EVERYTHING is all right but the people.

THESE early mornings make "business" take a nap.

THE Press is the only paper in San Angelo of home print.

ONE week from today is Thanksgiving a national day of feasting upon the national Thanksgiving bird.

THE ads in the Press keep you posted on the prices, arrivals and departures of goods. Its just like a home register.

SAN ANGELO is the Queen of the Conchos, with the undisputed right of having the finest climate in the West. Texas' proud resort.

PUT your money in Angelo property if you want something that is safe, sound and inflexible. Everything grows in this country—money, land, cotton and beans.

THE anti-free pass law goes into effect the first of January and the newspaper man will have to stay at home, instead of jaunting around over the country on pleasure trips.

SAN ANGELO offers a splendid field for the establishment of a first class creamery. The enterprise would be profitable from the jump. The people in this country are entitled to something better than old-margarine.

THE delightful blue quail and the innocent little Bob White eat insects and destroy cotton pests and are the farmer's friend. Birds fattened on boll weevils should not be slaughtered like the corn-fed hog.

THE Press receives in every mail about a half bushel basket full of letters requesting us to print four galleys of paid stuff in the interest of sympathy. We could print twenty-four pages of this sympathy each week, but when we offered sympathy to the printers on Saturday night they would say: "Neigh, neigh, horse-diy."

"SAN ANGELO transformed into the cleanest city in the West." That would be a good motto. Nature has provided the proper drainage, and now is the time for the mayor and board of aldermen to get busy and inaugurate a campaign for cleanliness through the winter and relieve some of the work in the spring.

"The Wonderful Girl in Dixie" was played at the Turn Verein opera house Friday night. It was a typical melo-drama of post-bellum days, with a high-minded Southern gentleman and daughter and a couple of old-time dandies, true to the ebony characters then prevailing, in the principal roles. A fat old mammy, that yankee gold could not buy, was the heroine. It was a play without any of the usual offenses to modesty, pure and noble throughout, no semi-vulgar specialties with painted, bronzed and gilded brick and sing with metallic or copper lined throats, and silly rhymes that have their origin in the city dives. If all performances were like this one, the stage would become free from criticism.

Orient Depot at Sweetwater.
The Reporter man in his rambles around the city is always on the lookout for items of interest to the many readers of this paper. Last week we ran down the item about the Snyder railroad. This week we find that not only the permanent machine shops for the Orient are nearly a foregone conclusion for our town, but the work on the new Orient passenger and

freight depot will be commenced at once.
Our lumbermen have been asked for bids on lumber for the framework of these immense structures. From all reports work on the buildings will be in full blast by January 1, 1907. Everything looks bright for the future of the city.—Sweetwater Reporter.

Contemplated New Catholic Convent.
It is understood from competent authority, that the Immaculate Conception nuns of this city, is considering the erection of a new and larger convent in the near future. The Catholic church has purchased some acreage property from F. P. Bell, that lies in the east of Belmont boulevard, and this is the proposed site for the commodious new boarding academy.

Nothing definite is yet known as to when the school will be built. The proposed site is some fourteen acres has been parceled from Mr. Bell at private figures.

Powell Loses School Land Suit.
The case of Thompson & Johnson vs C. H. Powell, to collect the lease money on the San Saba county school land located in Tom Green county, consumed the entire day Monday and part of the night. Thompson & Johnson were represented by Frost & Neblett, of Corsicana, and Leigh Burleson, of San Saba. Mr. Powell was represented by Judge Hill, of the firm of Hill & Lee, San Angelo, and Rector & Rector, San Saba. The commissioners' court was represented by A. G. Walters.

The whole contest in this suit hinged on an option contained in the lease giving the lessees the right to buy the land at the highest price offered by any one else. The district judge ruled that this option in the lease was null and void, because it was not written in the minutes of the commissioners' court at the time the lease was executed. A jury was called for by the defendant Powell, during the progress of the case, and one was called and empaneled, but the legal points in the case being passed on by the judge, they were dismissed without a verdict.—San Saba Star.

Has Returned From New York.
Silas J. Titus returned Saturday afternoon from Syracuse, N. Y., where he has been spending the past four months with relatives. Mr. Titus intended buying San Angelo for aye, when he departed, but couldn't keep himself from returning. Mr. Titus said on the John A. Lynch ranch during his former residence in the Concho Country, and intends returning to the Lynch ranch to go into cotton business.

EX-GOV. OF OREGON USES PE-RU-NA IN HIS FAMILY

For Colds and Finds It An Excellent Remedy.

A Letter From the Ex-Governor of Oregon.

The Ex-Governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house. A letter received from him reads, as follows:

STATE OF OREGON, EXECUTIVE DEPARTMENT,
The Peruna Medicine Co., Columbus, Ohio.

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.
It will be noticed that the Governor says he has not had occasion to use Peruna for other ailments.

The reason for this is that most other ailments begin with a cold. Using Peruna promptly to relieve colds, he protects his family against other ailments.

This is what every other family in the United States should do. Keep Peruna in the house.

Used Pe-ru-na in the Family Eight Years.
Mrs. Josephine Gillen, 345 Morris St., Portland, Ore., member Patrons of Husbandry, writes:

"Peruna has proven itself of such untold value to us that we are glad to give it due praise. We have had it in the home for more than eight years.

"It restores health in a few short weeks, takes away headaches and back-aches, increases the appetite and restores lost nerve force." It is a specific for colds and catarrh."

Every family should be provided with a copy of Dr. Hartman's free book on "Chronic Catarrh." Address Dr. S. B. Hartman, Columbus, Ohio.

Secret Government Agent Was Here.
A Mr. Caldwell, of Washington, D. C., was in San Angelo Thursday. He was a special government agent and kept his business a secret. Mr. Caldwell was hunted high and low by a Press reporter.
