Died at Neches.

Mrs. P. W. Ezell of this city died yesterday afternoon shortly after 5 o'clock, at the home of her son, Mr. Claude Bell, at Neches, where she was visiting. Mrs. Ezell died of pneumonia, which had a quick and fatal termination. A phone message from Neches yesterday stated that the good lady was getting along nicely, but a later message announced her death, which was very sudden. Mr. Ezell was at his home here, and he and his daughters, Mrs. Frank Matthews and Mrs. James Copeland, and son, P. B. Ezell, went to Neches on the early morning train. Rev. A. D. Sparkman of the Baptist church was also a member of the party, and conducted the funeral, which was held in Neches this afternoon at 3 o'clock. Other relatives and friends went up on the afternoon train to be present at the funeral. The death of this good lady was a great shock to her family as well as a large circle of friends, and the husband has the sympathy of his host of friends. Mrs. Ezell was a splendid woman, and was loved by all who knew her.

ANYONE CAN MIX THIS AT HOME

FINE PRESCRIPTION TO RELIEVE
RHEUMATISM AND KIDNEY
TROUBLE.

A large New York health publication tells its readers of a number of simple and safe prescriptions that can be made at home. The following, however, for the cure of rheumatism and kidney and bladder troubles receives the greatest praise, viz.: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is further stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic afflictions, relieving the aches and pains and reducing swellings.

A well-known local druggist states

that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these sponge like organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

Cut this out and hand to some sufferer which would certainly be an act of humanity.
