train, and almost a riot resulted when the crowds of belated people tried to get on the train at the same time. It is estimated that 1000 were packed into the three cars on the first trip. After making several trips all of the picknickers were brought into McKeesport, but their condition was but little better than at the park, as the big majority of them live in towns along the West Pennsylvania company's line and were without money and without adequate shelter. The Baltimore and Ohio station was literally packed with women and children, tired, hungry and without clothing, soaked with rain.

HUNDREDS OF SUITS.

Department of Agriculture Takes Action Against Railroads.
Washington, July 5.—The Post says: "The department of agriculture has prepared and is ready to begin 1200 suits against the railroads of this country to secure the imposition of a penalty of \$500 in each case for every violation of the so-called twenty-eight hour law. The statute requires carriers transporting livestock from one state to another to unload, feed and water and rest every head of livestock for a period of five hours after it has been on the road not more than twenty-eight hours. Nearly every road from Maine to California is involved."

"I FEEL AS GOOD AS I DID AT 20."

SAYS:

Mr. Geo. A. Hughes.

Many Suffer With Catarrh and Don't Know It.
The Phase of Catarrh Most Prevalent in Summer is a Run Down, Worn Out Condition Known as Systemic Catarrh.

"Per-ru-na is the Medicine for the Poor Man."

Mr. Geo. A. Hughes, 808 Mass. Ave., Indianapolis, Ind., writes: "Per-ru-na has done me more good than anything I have ever taken. I am forty-five years old now, and feel as good as I did at 20. I was very thin and run down, but Per-ru-na acted just right in my case. I am a carpenter and sometimes need a tonic. Per-ru-na is the medicine for a poor man."—Geo. A. Hughes.

A Congressman Uses Per-ru-na in His Family.

Hon. Thos. J. Henderson, Member of Congress from Illinois, and Lieutenant in the Union Army for eight years, writes from the Lemon building, Washington, D. C., as follows: "Per-ru-na has been used in my family with the very best results and I take pleasure in recommending your valuable remedy to my friends as a tonic and an effective cure for catarrh."—Thos. J. Henderson.
Catarrh assumes different phases in different seasons of the year. In the early summer systemic catarrh is most prevalent. That tired, all worn out feeling in nine cases out of ten is due to a catarrhal condition of the mucous membranes. Per-ru-na cleanses the mucous membranes and cures the catarrh wherever located. There are no remedies for catarrh just as good as Per-ru-na. Accept no substitutes. If you do not derive prompt and satisfactory results from the use of Per-ru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Glen Lumber Co. Dots.

Rain! Rain!! Rain!!!
Did you ever? No I never.
The rains of Sunday, Sunday night and Monday have made the road as near impassable as can be to get over them at all.
The team boss with two of his men and Mr. Jones went out to the country Sunday to bring in a new ox; they must of had a time for James, was fat, ragged and dirty when they returned.
The 4th pass off very quiet the only amusement at Glen, being a dance and ice cream supper given given by Mrs. Terry.
Several were entertained the 4th by friends. These being the most lucky ones were Mr. M. Steelman who took dtinner in the country, and Mr. Starkey and Jones who were entertained royally by Mr. Sankford, the Co's carpenter.
No rain for two day, a dry spell sure.
Mr. J. E. Smiley is moving his family out to Glen from Jefferson, to-day Wednesday.
Mr. D. D. Dodd went to Atlanta, Texas, Wednesday to visit with his family.

Holiness Camp Meeting.

The ninth annual session of the Hughes Spring Holiness camp meeting will convene at Hughes Spring, Texas, July 14, 1905, and continue ten days.
The workers this year are John R. and Bennie Copeland Morris, John T. James, H. H. McCain and W. C. Mann.
Hughes Spring is a good place for holding a camp meeting. Plenty of water for people and stock; large hotel near camp ground where rooms can be had at reasonable rates and meals at 25 cents. Pasture half mile from town. All workers will be entertained free.
The object of this meeting is the conversion of sinners, reclamation of backsliders and the sanctification of believers.
Everybody invited to come and help make this one of the best meetings in the history of the Camp.
J. G. HUSSEY, Pres.
T. B. PRICE, Sec.
