**CATHOLIC CONGRESS BY SLOW POISONING**

Opens In Chicago With Very Large Attendance, Largest In History of the Country.

Special to the Herald.  
Chicago, Nov. 16.—Two thousand delegates have arrived here to attend the opening of the first American Catholic missionary congress. Seven archbishops, fifty-one bishops, eight mitred bishops, and nine hundred priests make up the largest gathering of Catholic clergy in the history of this country. Archbishop Quigley of Chicago and Archbishop Falconio, papal delegate, made the principal addresses at the opening session today.

**Race Riot Threatened.**  
Special to the Herald.  
Okmulgee, Okla., Nov. 16.—There

is believed to have been the means of death for the Dowager Empress of China.

Special to the Herald.  
London, Nov. 16.—It is generally believed that the death of the Chinese dowager empress was due to slow poisoning. The fact that her death occurred at a psychological moment to prevent disorders over the succession is regarded as sufficient proof that she was removed. At present the Chinese outlook is regarded as peaceful, but it is believed there will be serious disorders if Chun, as regent, attempts any advanced measures.

day of the death of Mr. Wilfred M. McDonald of St. Joseph, Mo., which occurred on that date. Deceased was the son of Mr. and Mrs. Wilfred McDonald of Palestine, and a brother of Mrs. Frank Markle. The many friends of the Palestine relatives extend sympathies in this loss.

**TEXAS NEWS NOTES.**

Pulpits in Waco were occupied yesterday by Methodist ministers.  
Orange Baptists are preparing to build a \$15,000 church.

The president of the American Book company and his attorney are in Austin.

Mrs. Zehner, in her temperance address at Houston, declared that the city police are the greatest grafters in the world.

The report of the land commissioner is expected to result in a sentiment for the protection of the school lands from further encroachments.

It is expected that so great will be the interest in the Pierce trial in January that difficulty will be experienced in maintaining a quorum in the legislature.

Drinking clubs are to be attacked by the Texas legislature.

The whole Texas Railroad Commission may attend the hearing of the Interstate Commerce Commission at San Antonio.

Baptists attending the general convention at Fort Worth occupied the pulpits and made several conversions.

Jas. F. Brook, architect and engineer. Room 25, Link Building. 1t

is danger of a race riot following the killing of four officers and the serious wounding of eight others by Jim Deckard, the negro desperado, whom the officers were trying to arrest. Deckard was finally taken after the house in which he took refuge had been fired. The feeling here is very high, and there is danger of further trouble.

**GOVERNOR'S RETURN TO AUSTIN**

Expected Soon on Account of the Message to the Legislature.

Austin, Texas, Nov. 15.—The governor went to Mineral Wells to spend two weeks, which leaves another week for his excellency to remain at that resort. It is not known exactly when he will return to Austin, as he has a habit of doing as he pleases regardless of physician's orders. The governor will necessarily commence the preparation of his message to the next legislature in the near future if he would have it completed in time, as great study and care are usually given to such work. It is therefore expected that he will return to Austin before very long and start on the work, unless he should fail to continue to improve. His physical condition might prevent him from engaging in the work for some time yet, though such a thing is not believed to be imminent.

**Root Will Accept.**

Special to the Herald.  
Washington, D. C., Nov. 16.—Secretary Root announced today that he will accept the senatorship from New York if the legislature elects him.

dowager empress of China, the autocratic head of the government which she directed without successful interference since 1861, and without protest since 1881, died at 2 o'clock this afternoon.

The announcement of the dowager empress' death was officially followed closely upon the announcement that Kuang Hsu had died yesterday at 5 o'clock in the afternoon, but it is believed the deaths of both the emperor and dowager empress occurred a considerable time before that set down in the official statements. An edict issued at 6 o'clock this morning placed on the throne Pu Yi, the 3-year-old son of Prince Chun, the regent of the empire, in accordance with a promise given by the dowager empress soon after the marriage of Prince Chun in 1903. An edict issued on Friday made Pu Yi heir presumptive.

The foreign legations were notified this morning by the foreign board of the death of the emperor and the succession of Prince Pu Yi. Troops have been in readiness for several days to quell any disorders that might arise on the death of Kuang Hsu and the possibility of uprisings which were made greater because of the fact that the death of the dowager empress was known to be close at hand. Two divisions of troops have been in reserve and those are now stationed in various quarters of the city. Twenty gendarmes were dispatched to guard the approaches to the legation, but up to the present the duties of the forces have been slight.

Prince Chun, the regent, has ordered the viceroys and governors to take precautions for the continuation of the administration of provinces as

heretofore and he has ordered one hundred days of mourning. The court will go into mourning for three years.

Pekin has already been greatly transformed, all red objects having been removed and blue substituted. The people learned this evening of the death of the dowager empress, and although the Chinese are in no wise emotional, they showed they were profoundly impressed by the passing of their powerful ruler. The foreigners in the city are watching the strange ceremonies with great interest. At the palace elaborate rites are being observed and a flood of edicts has been sent forth.

**SIX FEET OF WATER AT DALLAS.**  
Lock and Dam No. 1 to Be Completed Within the Next Month.

Dallas, Texas, Nov. 15.—Capt. A. E. Waldron of the United States Corps of Engineers, in charge of government engineering work on rivers in the Dallas district, announced that the lock and dam No. 1, on the Trinity river, thirteen miles south of Dallas, would probably be completed and turned over to the government within one month. The lock and dam will then be operated by the government.

It will back the water up to a depth of six feet in the Trinity as far as the foot of Commerce street, Dallas, and all boats drawing six feet or less may navigate the stream.

Capt. Waldron returned today from a week's inspection of river work on the lower Brazos. He said that the snag-removing plant operating below Richmond is entirely inadequate, is not doing its work properly, and he will probably recommend a new snagging plant.

**MEXICAN SOLDIER KILLED.**  
He and Another Soldier Had a Fight With Bayonets.

Brownsville, Texas, Nov. 15.—Two Mexicans, soldiers in the barracks at Matamoras, just across the river from here, in a difficulty late this afternoon were badly slashed about the face, one of them finally killing the other. After running away from the barracks the survivor was arrested by one of the officers. He attacked the officer with his bayonet, wounding him seriously in the wrist, but was finally overpowered and landed in jail, the officer using his sword effectively in arresting him. Bayonets were used by both Mexicans. The cause of the trouble is unknown.

**Get the Habit—Cook With Gas.**

**DECISIONS IN THREE CASES.**

**Supreme Court Expected to Pass on Important Questions.**

Austin, Texas, Nov. 15.—Much interest attaches to next Wednesday's session of the supreme court because of three important cases under advisement, besides numerous others of interest, opinions in all of which may be handed down, or only in one or two cases. In the first place, the Brownsville line differential matter is pending on an application for writ of error. The appellate court sustained the trial judge in his conclusions that the differential applying against Galveston and points on the St. Louis, Brownsville & Mexico on shipments between Galveston and said points was discriminatory and unreasonable. Application for writ of error has been filed and has been pending for more than a week. It may be acted upon by Wednesday. Even if granted, it only means that the supreme court will review the case and write an opinion therein itself. Of course, if the writ of error should be refused, Galveston would come into her own at last, and the matter finally affirmed.

Another case of state-wide interest is that of the school district tax and bond case. The court held the tax unconstitutional, but the state made a motion for rehearing, and also had included the question of the validity of the school district bonds. The appellate court at Fort Worth condemned both tax and bonds, but the bond question was not raised in the original certificate of dissent. The attorney general is contending that even if the court should adhere to its former opinion that the tax is void, the bonds can and should be upheld. The court has had the case under advisement for some time and a decision is expected Wednesday.

The church people over Texas are looking to Wednesday's proceedings because of the final issue between the unionists and non-unionists of the Presbyterian church. Interest in that case is not confined to Texas alone, but to other states, and lawyers from outside states appeared on both sides of the case in its submission before the supreme court several weeks ago. The controversy started in Marlon county, and the supreme court will soon finally decide whether the unionists or non-unionists are legally right.

**THE MIGHTY POWER OF MI-ONA.**

MI-ona, that extraordinary and perfect stomach tonic, will relieve dyspepsia in twenty-four hours.

It will cure, and is guaranteed by Bratton Drug Company to the readers of the Herald to cure the most pitiful cases of dyspepsia, if taken according to directions.

MI-ona cures by strengthening and invigorating the flabby stomach walls, and after a course of MI-ona treatment, constipation, if there is any, will entirely disappear.

Read this from the president of a New York corporation:

"I have been a terrible sufferer from dyspepsia and gastritis for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your MI-ona tablets. The first one gave me a relief almost incredible."—Herbert H. Taylor, 501 West 143 street, New York City.

MI-ona is a most economical treatment—a large box of tablets only costs 50 cents at Bratton Drug Co., and the dyspeptic, nervous or otherwise, who does not give them a trial, is losing an opportunity to regain health.

A full line of suits, iron beds, springs and mattresses at Wyatt & McInnis. 12-6t
