AS TO MR. COLQUITT.

Mr. Colquitt, candidate for governor of Texas, and who spoke here Saturday afternoon, is easily the most illogical debater of all of the candidates. And we shall undertake here to show why this is so. We shall be perfectly frank with Mr. Colquitt and if we cannot outreason him in the premises we shall leave the reader to and not before. Submission offered, go with him and accept his position. There are only two propositions or issues discussed by the gentleman in his speech here. The first was that n was wrong as proposed by cratic party, and the se

was that statewide prohibition is wrong because you cannot make men good by law. That is all of the issue he discussed.
