A SURE CURE FOR CROUP.

Twenty-five Years' Constant
 Use Without a Failure.

The first indication of croup is
 hoarseness, and in a child subject
 to that disease it may be taken as a
 sure sign of the approach of an
 attack. Following this hoarseness
 is a peculiar rough cough. If
 Chamberlain's Cough Remedy is
 given as soon as the child becomes
 hoarse, or even after the croupy
 cough appears, it will prevent the
 attack. It is used in many thou-
 sands of homes in this broad land
 and never disappoints the anxious
 mothers. We have yet to learn of
 a single instance in which it has
 not proved effectual. No other
 preparation can show such a record
 —twenty-five years' constant use
 without a failure. For sale by all
 Druggists.

There are few ailments so uncom-
 fortable as piles, but they can be
 easily cured by using TABLET'S
 BUCKEYE PILE OINTMENT. Relief
 follows its use, and anyone suf-
 fering from piles can not afford to
 neglect to give it a trial. Price, 50
 cts. In bottles, tubes 75 cts. For sale
 by Aug. Grave.
