Dragging Pains

2825 Keeley St., Chicago, Ill., Oct. 2, 1902. I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. Now blood seemed to course through my veins and after using eleven bottles I was a well woman.

Maudie Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 11, 1902: "I want to tell you I believe Ballard's Snow Lintment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Lintment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity. 25c, 50c, \$1.00. World's Fair Accommodations.

The St. Louis Young Men's Christian Association has organized a World's Fair Bureau, through which it is prepared to furnish reliable accommodations at reasonable rates in hotels, boarding houses, and splendid private homes. This is really an extension of the boarding house register, which such associations have always maintained for the benefit of strangers. The St. Louis Association makes no charge to its patrons, either directly or indirectly, for the service, and the benefits of the Bureau are extended not only to young men, but to the public generally. Those interested are invited to correspond with L. P. Shepard, secretary Y. M. C. A. World's Fair Bureau, Grand and Franklin Aves., St. Louis.

Dr. Bynum Hurt.

Dr. W. M. Bynum is suffering from three broken ribs and severe bruises as the result of an accident while out fishing in Tom Green county last week. The doctor says he was at Christoval, on the Concho beyond San Angelo. One morning he started to cross the small dam which spans the river at that place and a stone slipped, causing him to lose his footing and he fell down the incline of the dam, striking his side on some jagged rocks. Notwithstanding his years Dr. Bynum holds up under the effects of his injuries like a veteran, and is able to be around on the streets. He says he has learned to pay little attention to accidents. Among his first recollections was a broken collar bone as the result of riding a grindstone, and ever since that time he has met with accidents enough to cost him repairs upon nearly every bone in his body.—Pecan Valley News.

Dangerous urinary troubles follows. A Dallas citizen shows you how to avoid them.

Louis G. Phillips of 160 Sandgrass St., Dallas, says: "I had been annoyed with kidney complaint, backache, dizziness and headache off and on for several months. Whenever I caught cold it settled in my back, causing it to ache severely. The kidney secretions presented an unnatural appearance and acted much too frequent. My father had been so wonderfully benefitted by the use of Doan's Kidney Pills that I was induced to get a box. They certainly went to the right spot and from the first dose I commenced to improve and in a short time there remained no backache, headache or dizziness. I have a box of Doan's Kidney Pills in the house and keep them handy in the house and keep them handy in case of recurrence. They are the best kidney tonic I ever knew of."
