Go to Tyler.

It is really essential that Anderson county send a large delegation to the truck growers' meeting in Tyler Thursday and Friday. There are important matters to be arranged at this meeting, and the question of organization, location of headquarters and naming of officers will be settled. Anderson county must have a voice in these things.

Big Snakes

George Reuter has got 'em. Snakes! Two big rattlers. They came from the Cayuga community, and are harmless, for they are stuffed. One of them has 24 rattles and measures six and one-half feet. The other is just a little shorter. And speaking of snakes, it has been reported for sometime past that a big rattler makes his home under one of the city churches. It is reported he has been seen numbers of times, and is described as the daddy of rattle snakes in these parts.

To Be Married.

The Herald has received the following card:

"Mr. and Mrs. H. V. Hamilton, Sr., request the honor of your presence at the marriage of their daughter, Lorine Gazelle, to Mr. Louis Durst, on Wednesday evening, October the twelfth, nineteen hundred and four, at eight-thirty o'clock, First Baptist church, Tyler, Texas."

Miss Hamilton is the youngest sister of the editors of the Herald, and has a number of friends in this city. She is remembered especially in musical circles. Mr. Durst is the son of Mr. and Mrs. John Durst, and is a prominent young business man of Tyler.

Largely Attended.

The special services at the Christian church yesterday, both morning and evening, were largely attended, and proved very entertaining. The services marked the conclusion of the first year's pastorate of Rev. L. D. Anderson, and were especially complimentary to this popular young pastor. No pastor ever enjoyed greater esteem and love than does Rev. Anderson. He is not only a splendid preacher, but a good, strong christian man. We are glad his relation here with his church and the christian community generally is so cordial.

Clubs Active.

The city clubs which have been idle all summer are coming together again for the winter season. The Self Culture club, the pioneer club of Palestine, is holding its first meeting of the season with Mrs. Andrews, on North Sycamores street, this afternoon, and others will follow during the week. The Herald will be glad to make notes on these meetings from time to time, if the various secretaries will furnish us the data. This invitation is extended to all the clubs.

A moderate amount of physical exercise, sunshine, fresh air, a trip to the country occasionally, and good, plain nourishing foods are conducive to good health. There are people in Palestine sick, and complaining all the time, who should be happy and well. They are violating the laws of nature daily. They need to stop doing the wrong things and do the right things. Now, you may think this is a drug store ad, but it's not. I do not believe much in drugs, but do believe in wholesome foods. Those are the kind I sell. It's Temple, you know; your grocer—everybody's grocer. Better see Temple about it.

There are shoes made to sell; low prices that are really dear at any time. The term solid, as applied to shoes, means that only leather is used throughout. It means that counters are used to stiffen the uppers at the heels, that inner soles and the heels are solid leather, and not paper or leather composition. The shoes Cooke sells are solid leather.
