Governor Stubbs of Kansas May Par don Eldorado Woman Convicted of Murder.

(Herald Special)

Topeka, Kas., Dec. 21.-A pardon from Governor Stubbs may be received as a Christmas gift by Jessie Morrison, the Eldorado murderess, who is serving a sentence of twenty five years in the penitentiary. Ever since the prison gates closed behind the young woman seven years ago un remitting efforts have been made to secure her release. Men and women of wealth and influence have been active in her behalf. Foremost among these was the late Col. Ben. T. Murdock, the Eldorado editor and brother of Congressman Victor Murdock, who declared shortly before his death that one of his geratest ambitions was to secure the freedom of Jessie Morrison, Had Colonel Murdock lived a few month's longer it is extremely probable that he would have seen his ambition realized, for it is generally believed that Gover Stubbs has about made up his mind to pardon the young woman and will take action in the matter at an early date. It is a known fact that Mr. Stubbs himself was inclined several years ago to join the movement for a pardon for Miss Mor rison, but since his election to the governorship he has besitated to take any hasty action in the matter. Recently a petition signed by many of the foremost citizens of Eldorado has been presented to him, asking for the pardon of Miss Morrison. To this has been auded the pleadings of a number of the governor's most intimate friends and advisors. In view of the strong pressure that is being brought to bear upon him it is regarded as almost a certainty that Governor Stubbs will grant the young woman a pardon at an early date.

The case of Miss Morrison is one of the most noted in the criminal records of Kansas. There has never been any question of her guilt of the murder of Mrs. Clara Castle, but those who have urged mercy in her behalf have based their pleas on her age, her sex, and the further fact that the conduct of Olin Castle, husband of the victim, had been such as to arouse Miss Morrison to a frenzied passion.

Miss Morrison was in love with Olin Castle. They were employed in the same store in Eldorado and were enaged to be married, a Voling woman named Clara Wiley. Shortly there after Miss Morrison went to the Castle home and the two women engaged in a death struggle. Mrs. Castle's throat was cut with a razor from ear to ear and she died a few days later.

Jessie Morrison was charged with the crime. She pleaded self-defense, The jury disagreed at the first trial. At the second trial she of manslaughter and sentenced to five years. Her attorneys appealed and the supreme court reversed the decision. At the third trial she was convicted of murder in the second degree and given twenty-five years in prison. The supreme court affirmed this decision.
