

A COLLAR THAT FITS THE NECK

Is a Collar that is comfortable to wear. The fit of a Collar depends in a large measure upon the shape given it when laundered.

We shape your Collars carefully and in such a way that they not only have the correct form, but do not pinch the neck or wrinkle inside.

Of course they have smooth edges.

Mrs. Carter of Franklin will arrive in the city this evening to visit her sisters, Mesdames Holder and Yarborough.

Miss Mary Foster of Mart is a guest of Mrs. J. B. Hamilton. Miss Foster has visited here before, and has a host of friends.

The advertisers are getting busy again in these columns. Tomorrow is pay day, and the merchants all want the business.

Rev. J. M. Mills and wife who have been visiting at the home of Mr. J. L. Carroll, at Tennessee Colony, left for their home at Redwater today.

Rev. H. C. Willis, formerly pastor of the Centenary Methodist church, but now presiding elder of the Huntsville district, was in the city this morning.

Tomorrow the I. & G. N. pay train will do business in this city, and Old Santa Clause will have a chance to get even with the world and a little to the good again.

J. L. Carroll of Tennessee Colony was in the city today. He says the people of his community are very much interested in the interurban railroad proposition, and are very anxious to see it built. The road would no doubt be a great help to that section.

Henry Wright has accepted a position with the Jones Dry Goods Company, and will be found at that place from now on. Mr. Wright was the popular clothing salesman of this house for a long time, and he has hundreds of friends who will be glad to know he will remain in Palestine.

ULCER OF THE STOMACH.

Insidious Nature of the Disease— How to Recognize and Cure It.

Ulcer of the stomach may exist for years without very marked symptoms, excepting those caused by indigestion. It is due to an inflammation which affects the membrane of the stomach so that it is eaten away by the gastric juices.

In good health, the stomach resists the action of the gastric juices, but when weakened, the membrane is badly nourished and the digestive fluids act upon it as well as upon the food, keeping up until perforation of the stomach occurs. In advanced cases of ulcer of the stomach there is much discomfort after eating, with a constant gnawing sensation between meals, pain from the pit of the stomach back to the shoulder blade.

At the first symptoms of indigestion, treatment should at once be started with Mi-o-na. This is a scientific remedy adapted specifically to one purpose, the cure of stomach troubles. It is so uniformly successful that the Bratton Drug Co. give a signed guarantee with every 50 cent box that the money will be refunded if it does not cure.

Mi-o-na is not a patent or secret remedy, but is a combination of the purest and most reliable of remedies for strengthening the digestive organs and building up the whole system. Use it for a few days and there is no reason why you should not be able to eat any food you like at any time without fear of distress.

From Nine States.

The Tyler Commercial College begins the New Year under circumstances which permit the anticipation of even the greatest year which will have been recorded in its history at the expiration of 1906. The phenomenal extent of success to be attained needs not to be referred to in comparison with past years before the Tyler reading public.

Suffice it will be to relate a few particulars incident upon the opening of this year at this institution. During the past three days—the first of the New Year—the Tyler College has enrolled students from nine different States, and Prof. H. E. Byrne, president of the rapidly becoming noted Byrne System of Colleges, and personally manager of the Tyler branch, states that it is the best opening that has ever crowned their efforts to bring the up-to-date systems to the front.

The rate of enrollments for the first few days therefore justifies the belief that the attendance for 1906 at the Tyler College will exceed that of any former year by sufficient odds to evidence the good, substantial growth which this institution is experiencing.

Tyler people are proud of this institution, and justly so. It is one of the biggest things in Tyler and advertises this city over many states. The great benefit derived from the presence of several hundred students in this city—an average of nearly 1000 for a year—is unquestioned.

The college is in most capable hands and the management, at the beginning of this year, deserve to be crowned with honors for the phenomenal success attained since the establishment of the college here some seven years ago. In behalf of our citizenship as a whole, we salute the Tyler Commercial College, and express the

WHY KIDNEY DISEASE IS DANGEROUS.

Neglect of the First Warning Symptoms is the Prime Cause of so Many Deaths from the Dreaded Bright's Disease.

It is Easily Curable in the Early Stages.

Kidney diseases are so destructive to human life because they do not manifest alarming symptoms until the constitution is seriously weakened and the strength exhausted. Then, too often, the remedies employed by many physicians are of indifferent or doubtful value, and the patient rapidly sinks under the disease. The wisest course is to apply a reliable kidney and liver remedy on the first appearance of the symptoms. A little uneasiness in the small of the back, digestive troubles, bowel irregularities and disorder in the urinary organs are matters of small moment in the estimation of strong men and women, yet they have a serious meaning. They show clearly that the kidneys are suffering and need help, which must be forthcoming at once to prevent serious, perhaps fatal consequences. A few doses of Prickly Ash Bitters at this time would prove of incalculable value in restoring the weakened organs to health. An investment of one dollar in a bottle of Prickly Ash Bitters when the disease is yet in the early stage will save hundreds of dollars in doctor's bills, besides the suffering that would surely follow should the disease be allowed to fasten itself in the body. The excellent curative power of Prickly Ash Bitters is not confined to the first stages of kidney disease. It is equally efficacious in severe or chronic cases. Physicians have used it as a last resort, in cases that defied their best efforts, with the most brilliant results, and it has shown its superiority over the many so-called kidney cures, now being loudly advertised, in instances innumerable.

*Accept no substitute. Insist on having the genuine Prickly Ash Bitters with the large figure 3 in red on the front label.

Sold at Drug Stores, \$1.00 per bottle.

Singing Convention.

To all lovers of music:

The Anderson County Singing Convention, which was to convene last December at Judson, was postponed on account of the inclemency of the weather and sickness in the community until a more favorable time. So there will be a call session meet at Cayuga school house the third Sunday in January, or the 21st.

Cayuga school house is in the north-west part of the county, twenty-five miles from Palestine, on the Palestine and Wild Cat road, and is just a short distance from Judson church. Knowing the good people of Cayuga as I do, I feel sure all who attend will have a royal good time and a princely reception. Everybody is invited to be present. E. R. BURTON, Pres.

Also, Mr. L. J. Huffman, who is president of the Cotton Growers' Association of Anderson county, will meet the people of Cayuga Saturday evening, January 20th, at 3:30 o'clock, and address them on the subject of the association, afterwards organizing a branch of the same. By request. E. R. BURTON.

Dr. F. L. Davis is now extracting teeth with the use of cocaine by infiltration, making a safe and painless operation. Offices over Palestine Hdw. Co., Main street. 28-tf

hope that future successes will dwarf those of the past.—Democrat-Reporter, Jan. 4.

Some Recent Deals.

Through the A. F. Showerman agency the following deals have been consummated the past week:

The R. G. Gunn's 260 acres two miles out on the Concord road sold.

The G. B. Statts 100 acres one and one-half miles out on the Neches road sold.

1037 acre ranch near San Antonio sold.

Mr. Showerman is doing a lot of advertising, and he says he is getting good results.

Attention Soldiers.

Forward march. In order to be ready to march the executive board of the Saline Association must meet and lay out plans and employ a man to lead our hosts in the missionary work, therefore each and every member of said board is called to meet at the Avenue Baptist church Saturday before the 3rd Sabbath in January, at 2 p. m. sharp. Take due notice hereof and let it be so done. ISAAC SELLARS, Chairman of Board.
