PALESTINE, TEXAS, SEPTEMBER 9, 1903.

PROHIBITION ELECTIONS.

In prohibition elections held Saturday two counties went dry and two counties and a precinct went wet.

The two counties to go pro are Raines and Brown, and the antis won in Palo Pinto and Henderson counties and West precinct in McLennan county.

A fund of \$2000 has been raised in Texarkana to contest the election held there on the 27th ult.

What will Austin be fifty years hence?—Austin Tribune.

THE Creator of all things never made a fairer land nor a more gracious climate to go with it, than this blessed spot in Eastern Texas.

GEORGE W. HOUSE of Bristol, Tenn., at the age of seventy-five, took unto himself a fifth wife. Evidently he thinks marriage is a good thing.

SIR THOMAS will not carry back to England the coveted American cup, but he will carry with him a testimonial of the esteem of the American people.

PALESTINE must do all in her power to land that K. of P. widows and orphans home. It would be an ornament and a lasting benefit to the city.

THE Fort Worth Register says toleration is about the highest reach of culture. Judging from the number of intolerable people one meets that must be about correct.

PALESTINE must put her best foot forward, and make her best appearance to Carnival visitors. Let every citizen see that his premises are put in clean and presentable shape.

THERE will be some racy developments in the next county campaign, if all that is rumored comes to pass. The Palestine "Tammany," it is claimed, has declared it will have the scalps of some of the county officers for the part they took in the recent prohibition election. No doubt the gang has reached that point in its evolution where it thinks it can run both town and county.

B. B. Tobin Chapter.

Benedette B. Tobin Chapter held its regular monthly meeting Friday, Sept. 4, with a large attendance of enthusiastic members. Officers all present. Minutes of preceding meetings read and approved.

The committee on music reported that they paid \$5 for transportation of piano to and from Strickland's park for the Confederate Veterans' Reunion on the 19th and 20th of August, Mr. Heron kindly giving use of same free of charge.

A vote of thanks was given Miss Stevie Allen for her efficient training of the sweet childish voices which gave pleasure to all.

The evening's program consisted of delightful music and historical sketches and recitations.

Miss Edna Wright delighted the music lovers with divine harmony.

Miss Pansy Sawyers kindly recited a beautiful selection that was truly touching to every Southern heart. Though she had such a short time for preparation she evinced talent as a promising elocutionist, and deserves credit for the rendition.

Miss Mabel Clair Watson, the gifted young pianist, thrilled the appreciative audience with the touch of her dainty fingers in a beautiful selection artistically rendered.

Then in answer to roll call the members responded by a sketch or quotation of the beloved hero of the South, Jefferson Davis, the first and only president of the

The Trinity Valley Land Co.,

of St. Louis Mo., has opened a branch office in Royall's Bank building, with C. Roe Hall, of this place, as manager, and will do a general real estate business. This company now owns 51,000 acres of unimproved lands in this and adjoining counties, all of which is for sale on easy terms to actual settlers.

The management of this office is familiar with land values throughout East Texas. The St. Louis office being in close touch with the northern buyers, who will have an opportunity to visit Texas at least once each month on a very low rate of transportation, there is no reason why vacant lands of this county should not begin to be improved materially in near future.

All who want to buy, sell or exchange real estate, in or out of city, are respectfully invited to call at office. ROOM 3, OVER ROYALL'S BANK. PHONE No. 291. 12td w2t

A Message to Dyspeptics.

Why are we dyspeptic? The predisposing causes from the old school are: 1st, improper hygiene; 2nd, malnutrition; 3rd, various anemias; 4th, gouty and rheumatic subjects; 5th, tuberculous, cancerous and malarial dyscrasias; 6, hyperemia of stomach; 7th, sickly and delicate children, convalescents from acute diseases and inveterate chronic invalids.

The excitants are: 1st, dietetic, 2nd, certain drugs, as the salicylates, iodides, bromides, arsenic and mercury; 3rd, acute infectious fevers; 4th, influence of cold (probable); 5 mycotic.

Cause from the Osteopathic view: A disturbance in the anatomical structures of the spine serves to overthrow the balance of the nervous system in such a way that the stomach and intestines are robbed of their normal nervous energy; at the same time there is a deprivation of blood in those organs, (stomach and intestines).

With both the blood supply and physiological control of these organs thus abridged, the way is open to every sort of defective functioning—which means disease.

Osteopaths view the anatomy of the neck for obstruction of nervous transmissions through the right and left pneumogastric nerves, and the spinal connection through the sympathetic organs, removing any obstruction of whatever nature, thereby supplying the organs with their normal nervous energy and blood supply from which health will issue, if only the excitants as claimed by the old school be withheld, especially Nos. 1 and 2.

Greatest per cent of cures from dyspeptics have come through osteopathic treatments, as can be substantiated by living witnesses. ANDREW A. SPEEGLE, Osteopathic Physician.
