..ON THE DIAMOND..

What's Going on in Base Ball Circles and Notes of Interest to the Enthusiast of the Game.

Ballew Released.

Ft. Worth Record.

Ballew has been released. Manager Ward found himself with too many pitchers and the youngster has been turned loose. This will be sad news to the patrons of the game in Ft. Worth. A more popular player than Ballew has not been on the local diamond this year. He always puts his whole soul in his work. He is steady at all times and at critical moments rises equal to every demand. Walsh, who takes his place on the team, must have a lot of good points to even equal Ballew and to surpass him he must have ability enough to hold own with the best of them.

MONDAY'S GAME.

Only five innings were played Monday on account of the late hour of the arrival of the train and consequently the visiting team. But those five innings were good ones and those who saw the game witnessed a good exhibition. Wolfe was in the box for Ballinger while Hunter did the twirling for the home team. The playing was full of ginger. Wolfe is a "plum" good one. The way he gets warmed up is a caution. Hunter's good work was head work. He got in two holes. The first he got out of successfully and the second he

didn't. But he pitched a good game. The details.

WEDNESDAY'S GAME.

Ballinger failed to make good in yesterday's game and San Angelo took easy honors. The score was 10 to 2. San Angelo's team has only played one whole game together. From the way they go at it the people may reasonably expect to see some extra good games here this season.

The Effect of Discipline.

"Just see how the chickens mind the old hen, Robby," said Mrs. Norris to her son. "Watch them run to her when she calls them."

"I suppose she sat on them when they were little," remarked the infant phenomenon reflectively.

How Invalids Are Recruited.

It is a waste of energy to overeat. But how many persons are tempted to gratify the palate long after the demands of hunger have been satisfied? It is from this class that a large percentage of invalids is recruited.

Economical.

Mrs. Sweet—Do you find it economical to do your own cooking? Mrs. Burnum—Oh, yes; my husband doesn't eat half as much as he did when we had a cook.
