THE WELD THAT HELD

Science has developed something infinitely better than the old-style wrap or clamp.

"PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

AWRAP holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of rusted galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT, examine the joint.

STAYS CANNOT SLIP. They are always just where they were put. They and stand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod is Guaranteed Perfect.

Don't show your prejudice in favor of the rapidly declining and now antiquated methods you have heretofore known, to wrap your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, its lines were welded by electricity.

You will find electrically welded hoops on ice cream freezers and washing machines, on many tubs and buckets. Examine them.

"PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

(Delayed from last week.)
Oct. 2, 1910.

The sad message reached our little community this morning of the unexpected death of Mr. Joe Shulak Sr. of Boundary Prairie.

The much appreciated rain fell here last Thursday, which has been expected ever since May.

Mr. and Mrs. Albert Bergmann of Yorktown attended our grand celebration at Shiner Sep. 28.

Mrs. John Hrehok and daughter Fannie were visiting the home of Rud. Skrehot last Saturday.

Mr. Rud. Drabelk who has been employed in a Yorktown dry-goods store for some time has accepted another position at La-Grange.

The wedding season is here and the wedding bells are ringing mighty fast in our neighborhood.

Friend of Dryer did you enjoy the Shiner ball well? I guess you did but not as well as I have for I had the pleasure of meeting the young men of the Athletic Sokol, they certainly are jolly young men.

I will close. Good bye to all.
"Girle."
