INTERESTING ITEMS FOR HERALD READERS

Detroit, Mich.—Arthur Gladden, 58, a prosperous farmer of Dimondale, is dead of a broken heart. Owing to the ambition of his wife to move to the city, Gladden had sold his farm for \$8,000 and purchased a home in Lansing. When the time came to give up possession of the beautiful cottage and broad acres which had been his home so long, Gladden wandered from field to field, from stable to stable, taking last looks at all of which he thought so much. Climbing into the haymow, he covered himself in the fragrant clover, the strings of his heart snapped and he died without a word or a cry. When found, his face was still wet with the tears that had coursed steadily down his cheeks for the last week. It was found that the day before his death Farmer Gladden had offered to buy back the farm for \$1,000 more than he had received, but the offer was refused.

Blue Laws in Force.

Des Moines, Ia.—By order of Mayor Young of Clear Lake, no church bells ring out to call the faithful to prayer in this town on Sunday. A bitter fight has been waged there to enforce the Sunday-closing law and the mayor, determined to have an absolutely tight lid, has declared the ringing of bells to be a violation of the statute and a disturbance of the peace. Many townspeople are violently opposed to the "blue laws," a mob recently hanging Mayor Young in effigy.

Mother of Thirteen Small Quail.

Marysville, O.—Dr. E. V. Robinson of Plain City, this county, who claims the distinction of having rescued during his boyhood days Vice President Charles W. Fairbanks from drowning in the Big Darby Creek, near this city, is now becoming quite noted for his success in raising quail by hand. While driving a few weeks ago he came upon a quail's nest containing 13 eggs, which he carried back home and placed under a bantam hen. In just three weeks the little hen became the proud mother of 13 little brown quails. They are so small that a person could hold the entire covey in the palm of one hand.

At different times Dr. Robinson has raised no less than 25 of the birds, setting them at liberty when they are full grown. If raised where they cannot hide under bushes or brush they become as tame as chickens.

"The Dodger."

Lexington, Ky.—Crops of hay and corn in Central Kentucky are threatened by a dangerous parasite known as the dodger, which made its first appearance here this spring. Like the broom rape, which has caused thousands of dollars' damage to the hemp

and tobacco, this parasite clings to the stalk of the corn and hay and sucks its life from it. The Kentucky experiment station has taken notice of this parasite, and is endeavoring to find some means of stopping it before seeding time.

Raps Roosevelt.

Winona Lake, Ind.—Dr. S. Parkes Cadman, pastor of the Central Congregational church, in Brooklyn, N. Y., in an address on "The Modern Babylon" here, decried the strenuous life of President Roosevelt, roasted Richmond P. Hobson, slashed graft, greed and bosses right and left, and closed by advising his audience to beware of Babylon's fate. "What we need in a nation," said Dr. Cadman, discussing Roosevelt, "is not so much strong men in the White House, as strong men in every house of the nation. Virtue should never be backed up with a big stick."

Immortality.

Berkeley, Cal.—Dr. John E. McTaggart, former president of Trinity College at Cambridge, England, who has come to the State University to deliver a course of lectures at the summer school, gave an indication of his originality and daring as a philosopher when he announced to a group of conferees his belief that dogs and similar animals had souls and were immortal. "I certainly believe that dogs, horses and all animals that can be classified as of the higher order have souls and are immortal. I should be greatly surprised if such were not the case. Reason and logic indicate that the animals I have mentioned are possessed of souls and that they are immortal, as man is immortal."

"I am of the opinion that dogs, have intelligence and I believe that intelligence is immortal. It is difficult to draw the line and mark the division between animals that may be considered to have intelligence, warranting belief in their immortality, and animals that are not thus endowed."

Stuck to His Pledge.

New York.—Carrying out a pledge made to himself seven years before, when he stopped drinking, that if whiskey ever got the upper hand of him again, he would kill himself, Richard Hoffman, of No. 3 Third place, Brooklyn, became the third of five brothers to commit suicide in two years. Frank Hoffman died by his own hand in Prospect Park two years ago, and Herman Hoffman shot himself fatally in the presence of his mother six months afterwards. Their father, Henry Hoffman, is said to be wealthy and to have aided his sons to good positions. The old gentleman, despite his third bereavement by violence in so short a span, bore up well enough to spend two hours trying to console the widow of his son Richard and such of her eight children as were old enough to understand their loss.

Drink was the direct cause of Richard Hoffman's death. He became a slave to it 10 years ago, but after

ROOSEVELT TO BE AT PROVINCETOWN

Provincetown, Mass.—The cornerstone will be laid here Tuesday for a monument to commemorate the landing of the Pilgrims, and Provincetown is putting on her best bib and tucker in anticipation of the occasion. It is expected to be one of the most memorable celebrations Cape Cod has ever seen. President Roosevelt will be here, together with Governor Guild and other notables. Many ships of the North Atlantic squadron have already dropped into the harbor ready to do their share in making the celebration one long to be remembered.

The presidential yacht Mayflower will drop anchor about 10 o'clock Tuesday morning inside Long point, where the original Mayflower is supposed to have landed the Pilgrim fathers 287 years ago. The president will be welcomed by Governor Guild and the local committee. After landing the visitors will be escorted to the top of Town hill, where the ceremonies of the day will take place. The Massachusetts grand lodge of Masons will be in charge of the exercises. In addition to President Roosevelt, the speakers will include Ambassador Bryce, Senator Henry Cabot Lodge, and Governor Guild. A banquet and literary exercises in the town hall.

three years he stopped drinking abruptly and said he would end his life if liquor ever got a hold on him again. That he might be prepared to make good his threat against himself at any time he kept a bottle of carbolic acid on a shelf in a dining room closet, warning his children not to touch it and telling them it held enough poison to kill several people.

At 6 o'clock in the morning he awoke his wife and told her he felt craving for liquor stealing over him again. Two hours afterward he disappeared from the house, and when he returned at 1:30 it was plain that he had been drinking heavily. He was reproached for yielding to drink again. This infuriated him, and in a few strides he reached the closet where he kept the poison and before any member of his family reached his side he swallowed all the contents. He died as he was being taken into the hospital.

DIRT FOR SALE.

From one to four blocks, delivered, 14 cents a load; 4 to 6 blocks, 20c; 6 to 10 blocks, 25c; 10 to 15 blocks, 30c; 15 to 20 blocks, 50c. Offer good until 28th. Apply at corner of Oak and John streets. T. P. Moore.

DECLINED THE CALL.

Rev. L. D. Sparkman Announced His Decision to Remain in Palestine.

Yesterday from the pulpit of the Avenue Baptist church Rev. L. D. Sparkman announced that he had declined the call from Houston and would remain in Palestine.

This is good news for that congregation, and for all Palestine, for Rev. Sparkman is a universal favorite among the church people and others in Palestine, and his going would have been a decided loss to the Palestine religious circles. He has made the Avenue Baptist church a splendid pastor, and his continuance as such is guarantee that the work of this church will proceed most satisfactorily.

LETTER TO D. M. BARRETT

Palestine, Texas.
Dear Sir: Say milk is worth 8c a quart.
If 1-3 water and sold at 8c, the milk in it fetches 12c a quart.
If 1-2 water, 16c.
If 2-3 water, 24c.
If 3-4 water, 32c.

Water too stiff for milk; but watered paint is sold in all those proportions.

Pure paint (Devco) is sold for \$1.75 a gallon.

"Paint" at that price and 1-3 white-wash fetches \$2.62 a gallon for the paint part of it.

"Paint" 1-2 whitewash fetches \$3.50 a gallon for the paint in it.

"Paint" 3-4 whitewash fetches \$7.00 a gallon for the actual paint it contains.

And people are paying all these prices for paint, when they buy adulterated paints. There are 200 such; only 8 pure paints; only one Devco.

Yours truly
F W DEVCO & CO

Knights of Khorassan.

Colorado Springs, Colo., Aug. 18.—Every arriving train is bringing large delegations to the national convention of the Knights of Khorassan, which is to begin its sessions here Tuesday. The Khorassans form the social and fraternal adjunct to Pythianism in the same manner that the Mystic Shriner are the spectacular branch of Masonry. The organization has nearly 150 temples in various parts of the United States and an aggregate membership of 22,000.

The social and entertainment features form an important part of the convention program. Tuesday evening there is to be a grand ball and reception in honor of the delegates and the ladies. The big parade and prize drill will be held Thursday. Other features of entertainment arranged for the visitors include trips to the Garden of the Gods, Manitou, Pike's Peak, Cripple Creek and other places of interest in this vicinity.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with an enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old."

Avenue Drug Store.

The Coming Races.

Great preparations are being made for the races at the fair grounds on Labor Day, and a splendid program is now assured. There will be a number of running races, besides trotting and pacing.

This event is going to be made better than the last held at the fair grounds, which was reported a splendid success in every respect.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. E., of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me."

Avenue Drug Store.

Who is the Best Cook?

In order to ascertain who is the best cook in Palestine the Gas Co. will give a \$17.50 Gas Range free of charge to the lady receiving the most votes; all votes to be deposited at the Gas Company's office, where list will be posted each Saturday, showing number of votes each lady has. Contest closes Sept. 1st. Or if best cook has a range we will pipe five rooms complete with fixtures. "Gas the light that lights."

I vote for

as being the best cook in Palestine.
